Headlines through the year have announced that Gerstenberger has become a sensation. Now, in the minds of everybody the biggest question is: will he continue to play at the University of Notre Dame and not take a job in the NFL?

The idea is that Gerstenberger has been the biggest star of the year. He will be at a press conference this week and will play in a game against the New York Giants in November.

Why Did Saturday Review
Select Our State College?

The general reaction has been one of surprise at the omission of our state college from the list of colleges selected by the Saturday Review's editorial board. Why did the Review not name our state college?

We feel that it is important to clarify the reasons behind this decision. The Review's editorial board was not informed about the criteria or standards that it used to select the colleges.

We request that the public express their opinions of the Review's decision. We believe that the Review should make its selection process more transparent and open to public scrutiny.

The bill is in response to a petition submitted by a coalition of Democratic and Republican leaders. They believe that the current election calendar is unfair and不利于 the state's political process.
