NYPIRG Sues Legislators

by Judy Seeger

The New York Public Interest Research Group (NYPIRG) has come to the Supreme Court in New York State with an unusual request. The group is asking the court to stop them from being sued by legislators who believe they have been underpaid.

NYPIRG is seeking to stop the payments from being made to legislators who have not yet been paid for their services in the current legislative session. The group argues that the payments are not legitimate because they have not been approved by the court.

The payments are made to legislators who have not yet been paid for their services in the current legislative session. The group argues that the payments are not legitimate because they have not been approved by the court.
Acid as Alternate Army Weapon

WASHINGTON (AP) — The army's chemical and biological general said Monday that men in uniform would have to make a decision about whether to use sulfuric acid against enemy forces. General Albert R. (Nick) Nathe, chief of the army's chemical and biological weapons, said that the army would have to consider the use of sulfuric acid as an alternative to nerve gas.

The decision, he said, would depend on a number of factors, including the enemy's use of chemical weapons, the availability of other weapons, and the potential for civilian casualties.

Sociology Gains Chairman Loses Phd Program

by Marc Love

SUNYA's Sociology Department recently lost its chairman, Dr. Richard T. Bencz, to another position. Prior to the loss of Bencz, the department was led by Dr. Farrel, who was chosen out of the department this year. Despite this change, the department continues to operate efficiently.

Farrel was chosen out of the department this year. Despite this change, the department continues to operate efficiently.

New Student Affairs Dean Seeks to Familiarize Students with Services

By Joan Altmann

SUNY is "not knowing about the services at the university." Thus, special international meetins are to be held, and a special student drop-in center will be established. The center is scheduled to open in about two weeks.

As part of a coordinated effort begun this spring, personnel of the Counseling Center will extend orientation services to the student body. The services will be provided by the Student Affairs Office, University College, as part of its ongoing efforts to familiarize students with the university's services.

Students may now use the Office of Student Affairs, which currently serves as a resource center for administrative problems they may be having. The Office is open from 9 a.m. to 5 p.m. daily.

New Keys Costly

By Bonn Niguer

A new system of student keys, known as the "New Student Key System," was introduced last spring. The system was designed to simplify the process of issuing keys to students and to ensure that each student has the correct key for his or her dormitory.

The system consists of a central key box located in the Student Affairs Office, which contains all the keys for the various dormitories. Each student is issued a key card, which is programmed to open the door to his or her dormitory. The key card is also programmed to allow access to other areas of the building, such as the library and the student center.

The system has been well-received by students, who find it easier to keep track of their key cards and less likely to lose them.

Equal Opportunity Program

A new program, known as the "Equal Opportunity Program," has been launched. The program is designed to help students find jobs and to provide them with training and support.

The program includes a job placement service, which helps students find employment. It also provides workshops on job search and interview skills, as well as training in resume writing and interviewing techniques.

The program is open to all students, and it is free of charge.

Central Council News
Committee Structure Revamped, Food Committee Made More Responsive

By Daniel O'Connell

Although the student newspapers continue to publish stories critical of the Central Council, the council has taken steps to improve its structure and functioning. These steps include the creation of a new committee structure and the addition of a food committee.

The new committee structure consists of five standing committees: the Student Activities Committee, the Finance Committee, the Academic Affairs Committee, the Government Relations Committee, and the Student Life Committee. Each committee is responsible for a specific area of the university's operations.

The food committee has been established to address concerns raised by students about the quality and cost of food on campus. The committee will be responsible for overseeing the operation of the campus dining facilities and for ensuring that the food is of high quality and reasonably priced.

There will be a general interest meeting of the Club before the holiday begins. All are welcome. Please call 7-7923 or 7-4997. Last minute arrangements include a 6 mile boat ride, lodging in student cabins, food, and a guided tour of the Island. We will be contacted by Delta Sigma Pi Sept 10 at 8:00 p.m. in 273-6477 or Howie at 272-3553. The Chinese Studies Club invites you to its first meeting of the year on Thursday, Sept 11 at 8:00 p.m. in the Patroon lounge. Like to throw a Frisbee? There is a team sport called Fiction Science. Every Thursday at 7:30 p.m. in the Patroon lounge. Meet a remote engineer. Although it is a non-paying job, there are positions for people interested in learning the business of radio. The University Orchestra held every Tuesday one hour. Boggle the imagination! Learn the secrets of Collation! Bring your dictionary. Anyone who is living on Srafe Quad this year would like to work for the Special Education.
To the Editor:
Several months ago, Governor James Rhoads, various officials, and the National Guard involved in the shooting at Kent State have found themselves in a sorry plight. The statewide investigation was set up by the Governor to clear the Guard of any guilt about the shootings.

Why is it that even though we as a nation are as far apart as our state can make us, when we the people are asked to serve in the military, the suburbanite and the inner-city resident are placed directly into battle? The fighting has been far enough from the New York City area, where I was stationed, to make the question of whether to support a military invasion of Cambodia or not irrelevant to me. But the question of whether or not to support the invasion is irrelevant to the people living within the state boundaries and under the military law of the state of New York.

Jim Close

SUNYA

Same Old Thing

To the Editor:
I was a small, compact science major and I am also a second. I am presently enrolled in the linear algebra course which is taught at SUNYA by Mr. Deutschman. He has also taught organic chemistry and physics, next was calculus here at SUNYA say the same things and have the same raps in the same situation year in and year out. This is a rather boring situation to me. I am presently enrolled in the linear algebra course.

Under the Sheets of Liberation

By Elaine Finkel

To the Editor:
Perhaps you might consider printing an article advocating sexual responsibility. You seem to me to be rather mindless in your articles on drinking, beer, alcohol, etc. You speak of drinking Price Chopper beer. You should consider the fact that the athletes in our great Ivy League schools are being driven to drink.

Beer Bill

To the Editor:
The Student Association has failed more than twice of late to pass any bill it wanted passed. It wasn't more than a month before the legislature adjourned that it was going to pass a beer bill. It is a measure that was first introduced two years ago.

It is about time that the students were allowed a beer bill. The students have been subjected to so many bills that it really seems like the legislature is out to get you. The students have been underpaid and have had no say in the government of their university. This is a measure that was first introduced two years ago. It is a measure that was first introduced to the legislature two years ago.

On Wasted Time

by James A. Hyneman

Don't be too calculating. Don't be too sophisticated. There's too much to learn in the world to waste your time acquiring that which you already possess.

There is a divine inspiration to the sin, and many men and women who have been through a school in this country. From the beginning of the present century, France has been the home of a movement that has brought to the fore the realization that mass propaganda is the tool of the movement, and that the masses themselves are the real force behind the movement.

If you were to ask me what I would like to see in the future, I would not hesitate to say that I would like to see a return to the simple, rural life that we enjoyed in our youth. I would like to see a return to the values that we held dear in those days.

I cannot tell you how often I was penalized for taking a frivolous language like Spanish. Instead, I would have been encouraged to do the same thing I was penalized for doing now, which is to study the French language. It is a difficult language, but it is a rewarding one. I believe that the French language is the most beautiful language in the world, and I am sorry that I was not given the opportunity to study it in school.

I am not saying that they don't matter. They matter a great deal. They are the ones who will shape the future of this country.

The king, however, sold him to death. Either. Such a thing does not happen to a young man of eighteen. I would not even have had the opportunity to write a book about my experiences. If I had been able to write a book about my experiences, I would have written about France, and if I had taken that opportunity, I would have been able to write a book about France.

'Hearts and Minds': Provoking

Albany State Cinema's first major "Hearts and Minds," a more sophisticated entertainment in the conventional sense, opens at the same time as "Selling of the People," a new production by the Albany State College. The film was two years in the making, with filming on location in several states. The film was produced by Bruce Connolly and consisted of interviews with people from all walks of life. The film was released in May, and it has been well received by critics and audiences alike.

"Selling of the People," says of "Hearts and Minds". "It was not the kind of film that would go over well in a normal theater, but it was the kind of film that would be a hit in a college setting. The film was well made, and it was well received by the audience. I think that the film is an excellent example of how a documentary can be made.

The film was a turning point in my career. It was the first time that I had written a book, and I was able to write about my experiences. I was able to write about France, and if I had taken that opportunity, I would have been able to write a book about France.

I cannot tell you how often I was penalized for taking a frivolous language like Spanish.

**Danes' Offense Solid**

By Cnlf Bell

Last year the Danes were 6-6, so you can understand how well the ball was turned over.

This year, the Danes are looking forward to turning the ball over.

According to Ford, DeBlois said, "We can't fully recover from a turnover, or from any other mistakes. If we don't turn the ball over, we may win this game."

The Danes are expected to have a good offensive line, led by seniors Curran and DeBlois. These two, along with tight end John Russell, are expected to help the Danes average over 300 yards a game.

The Danes are coming off a loss to the University of Maine, but they are back in the swing of things. Coach Ford said, "We're looking to bounce back this week."
Batters' Dropener, 6-2

John Bello hit the opening goal for the Tours and he and Otis Aiman scored before Tom Monahan scored for the first time in the third. Bello scored in the fifth inning and had one goal in the second.

Albany, however, was purple with the opportunity after appearing to get the chance to get the game going again in the second hour.

The Tours scored on an unassisted goal from the left hander, and two minutes later, Monahan scored on a body check from the left hander.

The Tour's back up the scoring with one goal in the third, and one minute later, Monahan scored on a body check from the left hander.

Bello scored again in the fourth, and Monahan scored on a body check from the left hander.

Bello scored again in the sixth, and Monahan scored on a body check from the left hander.

The Tours scored again in the seventh, and Monahan scored on a body check from the left hander.

Bello scored again in the eighth, and Monahan scored on a body check from the left hander.

Bello scored again in the ninth, and Monahan scored on a body check from the left hander.

Bello scored again in the tenth, and Monahan scored on a body check from the left hander.

Bello scored again in the eleventh, and Monahan scored on a body check from the left hander.

Bello scored again in the twelfth, and Monahan scored on a body check from the left hander.

Bello scored again in the thirteenth, and Monahan scored on a body check from the left hander.

Bello scored again in the fourteenth, and Monahan scored on a body check from the left hander.

Bello scored again in the fifteenth, and Monahan scored on a body check from the left hander.

Bello scored again in the sixteenth, and Monahan scored on a body check from the left hander.

Bello scored again in the seventeenth, and Monahan scored on a body check from the left hander.

Bello scored again in the eighteenth, and Monahan scored on a body check from the left hander.

Bello scored again in the nineteenth, and Monahan scored on a body check from the left hander.

Bello scored again in the twentieth, and Monahan scored on a body check from the left hander.

Bello scored again in the twenty-first, and Monahan scored on a body check from the left hander.

Bello scored again in the twenty-second, and Monahan scored on a body check from the left hander.

Bello scored again in the twenty-third, and Monahan scored on a body check from the left hander.

Bello scored again in the twenty-fourth, and Monahan scored on a body check from the left hander.

Bello scored again in the twenty-fifth, and Monahan scored on a body check from the left hander.
