Student Union Board is sponsoring a "New Girl in Town" to feature Broadway Costumes, Student Cast, Crew Complete Musical Production

State College Review Offers Adaptation of O'Neill Play

Wives Movie Club will present a "Little Broadway" tonight at 8:00 p.m. when the curtain goes up on the specially commissioned musical "New Girl in Town". Under the direction of Kenneth Smith '59, the show will be presented tomorrow evening.

An adaptation by George Atti and Robert Merrill of Eugene O'Neill's "Anna Christie," New Girl in Town played for one successful year on Broadway and won "Tony" awards for stars Glenn Tryboll and Thelma Todd.

"NEW GIRL IN TOWN" opens on Thursday at 8:00 p.m. with "THINKLISH" following on Wednesday evening. "THINKLISH" is a musical adaptation of "Lilac Time."

Pick a Number...

Once again an amendment to Student Association Constitution to change the requirement for President and Vice-President of SA has been proposed. Once again the usual pajama reasoning for and against will be advanced. And once again the most important point will be almost completely lost in the legislative mumbo-jumbo.

Our friends in government need to remember that we need more interested students running for these positions. There are many interested and qualified students who just don't run in these elections. They could not run because they did not have the time to prepare and present. A change in the Constitution will make it possible for more of these students to be interested and involved.

We note with great interest that Union College is handing out overlays only on the basis of their personal semantics, but not for school leadership as well. The theory behind that is the absence of elected representatives as is used at Phi Beta Kappa. Also, it is accepted that in one can manage to keep a passing average and still spend enough time in extra-curricular activities be a good person for a scholarship.

We feel that the best way to say that this school should follow what others say, at least not on blind faith. We do say, however, that other people's ideas are not always good ideas. Certainly we agree that it is very difficult for a person who spends much time working with extra-curricular activities to be a good person for the job. There might have been better people around, however who could not run. If so, we have made a mistake in not letting them.

The people who could get hurt by this mistake are the members of SA. Likewise are the people who care.

Coffee, Anyone?...

Myskania consists of thirteen members of the Junior Class who are supposed to be the best of their class. You, the student body, elected them for their interest and participation in school. Now, they are capable students, wearing black coats and serving coffee at the cafeteria parking party. All right, as many are disagreement.

In several weeks you will be asked to vote on an amendment to give Myskania the guardianship of the freshmen class. Yes! By giving the guardianship to Myskania, they will have a system of checks and balances to be set up. The student body checking up on each other will do a better job of it than the student body checking on each other. They will have! Politics will be eliminated if Myskania is in charge of the freshmen appointment.

Furthermore, realistically those are the students who have done the most for the school in their three years here. They have the most experience and have proven themselves for activities here at school. Now they are all there, and what do we do? We elect them! We take the capable people from this very important school project because they're Myskania, they're 'An Amcrican' and capable.

Give someone else a chance. Why? For a change it's either the leadership we have had here is the same as we have been doing. WHERE have we kept leadership in house? Remembe that 20 is the constitution?
Survey Reveals Facts, Figures On Education

A survey conducted among students at several universities revealed some interesting statistics about education in general. The survey, which was conducted among students at the University of California, Berkeley, revealed that

- 70% of the students thought that education was too expensive.
- 65% of the students believed that the curriculum was outdated.
- 80% of the students felt that the teaching methods were not effective.
- 55% of the students expressed their desire for more interactive learning.

Professor Discusses Possible Organization of Drill Team

In his recent lecture, Professor Smith discussed the possibility of creating a new organization for the drill team. He proposed the creation of a "precision drill team," which would perform coordinated routines using modern dance and synchronized movements. The team would be trained by experienced instructors and would represent the university in various events and competitions.

Education Groups Meet Together

The Education Club and the Education Association held a joint meeting last week to discuss issues of mutual concern. The meeting was attended by members from both groups, who shared their ideas and concerns. The meeting was a success, and both groups agreed to continue working together on future projects.

HIP, HIP, HURRAY for the GREYHOUND way to save money!

Out and about town, you've heard of the GREYHOUND bus service. It's the least expensive and most convenient way to go... no matter how far you have to go! GREYHOUND now has a special "student" fare plan. You can travel by bus anywhere in the continental United States for as low as $1.50 one-way. This plan is available to students with a proper identification card. GREYHOUND also offers a "senior" fare plan for those over 60 years of age. In addition, GREYHOUND offers a "family" fare plan for up to four family members traveling together. This fare plan saves you even more money.

Notice

Your attention is invited to the GREYHOUND "Travelers' Guide," which is available at all GREYHOUND stations. This guide provides information on how to use the GREYHOUND service, including how to purchase tickets, how to find the nearest station, and how to make the most of your trip.
