Open Tourney into Semi-Finals; One Man Left

Garielli Defeats Conte, Ferber Next Opponent

While it is not absolutely certain, it is believed that a single round of tennis will be played this afternoon. The Tourney was postponed last week because of the rain. As the rules have been newly interpreted, the last man is left in the competition. Garielli defeated Conte, and Ferber will face the next opponent.

At home or abroad, when the American soldier says that a "シラにコラ" is a neighbor, he's more than likely referring to the familiar beverage, Coca-Cola. Whether it's in Kansas or the Outback, a cold Coke is an American tradition that transcends borders.

Commuting Problem

As another year begins, the old problem of commuter life comes up. Some students are not afraid of it, but others are. The majority of people who have commuted are probably not afraid of it. There are some that are afraid of it, but most are not afraid of it.

There are some that are afraid of it, but most are not afraid of it. If you're using the train you should get off at the nearest station and walk the rest of the way. If you're using the bus you should get off at the nearest bus stop.

The time is now

The time is now. The time for us to come together and face this problem. We can't afford to wait any longer.

We're all going to be here soon enough, so we might as well start preparing for the future.

Where we meet...

War Fronts

Today I want to talk about the importance of all of us working together. We can't afford to work alone. We need to work together. We need to help each other.

If you're working alone, you're working against the system. If you're working together, you're working for the system.

Stokes Reveals Orientation Plans

According to Dr. Ellen C. Stokes, associate editor of the NKWSS, the first class orientation will be held Wednesday, October 13, at 8:00 p.m. in the small auditorium on the second floor of the State College Union. All students are encouraged to attend.

The contests are open to all students, and in addition to the usual activities, there will be a dance and a lecture by Dr. Stokes. This is an excellent opportunity to meet new people and get to know your classmates.
