NOSE, THROAT, and Accessory Organs not Adversely Affected by Smoking Chesterfields

A responsible consulting organization has reported the results of a continuing study by a competent medical specialist and his staff on the effects of smoking Chesterfield cigarettes.

The group of people from various walks of life was organized to smoke only Chesterfield. For six months this group of men and women smoked their normal amount of Chesterfields—10 to 40 a day. 45% of the group have smoked Chesterfields continually from one to thirty for an average of 10 years or more.

At the beginning and at the end of the six months period each smoker was given a thorough examination, including X-ray pictures, by the medical specialist and his assistants. The examination covered the sinuses as well as the nose, ears and throat.

The medical specialist, after a thorough examination of every member of the group, stated: "It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-month period by smoking the cigarettes provided."

COMMUNICATE... Minnie's Kids

VEIL, VEIL, VEIL!

...This is the first installment of a series of the Minnie's Kids column. It has been said that Minnie is a very special lady with an unusual talent. Minnie has the ability to make beautiful veils out of almost any material. She has been working on a new design for a veil that is to be worn at the upcoming wedding of the President of the College. The veil is to be made of silk and embroidered with gold thread. Minnie is working night and day on this project, and it is said that the final product will be truly stunning.

The President of the College will be honored with the veil at a special ceremony on November 10. The ceremony will be attended by the faculty, students, and guests from the surrounding community. It is a fitting tribute to the President's many years of service and dedication to the College. The veil will be a symbol of gratitude and appreciation for all that the President has accomplished.

Communication...

...With the closing of the fall semester, the Student Union Dance is set to take place on November 12. The dance will be held in the Student Union Ballroom and will feature live music by the popular local band, the Night Owls. Admission is free for all students, and there will be a cash bar available.

The dance is open to all students and will be a great opportunity to socialize and enjoy the company of friends. So don't miss out on this special event! The Student Union Dance is sure to be a night to remember!
Presidents Announce Future Class Plans

New course to be included in the curriculum for next year is "Country Music," to be taught by Professor Albert Kline. "This is the first step in the realization of Professor Charles Rose, chairman of the department of music, of his long held ambition to inaugurate a course in country music," Rose said.

The course will be limited to 80 students and will be offered in the fall of the academic year. The content of the course will be composed of a variety of music styles, including folk, blues, and country.
