Help Week . . .

We are happy to see that, once more this year, the annual Help Week is to begin on Monday. We are looking forward to the usual high spirit evident in this week's activities, and to see how the many students who are about to go off to summer jobs are going to fill the gaps in the schedule. We have heard of some interesting ideas for the various activities and competitions. The theme for this year is "Look Before You Leap". We are sure that the students will be making the necessary preparations and that the activities will be well attended.

In the case of the annual Help Week, a new approach is being taken. This year, the students are encouraged to think creatively and to devise their own ideas for the various activities. We believe that this is a good way of involving the students in the planning process and of making the Help Week more of a community event. We hope that this year's Help Week will be a success and that the students will have a good time.

Look Before . . .

Today is Monday, and the first day of Help Week. We hope that the students will be able to participate in the various activities and competitions. We are looking forward to seeing the results of the students' efforts and to hearing their ideas for the future.

Inconclusive, But . . .

Two weeks ago, the press was not able to find a solution to the question of how to solve the problem of overcrowding in the College. However, if we can agree on a conclusion that the problem is not as serious as previously thought, we can then move on to the next step of finding a solution. The students are encouraged to think creatively and to devise their own ideas for the various activities. We believe that this is a good way of involving the students in the planning process and of making the Help Week more of a community event. We hope that this year's Help Week will be a success and that the students will have a good time.
To the Editor:

I am concerned about the state of the floor in the Commons. As you know, it is being worked on. However, I have noticed that the workers have placed some of the Coke bottles on the floor. This is causing a great deal of trouble for those who are using the Commons. The bottles are slippery and make it difficult to walk. I would appreciate it if they could be moved to a different location.

Sincerely,

[Signature]

Legion Requests Freshmen Gain Ten Counsellors Roll Of Honor

A meeting was held today where the Legion, as requested by the American Legion Auxiliary, has been receiving the help of many women and men during the past few years. The Legion, in conjunction with the American Legion Auxiliary, has been actively pursuing the establishment of a new Legion Auxiliary chapter in the United States.
