Intramural League Commences Fall Football Schedule

KOR, Rambler, Dorm A Play Opener

The Intramural League has opened the Fall season under the direction of the Student Sports Association. The first games were held on Friday night in a packed bandstand. Each year the league grows just a little bit larger. This year, for example, there are over 100 men registered.

The first game was played by athletes from KOR, Rambler, and Dorm A who were all excited and ready to start the season. The crowd was enthusiastic and the atmosphere was electric. The teams played hard and the outcome was close, but in the end it was Dorm A who emerged victorious.

Intramural Football Rules

1. A game consists of two 45-minute halves. There shall be one minute between quarters. Section 1. The kick-off shall be from the line of scrimmage.
2. A Scrimmage Down is when the ball is in flight, a clearly visible hit is made, and both hands are definitely on the ball. The down is marked at the point of contact. Section 2. The Officials shall be a Scrimmage and Down Official.

There will be a 30-minute halftime. Section 3. There shall be no running clock, and both teams will be allowed to play accordingly. Section 4. There shall be 15 yards penalty for each foul. Section 5. The Penalty shall be 28 minutes, divided into two halves.

The arrangement of the course is similar to the schedule of previous years, Hatfield Mansion will be the site of most of the games.

Sophs Threaten Frosh on Rivalry; Juniors Came to Rescue of '46

By a Sophomore

The Sophomore class will elect a Sophomore representative next year. This is the first time the Sophomores have had a representative. The Sophomores have been tentative in their handling of the Sophomore representative. The Sophomore representative will be chosen on the basis of popularity.

Rivalry For Sale?

The days when paper goods were characterized by fresh, unreconstituted quality in its bags, those once-remarkable forms are gone—perhaps forever, but at least for the duration. Such trimming has no place in an institution for higher learning that can continue.

But rivalry will go on. And some of the essential changes are not yet apparent, nor are the plans for the future in existence yet. The game will go on, but not quite as before. The emphasis will be on money, and on money invested in such college interests.

The college has always been a place where one could see the spirit of democracy at work. The contributions of students, teachers, and faculty members have always been seen as essential to the success of the college. MUCH ADO ABOUT MONEY

Money is the currency of the modern world. It is used to buy goods and services, and it is the medium of exchange in most transactions. Money is also used to measure the value of goods and services, and it is the basis for the calculation of interest and the measurement of wealth.

In the United States, money is measured in dollars. The dollar is divided into 100 cents, and it is the unit of account for most transactions.

The United States is a nation that is based on the principle of individual freedom and the rule of law. The government is responsible for protecting the rights of individuals, and it is responsible for maintaining law and order.

The government also has a responsibility to ensure that the economy is stable. The government can do this by setting monetary policy, which is the process of determining the supply of money and the interest rate.

The government can also do this by setting fiscal policy, which is the process of determining the government's spending and tax policy.

The government can also do this by setting economic policy, which is the process of determining the government's economic policy.

The government can also do this by setting social policy, which is the process of determining the government's social policy.

The government can also do this by setting environmental policy, which is the process of determining the government's environmental policy.

The government can also do this by setting international policy, which is the process of determining the government's international policy.

The government can also do this by setting foreign policy, which is the process of determining the government's foreign policy.

The government can also do this by setting military policy, which is the process of determining the government's military policy.

The government can also do this by setting economic policy, which is the process of determining the government's economic policy.

The government can also do this by setting social policy, which is the process of determining the government's social policy.
