Harriers Record Victory; LeMoyne On Losing End

The Albany State Cross-Country squad finished its season this past weekend with a victory over LeMoyne College. Mr. Abney appeared to be content with the victory. With this victory, the R.S. Hancey-coached harriers upped their record to eight wins and two losses.

The Great Danes, who have never lost more than two in a row since the loss to the Maroons, remain an outsider in the league to LeMoyne at the LaFayette Invitational.

Private Hancey of LeMoyne won the race with Mr. 5:30, while the 5:15 was a close race to the finish. However, only 18 of the men finished, and only two teams from the Great Danes failed.

One thing that Mr. Hancey did was to make the appearance of the first time in the LeMoyne race. Unfortunately, if the status quo of the Great Danes is to continue, the team will have to make the appearance of the first time in the league.

The Albany State Cross-Country squad will play in the national cross-country meet on November 12.

No Participation Hurts Fricot Wrestling Squad

This fall, the basketball season has been affected by an outside look at the team. As a result, the team has had to work to present a successful season. However, the team has shown itself to be a strong and successful team.

Winners Team. The trophy will be presented to the winner of the cross-country meet on November 12. No one who has won a freshman or individual competition is eligible to be a member of the varsity team.

The AMIA swimming meet on December 3, a Tuesday, at the pool is scheduled. The meet is open to both team (five men and individual) competition.

The AMIA office has been reinforced by Mr. Burlingame, AMIA Athletic Director, who has been assisting in the operations of the office.

Little publicity is needed to announce the event. The meet is open to both team (five men and individual) competition. The meet is scheduled on December 3, a Tuesday, at the pool.
### Mid-East Tensions Viewed By Zenner

"Many of the decisions in the Middle East today are being made without knowledge of the situation on the Arab side. This is unfair to the Arab people."

"Harold B. Zenner, director of the Middle East Institute at Columbia University, told the audience that the Arabs do not have sufficient understanding of the Western world.

Zenner said that the Arabs do not understand the situation in the Middle East as well as the Western world understands it. He also said that the Arabs do not have the same knowledge of the West as the Western world has of the Arabs."

"The Arab people do not have the same understanding of the Western world as the Western world has of the Arabs."

Zenner went on to say that the Arabs do not have the same understanding of the Western world as the Western world has of the Arabs. He said that the Arabs do not have the same understanding of the Western world as the Western world has of the Arabs.

Zenner said that the Arabs do not have the same understanding of the Western world as the Western world has of the Arabs. He said that the Arabs do not have the same understanding of the Western world as the Western world has of the Arabs.
Students on this campus are not receiving the most efficient and effective mail service possible. A plan is needed to ensure that mail is delivered through numerous channels, thus allowing delivery and receiving flexibility. We would like to suggest two alternative methods of mail delivery to the residence halls that will eliminate these problems

The first plan would present the best opportunity for efficient service as compared to resident hall. Under the proposed system, all mail boxes would be relocated to a central location near the student union. Currently each hall contains mail boxes for its residents. Under this proposed system, all mail boxes would be relocated to a central location near the student union.

The second plan would use existing facilities, but ensure that two full time employees per residence hall. The mail would be delivered to the second plan would be the same as the first. The two plans would be identical except for the number of employees per residence hall. Currently each hall contains mail boxes for its residents. Under this proposed system, all mail boxes would be relocated to a central location near the student union.

The primary reason for the success of any plan is the success level of the residence halls. The residence halls are not currently staffed with qualified personnel. Furthermore, the number is insufficient to serve this purpose and efficiently serve the residence halls.

The first plan would require a total of 12 full time employees to handle the mail route. The second plan would require a total of 6 full time employees. The total cost for implementing the first plan would be approximately $45,000. The total cost for implementing the second plan would be approximately $23,000.

The first plan would be the most cost effective. The second plan would be the most efficient. The first plan would require the least amount of employee training. The second plan would require the most amount of employee training. The first plan would be the most difficult to implement. The second plan would be the easiest to implement.

The first plan would be the most cost effective. The second plan would be the most efficient. The first plan would require the least amount of employee training. The second plan would require the most amount of employee training. The first plan would be the most difficult to implement. The second plan would be the easiest to implement.

In Concert Friday Night

"Gordon Craig": A New Biography

Concertus Musicius To Perform
At Page Hall Auditorium Friday.
On Friday, November 15, from 7:00 - 10:00 p.m., approximately 500 members of the Allegheny College community will be attending a celebration of the 25th anniversary of the Allegheny College Women's Student Union, to be held in the Student Union. Each student will then take a minute to write a short letter to the President of the University expressing appreciation for the Union's efforts on behalf of Allegheny women, and this letter will be placed in a large envelope to be presented to President Roberts at the end of the event. Faculty and staff are invited to attend this celebration, which will feature music, refreshments, and the presentation of letters of appreciation to the President. The event will conclude at 10:00 p.m. This is a special occasion for Allegheny women and their allies, and we hope you will join us in celebrating the contributions of the Women's Student Union to our community.
