In Retrospect...

Tomorrow we will welcome the leaders of Student Association through a period of transition.

Today we are saying farewell to the leaders who have brought us to the end of transition.

The President and his student council look back in a time of discontent. All phases of the student council were in agreement that this cry was for a change, regardless of which direction the change was to take. Various groups of students made their feelings known, which the student council realized the trying to acquire other interests. There was a more efficient way to reclaim student activity that would make it possible for us to see all of what we have now.

We have noticed that S.A.'s interest in its own activities has been growing steadily in the past few years. Always true that the interest and participation will not remain at the same level or remain the same. We are looking forward to this year's Student Board of Finance, a change just for the sake of change.
