"Three months past, in the United States Senate, Robert's Rules of Order was adopted. This amendment was one of several that were considered, but one amendment was considered and defeated—because of petty bickering over Robert's Rules of Order. Robert's Rules of Order is a great help to our assembly. Anyone can buy a copy and use it. One amendment that was considered and defeated was because of petty bickering over Robert's Rules of Order."
