Gandhi Resigns after General Election

NEW DELHI (AP) - Mohandas Karamchand Gandhi resigned Monday as India's prime minister following the loss of his party in Parliament and renewed efforts by his party to form a coalition government. Gandhi's resignation brings to an end his 15-year rule as prime minister, which has been marked by a resurgence of Hindu nationalism in India.

Israel Refuses to Negotiate with PLO

TEL AVIV (AP) - Israel has rejected efforts by the Palestinian negotiators to meet with Israeli officials, maintaining that the two sides cannot negotiate unless a peace agreement is reached. The Israeli government has stated that it will not resume peace talks until the Palestinians cease their support for terrorism.

Podgorica Begins Mission to Southern Africa

BELOTO (AP) - The Podgorica-based South African government has announced a mission to Southern Africa, aiming to strengthen diplomatic relations and foster economic cooperation. The mission is expected to focus on trade, investment, and cultural exchanges.

Carter Confers with Japanese Prime Minister

WASHINGTON (AP) - Former U.S. President Jimmy Carter met with Japanese Prime Minister Shinzo Abe in Tokyo, discussing a range of issues including trade, security, and climate change. The meeting took place as part of Abe's official visit to the United States.

**Law Taxes May Be Revoked Once Again**

WASHINGTON (AP) - Six months after altering the nation's laws to authorize bus service across state lines, the state Senate has reversed course, deciding to reinstate the tax. The move comes as a surprise to many, given the state's long-standing opposition to public transit.

Council Rep Impeachment Asked

Gary \(212\) Standards - A group comprising the SUNY College at Albany and New York University has petitioned the State University of New York Board of Trustees to remove Chancellor Gary \(212\) Standards, alleging multiple instances of misconduct and mismanagement.

An Escort Service Just Might Work

ty Holbrook

Last semester the AJP reported two attempted rapes on campus. Police were unable to locate women to report to the police. The potential for sexual harassment and rape on campus is a serious concern. In this article, the author discusses the possibility of establishing an escort service on campus to help address this issue.

An Evening With Harry and Barbara

ty Holbrook

Harry and Barbara are a well-known couple in the community. They are known for their philanthropic efforts and their dedication to helping others. In this article, the author invites us to spend an evening with Harry and Barbara, as they share their personal stories and insights.

Lancelot to the Rescue

by Richard Male

Lancelot is a brave and loyal knight. He is known for his bravery and his ability to defeat the most formidable foes. In this article, the author tells the story of how Lancelot came to the rescue and saved the day.

Seek to Sell New Life...

A university must — even more so than the society it serves — provide for an atmosphere of free intellectual exchange. It must mandate policies for the protection of research, to be shielded by legal and other technical means.

The opposition sentiiments to this research come straight out of a 1949 science fiction thriller: "We are meddling with things man wasn't meant to know!

The attitude is absurd. To call a bolt to research simply because it may yield dangerous results would be a huge step backwards. Of course, in embracing freedom, responsibility must also be acknowledged. All available precautions should be taken to prevent any risk is indeed minimal.

The Biological Department is in the process of constructing a containment facility rated at the P2 level by HEW’s National Institute of Health. That’s only a “minimal” rating, amounting to nothing more than sterilization procedures and airtight doors. If the university is planning to continue its work with recombinant DNA, it should do so in a more responsible fashion. A containment facility should be at least a P3 “moderate” level, involving tighter controls over air flow, laboratory traffic and transport of experimental materials.

Accessibility to information seems to pose no problem. The Biological Department is willing to educate the public, and the university should not hesitate to take advantage of this offer. Some kind of seminar or press conference could be arranged, perhaps on a regular basis, to inform the university community on SUNY’s progress in its genetic experimentation.

The technique of recombinant DNA offers promise. It could prove to be especially valuable in the treatment of various diseases, and in the production of beneficial enzymes and vaccines.

These reasons alone constitute an obligation to continue research.
Hegyi Inspiring

BY STEPHEN ALMAH
To watch Jane Hegyi at work, one would likely be as a lone goat to gain the sense of music she has been conducting. Whether the tempo is fast or slow, the mood sinister or humorous, Hegyi's performance on the podium commences excitement.

Mozart's magick, small-scale horn
hymn, 28, is ornamented for in com-
plex, melodious manners of Rachmaninoff. Although the latter's pieces suffered from some poor horn play, each was played with great assurance by the orchestra. The latter work exhibited such sublime writing, particularly in the beautiful, sensitively modulated music. The first movement is performed in the usual Mancini manner. Peruvian colors, in- cluding xylophone, cymbals, harp, and piano, were well handled the hallucinations realized wonderfully at any moments.

Rachmaninoff, the sort of orchestra, most familiarly familiar, provided a general ovation as the conductor to the rich sonorities of Concerto. Undoubtedly by Delphini, this 1988 work was the most satisfying and individual piece on the program. Itsイト in absolute and one of the most unsurprisingly in the performance. The, the orchestra has developed an extended of the program, both traditional and contem- porary, as the program is in- clude an imaginative combination of both elements.

Hegyi's 28 at least bolstered the evening. Not a true representation of Hegyi's music, this piece comes on perfectly well. Due to the scale reflection of rhythm, as the midlicity of a great concert performance, this proves the imposi- tion of a near-lying cycle of heroes. Hegyi and the Albany Symphony have, however, did just justice, the sensa- tions' program towards full sym- 

By LEE RObINSON
Every now and then a play comes around that has virtually no reference to its audience. What for the Seer, for per- formed here March 10, is so different is that the Puritan, 'The Man Who Could Not Stand Up', the performance combines actor and music in an exciting and engaging way. The Puritan is the 16th-century English Puritan, and the music is the Puritan's interpretation of the New Testament. The Puritan is a challenging role, but Jane Hegyi has accomplished it beautifully. The Puritan is a challenging role, but Jane Hegyi has accomplished it beautifully.

A Special Blend

BY SANDY ROBINSON
It was 5:45 p.m. Friday evening at the French Quarter Deaf School when Louis Landon & Co. came on stage. Although a little late getting started, their final perfor- mance was worth the wait. They were doing a bit of a Centennial celebration, giving a concert that featured the music of their time, both old and new. The crowd was enthusiastic, and the band played all the classic songs that were popular during the time period.

A LONGER HEAR...

The highlight of the concert for me was when the band played "Happy Birthday." The band played it slowly, and the audience joined in on the chorus. It was a heartwarming moment that made the concert even more enjoyable.

The band then played several more songs, including "Take Me Out to the Ball Game," which had the crowd dancing and singing along. The performance ended with "Goodnight, I'll See You Tomorrow," and the audience gave the band a standing ovation. It was a wonderful way to end the concert, and I hope they will perform again soon.

DIXIE DICKS, Weekling and Frank Streeter of Denver's Fort Logan Commanders, 1st place in the 100 yard dash, 10.5, and 11.0, respectively. The team clocked 1:31.6 in the 440 yard. The meet was held on the RPI track. The results were: 1st place, 1:31.6; 2nd place, 1:32.2; 3rd place, 1:35.2.

**Jackson Aired With Mates**

In your dreams, you feel at the mercy of your unconscious and subconscious desires and fears. In the air, you're free to explore these feelings without fear of judgment. Or so you think... For some reason, Jackson Aired With Mates, who is like the rest of us, had a strange dream last night. His dream involved a dreamy, ethereal world where he was able to express his deepest desires and fears without constraint or judgment. It was a dream that left him feeling both exhilarated and bewildered. The dream was a reminder of the power of our subconscious mind and the importance of allowing ourselves to explore our innermost thoughts and feelings. It was a dream that left Jackson Aired With Mates feeling both elated and confused, unsure of what to make of it all.

Tracksmers Finish Eleventh In Final Meet

by Eddie Robinson

The New York University track and field
men's team finished 11th out of 13 teams at the New
York University Relays, held at St. Lawrence University
last weekend.

The Nazis arrived at the track in the early morning
hours of the meet, but their attempts to disrupt the
event were thwarted by the quick thinking of the
university authorities. At the last minute, the Nazis
were forced to retreat, leaving the university
members to continue their training undisturbed.

At the meet, the NYU men's track team finished
11th out of 13 teams. The team's coach, Eddie
Robinson, was pleased with the team's performance
and expressed his confidence in their continued
success.

Spokes Win Wheelchair Game

by Bob Nelson

The SUNY St. John's men's track team won the
wheelchair race by a comfortable margin.

The race was held on the university's main track,
and the participants included students and faculty
members who use wheelchairs.

Boots Coper Second

by Mike Palinkas

"All in all, it was a very successful competition." Although his Albany
indoor season team did not win the Binghamton Invitational held at the
court, the head coach Bill Scheller was pleased.

Leaving a strong Binghamton 3:3 tie in this Friday's
night event against Albany is expected to be
their second time this season. The team's
eight members have maintained a winning
record throughout the season.

At the meet, the Binghamton 3:3 tie against Albany was
won by the home team, Binghamton, in

The special rule introduced for this year's
tournament allowed the coach and
the team to work on their strategy for
the field.

The team's goal is to improve their
performance in the next competition.

State Proposes DNA Controls

by Bruce Holden

The New York Senate and Assembly
will consider a bill to improve DNA
contamination control guidelines for
all institutions.

The bill is expected to provide
adequate control measures to ensure
the accuracy and reliability of DNA
tests.

SASU To Sue Higher Education Commission

by Thomas Martin

The State Association of State
University Unions Inc (SASU) is
planning to sue the Higher Education
Commission in an attempt to
challenge an administrative
action that determined unauthorized
student status.

The challenge is based on the
universities' assertion that they
did not receive a fair hearing.

The universities argue
that the administrative
ruling
