The selection, buying and preparation of the right kinds of Turkish tobaccos for making Chesterfield Cigarettes is a business in itself...

We have buyers in all the principal tobacco growing countries, including North Carolina, Kentucky and Virginia. Rounds of these are sent to stores in all the cities of the United States. And at Spanish cigarette plants, and of course Turkish tobaccos as we do in Chesterfield you have...the cigarette that's milder, the cigarette that tastes better.
Dr. Brubacher Issues Statement

Dr. A. R. Brubacher, President, issued the following statement to the student body:

"The improvements in the field of education today have not only increased the opportunities for learning, but have also made it possible for many students to achieve their goals. It is important to remember that education is not just about acquiring knowledge, but also about developing critical thinking skills. As we continue to face challenges in the world today, it is more important than ever to ensure that our educational system is strong and able to provide the necessary support for all students. Let us work together to create a future where everyone has access to the education they need to succeed."
Take a cigarette like CHESTERFIELD

You know I like that cigarette...

I like the way it tastes... there's plenty of taste there. Chesterfield is mild, not strong... and that's another thing I like in a cigarette.

What's more, they're Satisfy... and that's what I like about them. I get a lot of pleasure out of Chesterfield... you know I like that cigarette.
