Defensive Battles Reign In League I Competition

By Dave Finn

Tappan Zale, Mill and STB squared off Thursday in a game for all the honours. Mill was on its way to stay close to AIA in the fight for top honors. AIA defeated the loser in the contest, but the winner will be the last team to remain alive in the competition.

AIA's defense was able to keep Mil and STB at bay, allowing only one goal. AIA's defense was well rounded, with several players performing well.

On second down, a field goal brought the score to 3-0. AIA led both teams with 2 minutes left in the game. The final score was 3-0.

University of California students, already wary about the moral impact of giving couples a chance to have children, are seeking to ban the creation of embryos.

The university's new policy, which is an outgrowth of a campaign by student groups and the nation's first major university to ban the creation of embryos, is expected to be adopted this week.

The policy is intended to address concerns about the moral implications of creating embryos for research purposes, including the possibility of using them for reproductive purposes. The policy also bans the use of embryos for research that is not intended to lead to the creation of embryos.

The policy has sparked a debate on campus, with some students and faculty members expressing concerns about the impact on research and others supporting the new restrictions.

The policy is expected to be adopted this week, and it is expected to be implemented in the fall of 2023. The university's board of regents will vote on the policy later this month.

The policy is part of a broader effort to address ethical concerns in the field of reproductive science, and it is expected to set a precedent for other universities and research institutions.

In “Weekend,” the image of Godard haunts the youths of “Masculine Destinies.” It’s partly Parisian pop culture that provokes a vicious mauling. And yet I found “Weekend” to be the name Sylvania rings a bell. Somehow we’ve managed to do it. Though partially finished, one can sense that it is an examination of a situation and one-dimensional; piling on the coffee house circuit from Philadelphia Folk Festival.

Next week the Coffee Hot Bar will be appearing on the cafe house circuit—Pennsylvania’s next exhibition will take place at the Unitarian Church in Albany. Lacrosse Club Drops Match With Union 8-4

By Donald McGarr

Under the direction of coach Joseph Silvey, the Albany State Lacrosse Club has been making a real bid to teaching new men the techniques of the game. For the past three weeks, interested men, both upperclass men and freshmen, have been practicing, learning the keys to the game. As Silvey has explained, the Albany State players have been taught the fundamentals of the game. A mud cutout of the Albany State lacrosse players is shown on the front page of this week's issue.

Bowling Season Opens

The new season of bowling opened last week with two teams from the University of Vermont facing off. The varsity teams met at the Highland Bowl, the home of the University's bowling team. The final score was 10-6 at half time.

Student Tax Now Mandatory

By Dorit Stinnett

The mandatory payment of Student Tax was passed in last week's elections by a vote of 285 to 89. Terry L. Bolduc, the President of the Student Senate, spoke in support of the tax and the addition to the student fee. He said that the University had to cover the costs of maintaining the school and that the student body had to be accountable for these expenses. He also stated that the tax would be used to support the University's library and to help fund the school's budget.

Two additional measures will increase income to the University. The first measure, sponsored by the Student Senate, will impose a tax on the sale of textbooks. The second measure, sponsored by the faculty, will increase the tuition for the next academic year.

Speeches, Movies, Light Week

By Justin Night

With exams taking place, and a lighter mood expected of those involved in the EOP, the theme for this year's Light Week is "Let's have a light time." The week will be filled with activities and events to give the students a break from their studies and to prepare them for the upcoming exams.

The week will begin with a series of speeches and lectures. The first speech will be given by Dr. Harry Hamilton on "The War". This will be followed by a lecture on "The Draft" by Richard Nixon. The last speech will be given by Dr. Robert Houghton on "The War." These events will be held on Tuesday, Wednesday, and Thursday, respectively.
