We understand that the student body should be able to discuss their concerns and opinions freely, and we support them in this right. However, we also believe that these discussions should be respectful and constructive, and we hope that all students will take these principles into account in their future interactions.

THE EVOLUTION OF CINEMA
by Tim Ousley

Tower East Cinema, a student-oriented screening room in the Student Union, has been selected to present a somewhat unusual exhibition. As part of an extensive student campaign to promote awareness of the films of the 1920's, Tower East Cinema has been asked to exhibit a selection of early film classics. The exhibition, which will run from September 12th to October 1st, is designed to provide an introduction to the early years of cinema, with a focus on the development of the American film industry. The selection of films will include such classics as "Mammy," "The Virginian," and "The Lodger," and will be accompanied by a series of lectures and discussions on the history of cinema. The exhibition is open to the public, and admission will be free. For more information, please contact the Tower East Cinema Director, Garvey, at 212-514-0000.
