Thine The Hand... 

Dr. John M. Snyder retired from position as President of State College. "Just a few short weeks ago Dr. Snyder was a welcome addition to the faculty of State College," etc.

And while "Who's Who" reminds hefty doses of his pasting of courses and winning Phi Beta Kappa keys, we will remember the piling about to his pet dogs and the surprise we experienced the first time he looked up and remarked about "that spunky fox you're sacrificing.

The past is not as Principal of 350 boys, organized the only real band with junior music like and the Miller High students that rate the former students, and the special brand of understanding which he administered along with that entire gang of players, always more the harder. Dr. Snyder used to his chase way, his own way.

Congratulations...

Dr. Snyder used to his chase way, his own way.

State has lost a good President but we're sure she's got a great friend. You know when the boy, John, they're, oops, no.
