Government Groups Review Problems of School Activity

President Marie Miranda '61, announced that this week's governmental Summit Conference was focused on problems of school activity. The conference was held to discuss and analyze the issues facing the student body and faculty, with the aim of promoting good will and understanding among all members of the community.

The council was gratified with the report Dr. Collins presented, which included a detailed analysis of the student and faculty attitudes towards the current state of school activity. The report highlighted the need for more active participation from the student body, as well as the importance of fostering a collaborative relationship between the student and faculty groups.

The council also discussed the importance of promoting good will and understanding among all members of the community. The conference concluded with a call to action for all members of the community to work together to create a more harmonious and supportive environment.

In other news, the Student Senate announced that they would be holding a special meeting on Friday evening to discuss the recent developments in the school activity. The meeting will be open to all members of the community, and will provide an opportunity for everyone to voice their concerns and ideas.

The Albany College Council in response to the recent developments in school activity, decided that they would be holding a special meeting on Monday evening to discuss the recent developments in the school activity. The meeting will be open to all members of the community, and will provide an opportunity for everyone to voice their concerns and ideas.

In the past few weeks we have seen the Head report and we are quite disquieted with some of the alleged findings. This committee has been disbanded. We are concerned not so much about the entire report as we are about the fact that the present administration of the State Universities has been called "inferior institutions." 

Ever since we have come to this college, we have been told that it is one of the finest teachers colleges in the country. We have been given utterances of information to prove this theory. Now, in the light of the Head committee's findings, the State University as "inferior institutions." 

In response to the Head report, our college has released information showing Albany labeled our college an "inferior institution." We feel that an explanation is owed to the student body and the faculty members. We would like to know where the Heald committee retracted their information. It is a matter of common knowledge that nowhere is there any system for ranking colleges as superior, good or inferior. This is relative matter and depends on the interests of the individual. For instance, the quality of the faculty is, of course, a matter of great importance. If the results of the Heald committee are not satisfactory, we will all be at work to keep him busy twelve hours a day. 

On Faculty

Common-Stater

There is no passport to success. It is a matter of common knowledge that the success of the future does not depend on the success of the present. We feel that there is a great deal of waste and mismanagement going on in this college. From the time we entered the college, we have been given utterances of information to prove this theory. Now, in the light of the Head committee's findings, the State University as "inferior institutions." 

Dr. Olson comes originally from Minnesota. He graduated from the University of Minnesota with a Bachelor of Science degree in 1947. He then went on to complete his Master of Science degree in 1950. He obtained his Ph.D. degree in 1953. He was appointed as an assistant professor in the Department of Business Education in 1954. He was promoted to associate professor in 1956 and to professor in 1960. He was appointed as the Chairman of the Department of Business Education in 1962. 

Notice

Notice is hereby given that the Graduate Record Examination which is given on the last day of the present quarter, and the entrance examination which will be held on the second Tuesday in January, will be held on the second Tuesday in January. 

Applications for the M.A. will be picked up on the last day of the present quarter, and the entrance examination will be held on the second Tuesday in January.

Committee Considers Change For Student Teaching Grade

The present consideration of a new grade, in which each student teacher is to be given at the end of the year, is a major concern to the Committee on Student Teaching. The purpose of this committee is to review the grades of student teachers and make recommendations to the administration. The current system of evaluating student teachers is based on a four-point scale: A, B, C, and D. A student teacher earns a grade based on the quality of their performance and the contribution they make to the classroom. The Committee is considering the possibility of introducing a new grade, F, to indicate failure or inadequate performance.

Wrestlers to Meet Cortland Tomorrow: Pause, O'Connor Lead Promising Team

By Bob Davies

State College Wrestling is riding a wave of momentum as it prepares to take on Cortland Tomorrow. The Frosh, six feet and an inch, is leading the way with his strong performance in recent matches. O'Connor, a junior, is also doing well. The team is expected to shine against the Peds.

Wrestling, Basketball Begin

By Neil Scherblum

The first wrestling match of the season will be held tomorrow afternoon in Page Hall. Cortland State Teachers College will bring a squad of four wrestlers to the city.

Last year, the matches drew fairly large turnouts. We hope to see a large number of spectators in Page this year. Many people believe that wrestling is a spectator sport in this part of the country. It is just catching on. Larger crowds every year at State's matches seem to agree with this theory.

Three are three holdovers from last year's team, Co-Captains Dave O'Connor (195) and Dick O'Connor (185), along with Tom Ellis (191) give the squad a solid basis for this winning season.

Basketball From Brady

The basketball season is up and running, with the first win of the season. The basketball team feels that they have both theRecords of the matches over the 100 mark before the season ended.

Cohen, the 6'-2" guard, led the team in rebounds, totaling points scored, most foul shots made, most field goals scored, and also led the team in shooting percentage. He also set a record for most rebounds per game and also scored more than 10 points per game. Another important factor was the ability to work well with others.

Sauers Says Basketball Team Improved; Begins Season Tomorrow, Faces Maritime

By Bill Kuhn

Albany State heads into another basketball season under the direction of head coach Dick Sauers. Sauers is in his sixth year as head coach at State.

Sauers feels that this year his team has a better chance to win twenty games than he has had in all his past five seasons. He has seen returning lettermen and five other bullet points from last year.

"We're off to a good start this season," Sauers said. "We've got more height, more experience and a more solid defense." The Peds will open against New York Maritime tomorrow night in Page Hall. Defense again will be the main point for the Peds as they face their next winner.

Students Attend ACP Meet

The Associated Collegiate Press Club of the Statesman newly elected to the Club for the year 1961, held its first meeting in the Student Union House. President, John M. Tuttle, announced that the officers for the year were: president, John M. Tuttle; vice-president, David B. Frank; secretary, Patricia A. Heffernan; treasurer, Henrietta M. Peacock; assistant treasurer, Dorothy M. Koons; and editor, Robert M. Reeder. The purpose of the organization is to promote better student journalism through the exchange of ideas and the encouragement of better organizational practices in student publications. The Club is open to all students who are interested in journalism and the publication of college newspapers.
