State Rectory Meeting Difficulties, Call to Practice

This year the state Rectory is going to be a whole lot more than a bunch of players whose job it is to play football. This year the Rectory will be the football team of the State College, and the Rectory members will have to work harder than ever if they expect to do any really outstanding things this year. The Rectory, as a team, will have to work as a whole—no individual Rectory man is going to be able to carry the Rectory alone; every man is going to have to pull his weight for the Rectory.

The Rectory members are all due to be announced this week, and when they are announced they will be given full membership in the Rectory and will be expected to pull their weight for the Rectory.
