COME AND STEP OUT WITH JOSEPH HENRY
Program Dance And Substantial Eats

Joseph Henry Club is going to step out Saturday evening, April 26, from 8-11, but being a most unambitious and considerate society it just can't joy itself unless all the college is happy too. So, dear fellow students, here's an opportunity for us all to come together and feel the thrill of one of the jolliest times on record in our college career!

What's all the noise and excitement about? Listen, here's J. H. C. appealing to the student body directly from the science building of State College. Part I of the program is to be an entertainment composed of the most exquisite offerings of our native talent. These are just a few suggestions of what to be: music of all kinds—vocal and instrumental, a solo dance, a masque, and a poppy little stunt. Have you seen a real one? (Continued on Page Four)

S. C. T. GIRLS CAUSE ADVERTISEMENTS TO DROP CONSIDERABLY

Saturday evening a number of St. Colleaghe students had an idyllic hour enjoying Kibbe's and Huyler's candies. Lemon ice cream was the choice of all. There was no smoking and nearly all observed the please: pay when served signs. A vote was taken and it was decided that "it pays to advertise." But indoor pinball that has fallen from a great height caused moments of alarm and confusion.

The motion "that we adjourn at the other plays broadcast.
