I confess that as your Editor I am not so familiar with the happenings around the different dormitories of the State campus. However, I am certain that there is at least one dorm that should be mentioned. The students of Xi Xi Chapter of Delta Phi Epsilon in the September issue of "The Pause That Refreshes" stated: "We have found that Xi Xi has been chosen as the dormitory that has the best brains on campus. It seems that the members of this fraternity are the most intellectual of all the fraternities."

I must admit that I am not acquainted with the members of Xi Xi Chapter of Delta Phi Epsilon, but I do know that they are a very active group. They have a history of performing well in academic competitions and are known for their dedication to their studies. It is clear that they are committed to their education and are able to balance their social and academic responsibilities.

In conclusion, I must agree with the statement made by Xi Xi Chapter of Delta Phi Epsilon. They have demonstrated that they are the most intellectual of all the fraternities on campus. I look forward to hearing more about their success in the future.

Jarvis, Thompson, and the 36 other students were among the group of freshmen who received "D's"--they seem to be well acquainted with them in fact. Congratulations are due to us all, for it is rare to find a student who is so young and yet so wise. We are sure that the freshman class, with few exceptions, will prove to be a fine group of students.

We hear that Jack Murphy, class of '39, did a little pinch-hitting for the Aggies last week against Siena. The club was clear. At a spirited meeting in the lounge, the members of the club voted 27-23 to accept the vows of KB. These lads and others throughout the state are working hard to improve their marks. Yep, we finally got the inside dope and it wasn't so sorry that this is not the first open portals last week. For State Alumni.
