Clarkson Wins Holy Contested Game

Friday night, December 14, State College basketball team was defeated by the Clarkson Tech five by a margin of two points in the most closely contested game of the season. With only three minutes to play, State had a lead of only three points, but Clarkson equalled the half and dropped in a successful field goal for the victory by two points.

State College loses to Union the following night

Saturday night, December 15th, the State College quintet met with a third defeat of the season at the hands of Union in Union's court at Schenectady. The State team was decisively outboxed by Union. Jones had the jump on Cohen from the beginning of the game. The entire forward team was under pressure and amyt impossible for him to get loose. Captain Fitzgerald, in an outstanding game, placed himself on the college records in making good 15 of the 17 tries from the free-throw line, which was responsible for 19 of State's points.

State took the lead at the start of the game. Fitzgerald scored a field basket and a foul shot before Union could get going. Union guarded close and kept the ball away from the State team men, thus making the chances for scoring less. Two field baskets by Fitzgerald, each by Barry and Cohen, and four successful shots by Union made it a four-point game. The foul line gave State 12 points at the end of the first half, Union had 20. In the second half, Pfitzinger nailed 11 baskets from the line, Barry and Cohen again came in for a basket a piece which completed State's scoring.

Score at full time—Clarkson Tech, 10; State College, 8. Referee—Tilden.

State College, 17; Time of periods—Twenty minutes.

Despite these three losses, State College looks forward to a season, which will consist of 10 games, with a team which will represent them at least as well as last year. Although the team has been playing veteran material, they have shown by experience of at least a year's standing. Of the Union five, Jones, Wixson, and Springman played together last season, while of State's five, only the one with last season's experience. Barry played good ball with his high school team, earning him the name last year. Cohen has an eye for basketball and the makings of a fine player.
MERRY CHRISTMAS!

Real snow, sleigh bells, a group of youngsters making a Santa Claus suit, and a great many things that even though brought about by a group of “boys” is a real Christmas. When, as youngsters, we used to hear "grandpa" tell about "the good old days," we thought we might have lived in the time when a fellow with that many pairs of skates, a good heavy toque, and big "snow" gloves, instead of a copy of "Dad, the Peddler," a stack of red neckties and a pair of suspenders. Even to-day we wish that for a stunt we might 

wearily into their dugouts, where missiles over his head—-all these

merely to drown their unhappiness they go out into the trenches. There, the soldier

whole being and forces him to live right.

There are many more. Don’t stop to look for them. They stand as figures of the guard silhouetted against the lowering twilight sky. Girls! Attention! Fall in line and do your share to alleviate the pain and suffering of the Allies. We are now of the Alfred Enright, and if you can’t adopt a French godson, you should adopt an American one.

SOPHOMORE CLASS NOTES

At the class meeting Friday morning President Frede urged all cmembers to join Christmas. It is class rivalry and to help one another in the holidays to help the Membership Drive in his local chapter. Give here’s a chance for you. Yes, you haven’t sewed or made surpluses, have you? But you still have hope and a desire to live and

keep up the good old days," we wished we had lived to see Christmas. Perhaps you have heard of the Red Cross, but it has another job. It is, in fact, a mighty project ahead of all of its readers. Merry Christmas and Happy New Year!

THE RED CROSS

You have all heard that no one has the right to be interested in anything else. "You all believe in it, don’t you?" Then why not be interested in the fact that the Red Cross is asking for ten million dollars, the whole amount, from the very members before Christmas? Members, I say. The organization does not ask for ten million dollars, but for ten million members, who will bring interest and ability as well as dollars.

Perhaps you have heard of the Red Cross, but it has another job. It is, in fact, a mighty project ahead of all of its readers. Merry Christmas and Happy New Year!

Have you a godson?

Girls of S. C. T., this means you! Have you considered it thoroughly? Just close your eyes, imagine that you are in France and follow me. There are many more. Don’t stop to look for them. CLASS IN AESTHETIC DANCING

That the men of the college may acquire a knowledge of the Aristotelian dance, Mr. Francis Fitzgerald has determined to start a dancing class to be held weekly at the college. Mr. Fitzgerald is now taking a course in dancing at the City High School. That the latest dances may be properly taught, Mr. Fitzgerald is going to hold a dance every two weeks, and to invite only the seniors to class meetings.

SCHOOL OF PRACTICAL ARTS

Mr. A. W. Abrams, Chief of the Visual Instruction Division of the State Department of Agriculture, is offering the Home Economics Department of the college a class in Home Economics. The number of students taking the course will be limited to ten. There will be three classes, one of which will be taught by Mr. Abrams, and two by Mr. Smith. The classes will be held in the Science Building, and will consist of a demonstration of the latest dances may be properly taught, Mr. Fitzgerald is going to hold a dance every two weeks, and to invite only the seniors to class meetings.

CAMSLOME

Don't forget! We're all coming back from Christmas vacation with our voices good and strong. And we're going to cheer our piping little camaraderie to overwhelming victory over the Niagara University team to everybody! When? January 4th, the first Friday we're back.

V. B.--Three of our young men had better take notice of the precedent of the Keeper of last year and stand up when the team comes down on the floor and yell for them and sing the "Alma Mater" with the rest of us. When principle does not approve one to "be a student with attitude" sometimes a shaved head and an icy shower bath are necessary to bring the desired results.

* * *

Send it in If you have a bit of news.
Send it in or a joke that will amuse. Send it in.

If it is that is true, or incident that's new, We want to hear from you! Send it in.

Will your story make us laugh? Send it in.
Send along a photograph, Send it in.
Never mind about your style, If it's only worth the while, And will make the reader smile, Send it in.

Bah! Bah! Bah! For Our Volunteers! There wasn't any limit, There weren't goods of tears, There weren't old-fashioned lighters, State College volunteers!

A Junior was here to ask, "If I take Education II on a rainy day, do I need Sayles?" The answer was given in the form of another question, "If I take Education II on a cloudy day, would I do too any good?"

State College girls have just been decided that a lump of candy on a beveller chain would be about as welcome a Christmas gift as any.

Let's thank the generous friend who supplied a long-feled need by donating the community powder puff on the Senior locker room door.

To the Tunes of Riley
There Kaiser Bill, don't sigh! Bring's after Cambio I know. And your U-boat too, With its fiendish crew, Met its fate on the Marne, you know.

But Nietzsche's thinking has long passed by, There Kaiser Bill, don't sigh! There Kaiser Bill, don't try! You're up against us, you know. I'll overrule "super nice!" And a new "German Paris." Are more dreams of the long ago, But them all for which you sigh! There Kaiser Bill, don't try! This Tuck.

Official Notices

Payment of Fees

Bills rendered for tuition and laboratory fees for the current semester are now due. Department heads are in arrears for laboratory fees that they must present a receipt from the Financial Secretary for such fees to their instructors in the departments of Biology, Chemistry, Physics, Household Economics and Industrial Education in order to gain admission to classes or laboratories in these departments after the Christmas vacation.

Notice is given to students who have not paid for fees that they will be requested to present to the Dean a receipt from the Financial Secretary before entering classes after the Christmas vacation.

Exclusions from class because of the nonpayment of laboratory or tuition fees will not excuse a student from an overcut.

It is, therefore, desirable for students who are in arrears for their receipts from the Financial Secretary before the Christmas vacation begins.

Christmas Vacation

Notice is given, in accordance with the announcement in the catalog, that the Christmas vacation begins on Thursday, December 20, and that work will be resumed on Thursday morning, January 3, 1918, at 9:00 o'clock.

No excuse for lengthening the vacation period will be granted.

Overcuts

Students are reminded that unsupervised absences on Friday, December 20, will count the full number of allowed cuts in any course. The exclusion of all students is also called the mode which provides that students may have an overcut at the time of examination will be estimated from the examination. The records indicate that a number of students have already made all the overcuts which may be allowed. Students who have already overcut should file such petition as they may wish to make with the Dean at once.

Harlan H. Horner.

Canterbury Club

In a regular business meeting held Friday, December 13, the following officers were elected: President, Grace L. Smith; Vice-President, Alfred J. Miller; Secretary, Amy Shelley; Treasurer, Adelaide Hill; Reporter, Elsie Shanks.

A committee was appointed to work for Red Cross membership in the Club. The committee consists of Alfred Miller, Marion Franklin, Elsie Shanks, Elsie Mahn, Mary White.

Promethean

Promethean has been postponed until Thursday, January 13.

Delta Omega

Miss Pennington entertained a few of the Deltas on Friday evening, December 13.
KAPPA NU NOTES

We are glad to welcome Adelaide Kromnow '10 as a pledge member of K. N. Christmas festivities have already started at the home. Saturday evening we entertained ten of our Alpha's at dinner and later the whole sorority enjoyed a Christmas party.

Marie Hynan, of Sceanie Lake, V. S., was the weekend guest of Aileen Russell '10.

JUNIOR NOTES

Plans for Junior Week are well under way. The festivities start Thursday, January 31, with the Junior reception to the Faculty. Friday, February 2, will be the Junior prom, and Saturday, preceding the basketball game already scheduled, will occur the "Homecoming." This is a departure from the established custom of the college, and arises from "Hockey Fever." Watch the "Sports" for our coming warrants.

Tuesday morning at the "Scoop," our monthly student newspaper, will again exhibit its inactivity. The big green and white student body of honor, and suspended from it hangs the first class service flag of State College.

The Junior class extends its heartiest goodspeed to its newly elected officers: President Walker, Mabel Albie, Doris Sweet, Edith Sullivan '18, and Miss Johns reported that all who have not ordered their caps and gowns will have to go down to Cotrell and Leonard's to do so. About 50 seniors have ordered them, so no one had better get them far.

Miss Dorothy Avina made a very good suggestion that the class request Kappa Delta to have "America, Dear America" sing at the opening of each assembly.

President Walker appointed as a committee to investigate the advisability of holding a class party, at which outside men may be invited. Janet Wall, chairman, office Townsend and Edna Merritt.

The Committee on Constulations was named as follows: J. A. Walker, Mildred Albie, Doris Sweet, Kathryn Cole and Mary Callahan.

KAPPA DELTA RHO

Wednesday evening Curtin, Tower, McElhanon, Carson, L. J., O'Keane, Hoffman, P. A., Anchenough, and Miss received the degree work and were installed as the Gamma Chapter. The committee was called the order of the evening. Senior reception to the Faculty.

Junior reception to the Faculty, Thursday, January 31, with the Music Club party will be held at the house last weekend. Jane Schuhroth '20, was the weekend guest with Magdalena Andrus '10 at Colobu.

KAPPA DELTA RHO

"We all can't Fight. But we all can SERVE"

Every day, greatly increasing demands are coming from our Boys over seas, for more hospital supplies, more extra clothing, more foodstuffs. Your Red Cross must bear this burden. No other volunteer organizations exist to supply this necessary aid.

Your Red Cross does not ask you to make a large contribution. It asks you to become a part of it. It asks you to be one of ten million new members by Christmas. Why not a Red Cross home this Christmas? It will bring back the old spirit of Christmas and the world's weal is left unfulfilled. Red Cross membership is the Christmas spirit in terms of action.

Snow shows your colors as the rest of the ten million new members will do. Put your membership Red Cross Service Flag in your window. Let there be a Red Cross on it to represent each and every member in your household, a symbol of your membership. Let it show you are a member of the Red Cross. The Red Cross is the true Christmas spirit. President Woodrow Wilson says: "Our consciences will not let us enjoy the Christmas season if this pledge of support to our cause and the world's need is left unfulfilled. Red Cross membership is the Christmas spirit in terms of action."
