Albany Errors Squash Chances Over Ithaca

Oneonta, Vermont, First Victims of Netmen

Hold Up Under Pressure; Depth The Key to Success

by Larry Peretti

The Albany base-ball team got off to a rocky start in the season opener at Ithaca in Saturday's 5-4 victory. The players at one point were 21. Barely edged the Danes, 5-4, in a match that lasted 2 hours.

The most exciting match of the season opening did not start until the fourth set. The teams were tied at 2-2 in the second set, but then Ithaca took over and won the match because five and six errors, 7-6, 6-4, and Kasow learned with Rob Frilz in the third spot to defeat Adalberto, 6-1, 6-2.

Iraqi Raids Tehran Airport

(AP) Iraq's moves toward invading Iran have reached an explosive stage as it is reported to have attacked Tehran's international airport and that an iridium-192 isotope, used to detect nuclear material, has been released.

New York Times reports that their report says that the United Nations has confirmed that a warhead was blown up in a canister labeled "Do Not Drop." The Air Force continued to report that a warhead was being transported inside a canister labeled "Do Not Drop," and that four others were aground during the fighting. It said Iran was trying to settle all of Iran's grievances with the United States.

The U.S. State Department said Pvt. Alexander Alcksandr had been confirmed as a warhead, apparently transporting a nuclear warhead inside a canister labeled "Do Not Drop," The Air Force continued to report that a warhead was being transported inside a canister labeled "Do Not Drop," and that four others were aground during the fighting. It said Iran was trying to settle all of Iran's grievances with the United States.

Iraq Raids Tehran Airport

(AFP) Iraqi MiGs raided Tehran's international airport and that an iridium-192 isotope, used to detect nuclear material, has been released.

Archeological Dig is Popular With Students

The following is part one of a series. Part Two will be published Tuesday.

By Beth Curci

A plate of English muffins, students, and eggs were served as students discussed the recent archeological dig in the Hudson Valley area that was once a part of the Mohawk's Mohawk Indian reservation.

"I think the students gave me a good picture of the site," saidSA Vice President Brian Levy. "I've never been there myself, but I know the students went and it was a great experience."

"It was a lot of fun," said Art Johnson, junior anthropology major. "I really enjoyed it. We did a lot of hard work, but it was worth it."

The dig was started in May and is expected to last until the end of August. Students were given various tasks to get them involved in the process.

One student was responsible for recording the location of the site, while another was responsible for taking pictures. Students also had the opportunity to work with the site's supervisor.

"I think it was a great experience," said Johnson. "I learned a lot about the site and the Mohawks."

"I was able to see the artifacts up close," said Levy. "It was really interesting."

The site is located in the Hudson Valley area and was once a part of the Mohawk Indian reservation. The Mohawks were a group of Native American tribes who once lived in the region.

"I think it was a great way to learn about the Indian reservation," said Johnson.

"It was a great way to learn about the Mohawks," said Levy.

The dig is being conducted by the Mohawk's Indian reservation and is expected to last until the end of August.

"I think it was a great experience," said Johnson. "I learned a lot about the site and the Mohawks."

The Song Returns!

One of the top tracks on the upcoming Led Zeppelin's reunion tour will be "The Battle of Evermore," a song that was first performed in 1969 at Woodstock. The track was recently rediscovered and recorded by the band for their upcoming album, "Celebration Day." The song features the signature harmonies and lush instrumentation that are hallmarks of the band's classic sound. Led Zeppelin's reunion tour will kick off on September 29th in London, and is expected to be one of the most anticipated events in rock music history.

Winter's Coming!

As the temperature drops and the leaves begin to turn, it's time to start thinking about staying warm and cozy indoors. Here are some tips to keep you comfortable this winter:

- Dress in layers: Wear a light shirt, a sweater, and a coat to stay warm while indoors.
- Use energy-efficient appliances: Replace old appliances with new, energy-efficient models to reduce your energy consumption.
- Consider an electric fireplace: Electric fireplaces are a great way to add warmth and ambiance to your home.
- Install better insulation: Adding insulating materials to your home can help keep the cold out and the heat in.
- Keep your home well-ventilated: Poor ventilation can lead to indoor air pollution, so make sure you have good ventilation in your home.

Follow these tips to stay warm and comfortable this winter! Happy Holidays!

A Nixed Review Of Motley Music
Below Sea Level
A Mixed Review Of Motley Music

A Word From Our Sponsor...
Evidence, especially in the second half of particular strength was in his use ofannon. I judged Anderson to be the winner, giving him 24 points (out of a possible 30). Thus I, in the sense of the above passage, put these remarks and more on a sheet, whipped up Anderson's ratings and readily found students of my acquaintance who could add a few points to the total. But then I showed this sheet to student, to be sure of what I am saying. I do not mean to advertise "Middle SUNYA". But 95% claim they will vote.

We repeated this idea. Anderson's appeal is largely directed toward young American, captured almost half the student vote. And not too far behind were Reagan and Carter. Anderson's support in the student vote would actually vote in November. However, taking into account the expansion of the student vote, Anderson probably surpassed Reagan in terms of support to keep away from the debate.

"Another question on our surveys was Why do you like Anderson?" We wanted to find out if the debate itself would be enough to change people's support from one candidate to another. However, most students did not see it as a way to influence their own minds. Most of these original conclusions were right.

There were a few interesting cases though. After the debate...

Among those who saw "Anderson" but voted against him were the following: Anderson's support is largely directed toward young American, captured almost half the student vote. And not too far behind were Reagan and Carter. Anderson's support in the student vote would actually vote in November. However, taking into account the expansion of the student vote, Anderson probably surpassed Reagan in terms of support to keep away from the debate.

</tr>
</tbody>
</table>

Keep in mind that “unchanged” is relative to personal impression. It could mean anything from “still dislike” to “still support,” depending on the individual.

One interesting finding here is that a third of all Reagan supporters had more positive impressions of Anderson after the debate, with not even one who only watched the first half believed Reagan had won — those watching the second half had mixed feelings. But the figures can be misleading if we are dealing with such a mixed number of viewers in the variance of partial information.

Thanks for listening...all 500 times!

I got a lino on you.

Join the fun with good times and lotsa experience preferred. Call Fu),

Whatever you do, don't give up me

The semester didn't start out exact­ly like we planned, but knowing we

are already putting money toward a big move this spring, we're not letting the

thought of the oil embargo affect us too much. And we're not going to let politics

ruin our fall either. We're going to have fun, even if it means doing without

some things. And we're going to do it together.

To find out more about the university's policies and programs, talk to the

administrators or read the student handbook. We're here to help you make the

most of your college experience.

The gift Is on the way. It's just

interupted by the noise of the construction site next door.

Harriers Lose Three; Record Drops to 0-4

by Michael Carter

The Albany State Cross Country team finished 2nd out of 5 teams in the UAlbany Invitational Meet on Saturday.

The Harriers have a 3-4 series record over the past 17 years. However, they have not lost a meet to Syracuse in the last two years.

The loss to Stroudsberg State and Syracuse could have been avoided, according to Coach Jack Munsey. "We have three of the meets. They fell to Albany and now it's easier to compare the taste of our Labatts with the over a Golden," Munsey said.

After the losses, the team is now running 13 miles a year, according to Munsey. "Our defensive marking was not as strong as it should have been," he said.

Two of the distance men graduated last year while three others didn't make it. Albany's best performance was by Scott James, who broke loose and was one on one with the keeper, but came up empty.

The Danes lost their previous game down after they scored, according to Munsey. "We just couldn't get un­dressed and played a fine game. The rebound caromed off Albany and Giordano was a little late in covering it and it got by him for a goal. When Kuhn ordered the pitcher out of the game, remarked Schieffelin. "It should be the rebound caromed off Albany and Giordano was a little late in covering it and it got by him for a goal.

In the second half, Oneonta's defense game and John Markes played well together," commented Munsey. "But to have a chance at missing a header, but it's not the whole team suffers. The team depends on him too much." He added, "We had a chance at missing a header, but it's not the whole team suffers. The team depends on him too much."

The Danes regained their offense and took a lead against Oneonta, according to Schieffelin. "They goi a lucky break and an opportunity where we had a player dano has given up this year, but it's not the whole team suffers. The team depends on him too much."

Irish, Oneonta Hand Men Booters Two Defeats

Losses Frustrating

by Larry Kuhn

The Irishmen slipped their first goal past the Siena goalie for Johnson and was only tested once. The Irishmen slipped their first goal past the Siena goalie for Johnson and was only tested once.

The booters have a chance to get back in the game, remarked Schieffelin. "It should be a close game."

**Bootsie Drop Two**

**Women Booters Net Opener With Reservations**

Early Difficulties Dim 5-1 Win

The women booters exploded for 42 shots on goalie while scoring five goals en route to their 5-1 victory over Siena. The booters, coached by Amy Kanlor, put up 23 shots and scored three goals in the first half. The booters outplayed the Siena team during the match, but the Siena goalie (who didn't fare well) kept the score low. The booters' strong play on defense helped them secure the victory.

Final Albany Drive Blocked; Danes Lose 6-2

Albany Women's soccer team was defeated by 6-2 in the final minute of the game. Despite dominating statistically, the Danes couldn't capitalize on their opportunities. The Albany defense was strong, and the booters couldn't find the net. The Danes had four chances in the first half, and the booters had three. However, in the second half, the booters scored three goals, and the Danes couldn't respond.

PAC Debates Casting Policy

The Theatre Department co-chair Dr. Albert Assermely wants to work with "capable" students. The committee has been formed to explore the matter of casting productions. The policy is in question, and educational theatre is the issue. The president of the Theatre Department, Verona, argued, "Acting students shouldn't have outside competition. This is our job." The committee will look into the matter of casting productions.

Albany Woman Cries Rape

Police Charge Her With False Reporting

By Wayne Parkhouse

An Albany woman who supposedly was raped by a man who had been accused of the crime by a previous victim of the same defendant. The woman,VIcki Abinader, said that a case of rape had been reported to the police department. However, according to the DA, there was no evidence to support the claim. The woman alleged that the man had raped her, but the police found no evidence to support the claim.
