Confusion in the Cafeteria

The recent organization and remodeling of the Cafeteria and Annex area by your writer has placed immediately on his desk a large diversion. It appears that the Cafeteria is being run in an orderly manner, but the Annex is a convenient place for meals.

This year, for the first time, the Annex has arranged its menu in such a way as to provide a variety of dishes, including sandwiches, soups, and desserts. The Annex has also extended its hours, providing meals from early in the morning until late at night.

Many students, however, have expressed concern about the Annex's organization. They feel that the incipient system is not working as efficiently as they would like. The Annex staff has been working hard to improve the situation.

Weekly Bulletin

No incumbent in the position of president of the student association has been elected this year. The position has been vacant for several weeks, and the students are waiting for a new leader to emerge.

The recent elections have been postponed due to the confusion in the Cafeteria. The students are hoping that the new president will be able to address this issue and improve the situation.
