To the Editor:

Professor, House selection committee, Department of Education

In the Spring of the present academic year, members of the department of education at the University of Albany will be conducting an important selection process for student assistants. It is an ongoing process that begins in the fall and continues through the winter months. The purpose of this selection process is to identify and select qualified students for various educational roles within the university. This involves evaluating the academic performance, leadership qualities, and personal attributes of the applicants. The committee will be looking for students who demonstrate a strong commitment to learning and a desire to make a positive impact on the educational community. As a student, you should be aware of the significance of this process and ensure that you meet the necessary requirements to be considered for a student assistant position.

Best Batts

School of Ed

To the Editor:

Professor, Science Education

The proposed nationwide "no-fault" insurance is a subject of interest to every American with a sincere desire to protect his property and personal safety. What is the principal appeal of no-fault insurance? It is the belief that it will simplify the claims process and reduce the cost of insurance. However, no-fault insurance may not be the best solution for all situations. It is important to consider the pros and cons of no-fault insurance and to make an informed decision based on your personal circumstances.

H. Craig Sipe

Sincerely,

The Stonewall "Stale" will be presented at the Palace Theater in New York City on Wednesday, April 21. For ticket information, call 372-7733.
**Albany State Judo Club Hosting Eastern Tourney**

By Peter Goldman

The Albert State Judo Club has been competing for the past several years in the annual tourney of the American Midwest Amateur Judo Association (AMIA), held at the RPI. This year, the AMIA tourney will take place at Sarnoff Auditorium on Saturday, March 28, with the Judo competition beginning at 3 p.m.

The Judo competition will feature three divisions: the junior, intermediate, and senior. The junior division will consist of athletes aged 15 and under, while the intermediate division will include athletes aged 16-18. The senior division will be open to athletes aged 19 and over.

The tourney will be held at Sarnoff Auditorium on the campus of RPI, and tickets will be available at the door. For more information, contact the Albany State Judo Club at (518) 274-8383.
Action On Environment Urged

by Mat Hestrin and Rick Neme

Environment has been labeled the most of the 80's by Presidential le
ders. Under the pressure of "environmentalism" (as a political move
toward a green philosophy that has swept the United States into the
to a new dimension of concern), the passing of the Environmental Legis-
lation was made by the National Congress. The environmental move-
ment is a vital conservation issue. A "developers" in general, Public
interest groups, legislators, and other concerned citizens have ac
cused them of exploitation of natural resources for money, and in our
society and culture we have quite a few laws that will not allow us to
profit from the environment. It is the public interest that is the
major concern of the environmental movement.

The Future of the Adirondacks

The state of the Adirondacks area is a vital concern to the envi-
enmentalists of the state, as well as to the public. The New York State
Temporary Committee on Conservation has been actively working on
this problem for a few years. The Adirondacks are a unique area
in the state, containing many unspoiled areas and natural resources.
This area contains many forests, lakes, and mountains, which are
valuable to the state and the public.

Bill No. 4231 - Introduced by Mr. Harris

This bill will establish the Adirondack Park Agency, which will
be responsible for the management of the park. The agency will
have the power to regulate the use of natural resources in the park,
and will also have the power to establish rules and regulations for
the use of the park.

Bill No. 3516 - Introduced by Mr. Hanlon

This bill will provide for the protection of the environment in
the state. The bill will require the state to establish a program for
the protection of the environment, and will also establish a com-
munity board to oversee the implementation of the program.

Bill No. 3431 - Introduced by Mr. Belfi

This bill will establish the Environmental Conservation Board.
The board will be responsible for the protection of the environ-
ment in the state, and will also have the power to establish rules
and regulations for the use of natural resources.

The Organizers of the Co-op

The organizers of the co-op store in Mohican Hall on Indian Quad
will be holding a record sale in the bookstore. People will be able to
purchase records for a very low price, and the proceeds will go to
the Committee on Conservation.

Record Co-op To Open

by Tony Maio

The Co-op store in Mohican Hall will be opening a record co-op in
the bookstore. The co-op will be selling many albums for a very
low price, and the organizers hope to raise money for the Committee
on Conservation.

Women's Lib Marches on Capitol

by Stephanie DiLeo

After a march from Steinway Hall to the steps of the Capitol the Demo-
cratic Caucus sponsored the Women's Rights Caucus and passed a bill
approving approximately 500 or so women's issues. The bill passed
by a vote of 49 to 9, but the bill was not approved by the full House
of Representatives. The bill was passed by the House of Repre-
sentatives, but the Senate did not approve the bill. The bill was
done in a rush, and the version that was passed by the House of
Representatives did not include many of the key provisions that
were included in the Senate version.

Legislature May Force Milne School to Close

by Vali Zizik

The Albany school district, which operates the Milne School, may
be forced to close the school if two bills being considered by the legis-
slature are passed. The bills, S2816 and S2817, if passed, would
force the school to close or sell its assets. The school has a large
amount of property, and the bills would require the school to
sell or lease its assets if it does not close. The bills would also
restrict the school's ability to raise funds for its operations.
