SERVICES IN HONOR OF THE MEMORY OF DR. L. A. BLUE

Dr. John H. Finlay, Dean of the College for Teachers, took place recently in the auditorium of the College and was attended by two students. The service opened with a procession which was presented by Samuel F. B. Jordan, followed by the reading of a committal address by Dr. John H. Finlay, President of the College.

The committee appointed is indeed good news. This committee will continue the best results that have been made in the past. The committee is composed of Misses F. R. and Lois Knox, Messrs. K. R. and Charles W. Carr, then sang, "I Have the Sound of Voices," Dr. A. B. Brubacher, President of the College, and the students of the work and accomplishments of the late dean. He told of his first meeting with the future dean at his office in the Schenectady and how he was immediately impressed with Dr. Brubacher's earnestness. Dr. Brubacher said that Dr. Blue's absence from the college halls was missed daily and that the students felt like "sheep without a shepherd." Realizing that it is next to impossible to play the game after a Thanksgiving dinner, the committee decided to commence the games at 10 a.m. of the second day. This sets the relay race between the two classes, a tug-of-war, and the main feature of the day, the football game to decide the supremacy between 1919 and 1920. Whether there will be any other events has not yet been definitely decided.

The games will be held at Ridgefield Park, the time as before at 10 a.m. Ridgefield is on Partridge street, about three blocks south of Madison avenue. Partridge street is four blocks west of the college. All the college people who will be in Albany over Thanksgiving will be expected to be present, as not only will the invigorating air be a good appetizer, but also good sport will be witnessed. The Sophomore adherents will be expected to take north side of the field during the events, and the Frosh supporters will locate themselves on the south side. This will enable the classes to have cheering and a contest of cheering ought also to result from this.

CONSTITUTION OF MEN'S A. A. TO BE REVISED.

At a meeting of the Men's Athletic Association held on Wednesday, November 20, it was voted by a large majority to revise the constitution of the association. This ancient piece of literature has been the cause of more trouble than was good for the A. A., and that it is at last to be revised is indeed good news. The committee appointed is made up of three Faculty and two student members, namely Professors Risley and Mahar and Coach Hubbard and Jesse Jones '18 and Ernest Bobe '19. From the work of this committee, the best results are expected.

THANKSGIVING FIELD DAY.

Sophs-Frosh Contests Arranged.

Because of the one day Thanksgiving vacation the committee is in charge of activities between the Frosh and Sophs thought that it would be a fine occasion to hold a Frosh-Soph Day. Realizing that it is next to impossible to play any games after a Thanksgiving dinner, the committee decided to commence the games at 10 a.m. of the second day. This sets the relay race between the two classes, a tug-of-war, and the main feature of the day, the football game to decide the supremacy between 1919 and 1920. SPECIAL WUKSTRA!

Faculty Meeting Held in Boiler Room—Dr. Dickson Addresses Assembly.

At a meeting of the nether-faculty held in the boiler room last night Dr. Dickson addressed a large and appreciative audience on the subject of connecting the college drinking fountains with the corner Central Avenue-Detroit Street.

This proposition was acclaimed with delight by the large assembly who had previously expressed dissatisfaction at the present two per cent. solution which the State furnishes. The subject will be again brought up at the next meeting when a full (as usual) attendance is expected. Hon. Col. Charles will then speak on another important topic of the day. Bean Swift will report on all speeches made at that time. Very good, Eddie. Now step this way please, into Our Ladies' Department. With apologies to the writer of "My Heart Is in the Badlands."

I'm going to start going along lines from here. To an Old Country Churchyard. So lone and so drear; Where I'll gaze upon tombstones held before long. When the call comes let not anyone be mourning.

Two cheers have already been submitted and published herewith:

2. Coll—eye N.Y.S.C.T. Team!

The first syllable of each College is to be long and rolled out a half minute or so, the second syllable to be short and sharp. N. Y. S. C. T. is to be yelled moderately fast, Team, etc. slightly slower.

STATE COLLEGE STATE COLLEGE

The "State College News" will deem it a favor should any student hand in an original cheer for the cheer contest. This contest has been decided upon by Cheerleader Puderpauh, who inclined the Men's A. A. to offer three prizes for the three best cheers submitted, namely, $3.00 for the first, $2.00 for the second and $1.00 for the third. Everyone ought to get busy and work out a good original yell and submit it.

Cheer practice will be held before long. When the call comes let not anyone be missing.

Two cheers have already been submitted and published herewith:

2. Coll—eye N.Y.S.C.T. Team!

The first syllable of each College is to be long and rolled out a half minute or so, the second syllable to be short and sharp. N. Y. S. C. T. is to be yelled moderately fast, Team, etc. slightly slower.

How about your college? To those of you less favored by fortune, who have struggled hard to gain the privilege of being here, we put this question knowing full well that your answer will be that your college means everything to you. To all others we want to say that this ought to be their answer also. But since it is not, we have another question. Have you not enough interest in your Alma Mater, not enough respect for your faculty, not enough love for your fellow students to contribute the sum of twenty-five cents toward the welfare of all?

The drop of red blood, if there you can find anything resembling gratitude and loyalty in your Alma Mater, take off that cost of indifference you are wearing and fall in line.
PROMISING OUTLOOK FOR WINTER SPORTS.

Good Hockey Team Looked For.

Winter represents for some of us a time of little interest in the world outdoors. We instinctively turn to the inside work in the gym and to our studies. Literally we make of ourselves what they call, in slang phraseology, "in-door sports."

This year we are undertaking to establish permanently outdoor and winter sports, which will keep up the interest of the men as well as the young women. We want to see the thaw of the summer replaced by the rosy checks of winter.

The men of the college have thus far responded with great zeal and enthusiasm to football, our fall sport, and now it is hoped that the same fervor will be shown in the approaching cold weather, for we are planning on having a hockey team here which will hold its own on the ice against all opponents.

This skating rink is a great surprise to most of you, but you would be more surprised to know the small amount of money it will cost us, and how reluctantly the Men's A. A. appropriated money for such a worthy undertaking.

The city of Albany bought the lumber for the rink, which will be 120x60 feet and 2 feet high. The remaining expense for grading the lot and for the hockey cages, etc., will be shared by the College and the Albany High School.

Monday afternoon the sections of the rink were put together and staked in the ground by the men of the Freshman gym class. Soon we will begin wetting the ground, preparing to flooding the rink, and then the prayer for cold weather will begin. Manager Burns is doing his best with the limited resources at hand, to arrange a fine hockey schedule.

The women of the college will be at liberty to use the rink for skating whenever the hockey team is not practicing there.

The regular gymnasia classes have been organized and are starting Monday. The classes this year are larger than ever and many new subdivisions were necessary. A class in advanced gymnasia work will be begun in the near future. This class will be made up of only those men who have proven their ability to do the work required. Last year the members of this class were the nucleus of which the group of men was formed, who gave the annual exhibition in the gymnasium. This year the same plans are being made by Dr. Physical Director Hubbard. All of the members of the class will probably be on the gym team. Some of the men who have signed their intention of joining are: Cassavant '19, Zehlian '19, Greenblatt '18, Delisle '18.

To the Girls of the College.

It was encouraging to have over forty girls out at the inter-class football game Saturday afternoon, but there ought to be four or five times as many as that. Get out and cheer for the fellows and show them that you are interested! They need all the support from the side lines that can be mustered. Be on hand this week and do your share in banding football in S. C. T.—One Girl Who Was There.

GYM. FROLIC.

About three hundred of the girls interested in athletics and a good time, enjoyed a frolic in the gym, Friday evening, November 10. And a good time it was. Gymnasium games, dancing, baseball, and table, made the time between 7:30 and 11:00 full of excitement. Miss Grey danced the "Maid of the Mist" and charmed the Freshmen, as she has already charmed the upper class at other gym frolics.

But the basketball game! It was played by picked B. A. and S. S. teams, and was, as a Freshman said, "awfully exciting." The resulting score was 18-9 in favor of B. S.
