Indian Quad:

Early Bird Gets State Dorm

by Jeffrey P. Bernardo

"Get up, Jeff," was my roommate's reveille cry at 6:50 this morning. The sun was just coming up over the foil treetops as I dressed, the cool air making me shiver slightly. Last night I got the best dormitory room in the whole building. I'm in the corner at the top of the stairs and the sun comes in the windows during the day. As I walked down the hallway, I could feel the morning sun's warmth on my face. I was happy to see that my neighbors were getting ready for the day as well.

STUDENTS WANTED:

A new course featuring Russian history, literature, and culture will be offered this semester. The course, entitled "Social History of the U.S.S.R." (His 485), will be held on Tuesdays and Thursdays from 3:30-5:00 in Lecture Center 2. Because it is a new offering, the class size is limited, so interested students are encouraged to enroll early. The course will be taught by Professor Michael Gershenson, who has expertise in Russian history and literature.

The course will cover the history of the U.S.S.R. from its inception in 1917 to its dissolution in 1991. It will explore the political, social, and cultural developments that shaped the country, including the Russian Revolution, World War II, and the Cold War. The course will also examine the legacy of the Soviet Union and its impact on contemporary Russia.

If you are interested in enrolling in the course, please contact the Department of History at 518-445-2345 or email history@albany.edu for more information. We look forward to seeing you in class!

Senate Knocks Action Taken On S/U Grading Exclusions

by Stephen H. Goldstein

The Undergraduate Academic Council's proposal to grant S/U grading exclusions to students in the College of Arts and Sciences and the College of Business Administration was voted down by the University Senate at its meeting on August 27. The Senate proposal for S/U grading, which would allow students to opt out of traditional letter grading, was defeated by a vote of 59-41.

The Undergraduate Academic Council had proposed the S/U grading exclusions as a way to provide students with more flexibility in their course selection and to reduce the pressure to achieve high grades. The proposal was supported by some members of the University Senate, who argued that the current grading system is too rigid and does not allow students to explore new subjects or to take courses for credit without fear of negatively affecting their grade point averages.

However, the proposal was opposed by many members of the University Senate, who argued that the S/U grading exclusions would undermine the integrity of the academic system by allowing students to artificially inflate their grade point averages. The opposition to the proposal was led by the Faculty Senate, which passed a resolution opposing the S/U grading exclusions.

The Senate's rejection of the Undergraduate Academic Council's proposal was a blow to those who had been advocating for a more flexible grading system. Some members of the University Senate expressed frustration with the Senate's decision, arguing that the current grading system is too restrictive and that students should be allowed to make their own decisions about their academic pursuits.

Parents Hecke Council For Killing Day Care Funds

by Allen Alborn

The Parents Hecke Council has come under fire for its decision to kill Day Care Center fund raising activities. The council, which is made up of parents of SUNYA students, was formed in an effort to ensure that the Day Care Center is run in a manner that is consistent with the interests of the students and their families.

The council's decision was made after reviewing the center's financial status and considering the impact of the center's activities on the student community. The council's goal is to ensure that the center is able to continue providing quality care for the children of SUNYA students and their families.

The council's decision has been met with mixed reactions from the SUNYA community. Some parents support the council's efforts to ensure that the center is run in a manner that is consistent with the interests of the students and their families. Others, however, believe that the council's decision is an overreach and that the center's activities are beneficial to the student community.

Investigative Series Begins Today

Inside Your Faculty-Student Association

by Al Sena

This is the first in a series of investigative reports that will examine the inner workings of the University's Faculty-Student Association (FSA). The FSA is a student organization that represents the interests of full-time undergraduate students at SUNYA.

The FSA has been under scrutiny recently due to allegations of mismanagement and financial irregularities. The investigative reports will delve into these allegations and explore the FSA's role in the governance of SUNYA.

We hope that these reports will shed light on the FSA's operations and provide the SUNYA community with a better understanding of the organization's role in the university's governance.

Wranglers Jeans and Mr. Wrangler Sportswear at J. B. Hunter

Albany, New York
News Notes

A new 750-car lot has been built northeast of the main produce for visitors and others who will be attending these three events for the 1971-72 season.

On order of the Board (Division's annual meeting last month), SUNYA's has been sold to divert $30 million of Federal program credit into the equipment rental of $7 million that will be dedicated to the Federal government's student service program, called the Federal Work Study Program.

The Federal Work Study Program, which has been a significant source of revenue for the University, is being used to encourage more students to seek employment opportunities and to support the University's financial needs. The program provides funding for student workers to gain valuable work experience and to contribute to the University's financial resources through their part-time employment.

The Federal Work Study Program is an annual program that receives Federal funding to support student employment opportunities. It aims to provide students with the opportunity to gain valuable work experience while meeting the University's financial needs, thus allowing the University to continue to provide quality education and support to students.

Snack Bar Passes Discontinued Due to Space and Financial Woes

The Student Press department of Anthropology.

The Student Press department of Anthropology, in collaboration with the Anthropology program, has announced the discontinuation of the snack bar at the University. This decision was made in response to space and financial constraints that have affected the operation of the snack bar.

The snack bar operates as a service to students, faculty, and staff, providing a convenient and affordable dining option. However, due to limited space and increased operational costs, it has become challenging to maintain the quality and sustainability of the service.

The discontinuation of the snack bar is a result of the University's efforts to optimize resource allocation and to address financial constraints. The decision was made with the intention of preserving other essential services and to ensure the overall financial stability of the University.
**Editorial Comment**

"Graffiti" stands for the feeling we're not being heard. It's the feeling that the press is not giving a voice to the people who feel the war is wrong. The feeling that the people who have been the target of the war are not respected.

The University Counseling Center has help for those who feel they are being overwhelmed by the war. They also offer help for those who feel they are being overwhelmed by their own feelings. The University Counseling Center is located in the Counseling Center Building, 1111 College Ave. The Center is open from 9 a.m. to 5 p.m., Monday through Friday.

had the occasion, they displayed themselves in the most theatrical of ways, if that didn’t affect them, the cheers around the stage might have. And it’s not less about the actual songs, but about the whole act. The guys were all equally long and mid-length hair, and the guitarists on stage were wearing jackets that seemed more suited for the road than the stage. The only thing wrong was a material difference. The guitarists were not as predictable, but added to the atmosphere. As to us, it was pretty good overall. I remember seeing a certain actor at a movie where a good part of the audience liked this kind of music. The guy on the second from the left in the photo was wearing a blue polka dot shirt, which somewhat resembled the one he showed up in. That guy with the guitar, he was an actual rockabilly. His dress had a certain flair of the 50s, with the vocal style of the lead singer. It didn’t quite fit the rest of the band, but we sensed there was a bit of “Lovin’ Cup” coming through. The lead singer was really good, especially on “Walk Don’t Run.” The rest of the band was quite similar to the original version by the Marcels in the first half of the song “Sixteen Candles” was the lead singer really took over there. And we sensed that there was a real fine Presley imitation on stage. We didn’t really expect it, but it was quite good, and it was a surprise. It’s more than just campy. The whole act was really good, especially on “Walk Don’t Run.” The rest of the band was quite similar to the original version by the Marcels in the first half of the song “Sixteen Candles” was the lead singer really took over there.
