Activities Day Serving to Stimulate Student Aims; 'Don't Hesitate—Participate' Marks Theme of Progress

Group Officers Go All Out To Recruit Freshmen Talent

Once again the familiar entreaty, "Don't hesitate—participate," will be heard as Student Groups are calling on freshmen to take an active part in campus life. The theme of this year's Activities Day, being held this year Thursday, from 6 to 10 p.m. in the Brodhead Student Union, is "Don't hesitate—participate." Another theme, "Nuit de Paris," will be observed at the Bridge Night, Thursday, October 9, in the Union, under the sponsorship of the French Club.

According to Judy Eberly, '61, Chairman of Activities Day, "The theme of this year's Activities Day is to invite all freshmen to participate in many of the activities that the students enjoy. We want to show them that there is much more to college life than just their classes and that they can have a lot of fun by getting involved in the social activities of the campus.""

Audio-Visual Show

A feature of this year's Activities Day will be a presentation of a slide show, "Life in France," which will be shown at 8:30 p.m. in the Union. The show will include slides of various scenes in France, such as the Eiffel Tower, the Louvre Museum, and the Seine River. The show will be followed by a reception in the Union.

This is the week for the big news. By the time you get your newspapers they have forgotten the details. The facts are: the freshmen have resigned. They have resigned to save the student body from the policy of the Student Government Association. This policy is that they would have to spend all of the leftover money on student events, and the freshmen would have to pay for it. The freshmen have signed affidavits to show that they have met the qualifications to go to activities.

"This was the Red Cross drive, also—"—Mr. Popcorn. Figured those parts, the latest news at communication, the latest news at the Red Cross, the latest news at the student activities. The most recent survey of the student body shows that the freshmen are more interested in the Red Cross drive than in the student activities. So, you know, they are more interested in the Red Cross drive than in the student activities.

Fact or Rumor?
The rumor has circulated, this week, the Homecoming Dance and the Junior Prom will be on campus this term. They are interested in the use of alcohol. What isn't true?—No it isn't. But in typical gossip fashion, everyone has heard and spread the fact.

In the first place the policy of the administration concerning alcohol is summarily cited in the Freshman Handbook. In the second place the rumor was completely unfounded. On the basis of past experience we don't see how it could be believed.

And finally, we're glad it isn't true. E.S.
