The Governor Travels

We have been rating with increased interest the actions of Governor in the past few weeks. With the Governor's administration, he has been justifying his travels out West. Rockefeller has a decided advantage in the current presidential campaign. But we think that he has many more important things to do and that this should be a time for him to make a strong showing.

With that in mind, we suggest the following: In the past two years, Rockefeller has tried to break through the circle of孤立, and to some extent, he has succeeded. But it is not enough. He must continue to build his prestige and credibility in the eyes of the people.

We are not saying that the Governor is not doing a good job. He is doing a great job in running the State of New York. But we believe that he can do even better by devoting more time to his duties.

The Governor has a lot of work to do. He must work hard to win the support of the people. And he can do it by showing them that he is a strong leader and a great administrator.

The Governor has a lot of work to do. He must work hard to win the support of the people. And he can do it by showing them that he is a strong leader and a great administrator.

That is why we are那么支持Governor Rockefeller. We believe in him and we know that he can do it.

DUAL FILTER DOES IT!

Filters as no single filter can for mild, full flavor!

Here's how the Dual Filter does it:
1. It combines a unique twin filter of Activated Charcoal and Cellulose to give you the taste of a cigarette and remove the taste of the cigarette.
