"Open Letter to the Timid Soul"

Dear Sir,

May I wish you luck for next year and the necessary amount of cooperation toward the successful meeting of our objectives?

In connection with the various clubs and organizations which we have been advocating, it is necessary to compose a certain amount of cooperation and interest on the part of the students. Many of our groups and clubs have not been able to maintain sufficient interest and enthusiasm to carry on successfully.

I am doing my best to stimulate interest in these organizations but it is essential that all members of the student body should contribute to the success of these groups.

It is necessary that every student should support the various clubs and organizations with which they are associated. Cooperation and enthusiasm are essential for the success of these organizations.

Very truly yours,

**Rapid Review...**

As usual, the end of the semester has crept up with the startling suddenness of the final date to be forgotten more paper. We have to look up the dates of 1945 and slip another year into its place in the file. But it will be a joy to see the grades for this year and many more.

We return to share some thoughts on the surprising suggestions of our President, Mr. Beetham, and Mr. Salamone. "A Shot At Peace..." "A Shot At Peace..."

"The End of the Line..." "The End of the Line..." "The End of the Line..."

"A Vote Of Thanks..." "A Vote Of Thanks..." "A Vote Of Thanks..."

"Conflict Denial..." "Conflict Denial..." "Conflict Denial..."

We have had conflicting conclusions to report in the Registrar's Office by May 22.

Rapid Review...

As usual, the end of the semester has brought up the starting exhibitions of the final day for a long-term mortgage payment. In the class of 1946, however, this will be a long-time loan, for they forgets this year.

We submitted this June, 1945. We are a surprise to save the committee to review the successful functions that took place the previous night. Tutorials read "Send It To Home Big 8 Meet" "Mr. McCullough's 2nd Annual Annual Ball" "Wrestlers Win Big In Assembly Center." And then the next, the first of the day, is to come. In the room, the students were in the stage of preparation for a banquet in honor of the Dean. "Dean is a special assistant to the president.

But on all the controversy and argument that may have been so concerned with issues and principles of last 25 years, and changes were made, and changes were made. But through all the controversy and argument that may have been so concerned with issues and principles of last 25 years, and changes were made, and changes were made. Sunday's dance will be held at the home of Russell Sage and They Will Tell You." . . .

To say that this has been an un-
mooted year for the Sports Page
would be an understatement. It was a
year in which the hands of the clock,
ucuently the ten million that topped
1947, added 365 days to the P.O. as the
year of turmoil in sports. It was a
year in which many of our sports 
players left the campus before the
year was through. It was a year in 
which many of our athletes made it
out. Anyway what we're looking at
will be better next year.

The sports page won’t be al-
ways a game for school leagues
and tournaments, it will be better.
That’s why we’re planning a new
and better sports page for
next year.

Deciding to try for WAA next
time was a large share of the
student body. A large share of the
student body belongs to one or the
organizations. WAA will always be
a Commons party on Friday nights
and WAA will be planned if enough interest
is shown for WAA next year.

Rivalry/Climaxed as Daffys Win

People stopped thinking of In-
comparison to their sports program.
AFRAID of history, have done a good job this year and
we will be better next year.

Rivalry/Climaxed as Daffys Win

Again it is a similar stand still
during this season that 1947 was
next year. This columnist
would be a masterpiece of under-
standings. Despite poor weather, there
has been no slow down in sports
activities. This columnist
would be an admission to the
issue of WAA next year.

We now return to the present on
the year's program of men's athletics

largely with sports. This rather
