New York State

ELECTION '70

by Bob Warner

The 1970 mid-term primary elections were to have given Nixon a slight edge in the Senate, and a return本科生 housing to the House. The Republicans, who have governed Congress for two terms, including Bradley, by nearly 100 seats, however, have not picked up a single Senate seat in the primary elections. This has been due in part to the fact that the Republican candidates were not able to gain control, plus an incredible amount of energy by people like Buckley, Agnew, and Nixon. Nixon's strong presence in California has been a major factor in his success. However, their inability to gain control of this state means that the Republicans have not been able to elect another Senator from California.

This is a testament to the strong efforts of the Nixon administration. The Administration has gone to great lengths to prevent the Nixon administration from gaining control. They have achieved a slightly more significant outcome, however, due to the fact that there are no Senate elections being held. This is because the Senate is not in session, and the Administration has been able to prevent the Senate from voting on the issues that Nixon has brought to the floor.

Another consequence of maintaining Nixon's campaign efforts is that the President has been able to achieve a significant victory in California. This has been a testament to the strong efforts of the Nixon administration. They have achieved a slightly more significant outcome, however, due to the fact that there are no Senate elections being held. This is because the Senate is not in session, and the Administration has been able to prevent the Senate from voting on the issues that Nixon has brought to the floor.

Election Results

The Nixon administration has achieved a significant victory in California. This has been a testament to the strong efforts of the Nixon administration. They have achieved a slightly more significant outcome, however, due to the fact that there are no Senate elections being held. This is because the Senate is not in session, and the Administration has been able to prevent the Senate from voting on the issues that Nixon has brought to the floor.

Senatorial Races

Alabama- Ross Barnett (R)
Arizona-Pat Brown (D)
California-James E. Chaffee (R)
Colorado-Dinye Exon (D)
Connecticut-Louis J. Culver (R)

Wyoming-James W. Sibley (R)
from within

The faculty of the School of Library Science is studying the possibility of offering the degree of "Master of Information Science," and students will receive credit for the courses taken this fall. The aim is to establish a program that will provide students with the knowledge and skills needed to work in the field of library science. The program will be offered next semester; the class will be limited to 40 students.

from without

The ASD will not publish Friday, November 13, 1970.

A new 3 credit course, nonviolent conflict resolution forum, will be offered. It is hoped that this group will begin full-time students are spending the semester in a 12-staff members were stationed in the gym.

TUESDAY, NOVEMBER 10, 1970

Alumni and friends of the University are invited to attend a special concert on November 20th at 8 P.M. in the Campus Center Ballroom.

BOOSTERS on sale in the Campus Center Main Lobby daily from 10 A.M. - 2 P.M. - $50 for a button, off sale all week, and a chance for door prizes.

PLAY "Ray of Hope" put on by Hope House, Friday, November 20th at 8:00 P.M. in the Campus Center Ballroom - donation is $50.

AUCTION donations should be brought to respective quad representatives before November 20th. Auction will take place Saturday, November 21st at 1 P.M. in the Campus Center Main Lounge - door prize drawings will follow - be there!

COMMUNITY SERVICE

Mean Relevancy

by Bob Bollanese

Throughout the last decade, students have been studying, researching, and participating in the various social movements that have swept the nation. Among these movements, the anti-war movement has been one of the most prominent. The students' involvement in this movement has been significant, and has helped to shape the course of history.

While the anti-war movement was gaining momentum, another movement was also gaining strength - the women's liberation movement. This movement was founded on the principles of equality and freedom for women, and has been a powerful force for change in society.

In recent years, a new movement has emerged - the nonviolent conflict resolution movement. This movement is focused on resolving conflicts peacefully, without resorting to violence or aggression. The students have been active in this movement, and have been instrumental in bringing about change.

The students have also been involved in the environmental movement, advocating for the preservation of the natural world and the protection of the earth. Their efforts have helped to raise awareness about the importance of sustainability and environmental conservation.

In conclusion, the students have been instrumental in bringing about change in society. Their involvement in various movements has been significant, and has helped to shape the course of history. The students' activism continues to this day, and their impact will be felt for generations to come.

Mandatory Student Tax Is Still An Issue

Two Studies Recommend Voluntary Tax

by Shoma Cohen

The recent directive of the Chancellor of the State University system to charge mandatory student tax for student government has led to a heated debate among students. The Chancellor's decision has been met with mixed reactions, with some students supporting it and others opposing it.

One study recommended a voluntary tax, while the other study recommended a mandatory tax. Both studies were conducted by different groups, and both studies presented their findings to the university administration.

The mandatory student tax has been criticized by some students, who argue that it is unfair and不合理. They believe that students should be able to choose whether or not to pay the tax, and that the tax should be voluntary.

Opponents of the mandatory student tax argue that it is necessary to fund the student government. They believe that without a mandatory tax, the student government would not be able to function effectively.

The debate over the student tax continues, with both sides presenting their arguments. The university administration will have to decide whether or not to implement the mandatory student tax, and will have to take into account the opinions of the students.

The Hippie Scene

by Bob Warner

The Hippie Scene has been a part of the cultural landscape for the past few decades. The Hippie Scene has been characterized by a rejection of the norms and values of mainstream society, and a focus on alternative lifestyles.

The Hippie Scene has been a source of inspiration for many people, and has been influential in shaping the course of history. The Hippie Scene has been associated with a number of movements, including the civil rights movement, the anti-war movement, and the environmental movement.

The Hippie Scene continues to be a part of the cultural landscape, and is still influential today. The Hippie Scene is a reminder of the power of culture and ideas, and of the ability of people to create change.

SUNYA-1. The eventual goal of the "unprogramed program." It is hoped that this group will be a faculty advisor. Melvin Sandy Kleinman, a member of the American Academy of Arts and Sciences, will participate and guide independent study.

SUNYA-2. The class will be limited to 40 students.

SUNYA-3. A new course, "nonviolent conflict resolution forum," will be offered.

SUNYA-4. The Students will receive credit for the courses taken this fall. The aim is to establish a program that will provide students with the knowledge and skills needed to work in the field of library science. The program will be offered next semester; the class will be limited to 40 students.

SUNYA-9. The Hippie Scene has been associated with a number of movements, including the civil rights movement, the anti-war movement, and the environmental movement.

SUNYA-10. The Hippie Scene continues to be a part of the cultural landscape, and is still influential today. The Hippie Scene is a reminder of the power of culture and ideas, and of the ability of people to create change.
THE AIRPLANE

by Roy and Shirley

The sold-out crowd was greeted by heavy security when admitted to the gym around 9PM. Signs warned the audience to "Think--Don't Smoke," and before the concert began, Larry Brown, a member of the student body, made the same request.

At 9:00 PM, a folksinger from California, Burt Summers, performed. His first song, "Get Together," he wrote himself. It was his most outstanding selection.

At 10:15, the Airplane, led by Grace Slick, finally appeared. They played nine selections in the first concert. The performance was cold and discontented, and the sound in the gym was bad. They seemed to be inexperienced.

Although the Airplane was only warming up during the first concert, the audience was very deeply involved by the end of the evening.

During a twenty minute version of "Volunteers," a majority of those present were on their feet. Slick sang of revolution, and lights focused on the American flag.

The concert ended at 11:30 PM.

At the second concert, only the Airplane appeared. The performance lasted from 1:00 AM to almost 4:00 AM in the morning. The first concert was good. The second concert was phenomenal.

To the Editor:

Parents live. The Machine should not be allowed to cancel, and the same breath, told us that our presence as a student in a "seminary of learning." Certainly, we do not live in "seminaries of learning." There is no question that many people do not gain or lose residency by his being a resident of a particular community. Of course, the era of non-residency problems of administration has been a popular and widespread one, and is still the case. If you are interested in obtaining the details of this procedure, I would be happy to provide that information. The message that I wish to convey is that some people do not need to register to vote in Albany, as there are no residency requirements for registration in New York State.

Gail Cantor
Jean Dixon
Jef Sueider

To the Editor:

It perturbs me to think that critics dealing with the question of the resignation of Dr. Benezet are not aware of the facts, agrees with the facts, and knows we haven't had a single scene of panic and real danger. The change from students to staff is not the result of an inoperative system, but rather a consequence of the democratization that has occurred over the past few years. Nevertheless, I believe that the students at least are an administrator who is interested in the faculty's interests, and is committed to the democratization that has occurred over the past few years. Voting Rights Refused

To the Editor:

"...it's extremely important that we keep talking..."

The Albany Student Press is a publication of the Student Activities Office of the City of Albany, New York, and is published weekly during the academic year. The opinion of the Editorial Board does not represent the official position of the University of New York.

Editorial Comment

Emphasis Low Key

University administrators have come increasingly under attack from both the right and the extreme left. On one hand, administrators have been criticized for allowing radical factions to thrive, and on the other, for not doing enough to contain radicalism. The problem with both sides is that they fail to recognize the nature of the issue. The issue is not simply one of politics, but rather of how to deal with the increasing radicalism on campus. I think this is a situation that needs to be addressed.

"Welcome to the Saturday Night of Gold...."

First you have to find Burgundy Hall! If you’ve ever been downtown, it’s across from Washington Park on Saratoga Avenue. The entrance to the station is to your left, which has three pillars. So you go in, take the stairs to the second floor and make a right, which takes you to the studio. Go down the hall then the doors into the South Room. That’s where the music is. Head up the stairs to the right, then take the first door on the left. Anyway, after lugging the gear into the studio, you’ll find a large closet, which is the storage closet for most of the mic, cable, and other equipment. The studio consists of a control room, a recording room, and an equipment room.

MOST MUSIC PROGAMS originate from Studio A, WSUA’s main studio, where Assistant Program Director Mike Sakellarides is pictured presenting his show.

"Why do you spend five hours here doing the ‘oldies’ show every Saturday night?"

"I like doing it."

"Thanks for the answer."

The programming is, in most stations, primarily music. WSUA easily plays classic rock pieces from current albums selected from the library of over 200,000 LPs. WSUA is looking to expand its programming to offer different types of music as a mid-Hour night, for example, a soul night. From 10 to 12 pm, the music consists of soul singles. This programming is, as in most stations, primarily written by the DJ’s in the studio. The programming is not only music, however. Other programming includes news and documentary material.

Danies Try For 500 Season vs. HVCC Sat.

by John Carter

The Great Dane football team is looking to 

make a statement at Albany.

Coach Paul said that their season opener 

against HVCC could be a really big game 

for them. The Danes are coming off a strong 

season last year and are looking to pick 

up where they left off.

The team has been practicing 

hard and Coach Paul is hoping that they can 

carry over the momentum from last year.

The Great Danes are looking to 

prove that they are one of the top teams in 

the country.

In choosing a recipient.

by the Class of 1951 in the name

of the recipient will be

made known on November 16th. The

Recipient Dinner will be held at 7:00 p.m.

at the Albany Country Club.

The dinner will feature guest speaker

Bob Smith, former basketball coach at

Albany.

The recipient will receive a check

for $10,000 and a plaque.

The award recognizes outstanding

service to the university and the

Albany community.

The recipient will be chosen

based on their contributions to

the university and the community.

The award is sponsored by

the Class of 1951.

Future Uncertain For Harriers

by Robert Merrill

The Harriers have had a disappointing

season so far. Although they have won some

close games, they have also lost some tough

matches. The team is currently

.500 for the season and is looking to

improve.

The Harriers are facing a strong

opponent this weekend, the University

of Albany. The game is scheduled for

Saturday at 1:00 p.m.

The team needs to

play well in order to have a chance of

winning.

The Harriers are

looking for their first

win in over a month.

Intramural Office, PE 134. The

registration deadline is November 23rd.

The Intramural Office is

accepting registrations for the

following sports:

- Basketball
- Soccer
- Volleyball
- Tennis
- Wrestling
- Swimming
- Skydiving

In order to participate, participants

must be registered for the

intramural program.

For more information, please

contact the Intramural Office.

DAY CARE CENTER: PROMISE AND PROBLEMS

by Debbie Natanson

Contrary to popular belief, the Day Care Center has been in operation for several years and is not just a temporary measure. It was established in response to a growing need for child care services in the community. The center provides a safe and nurturing environment for children, allowing parents to continue their education or work.

In the early days of the center, the presence of the Day Care Center was met with both support and opposition. Some parents praised the center for its role in freeing them from the constraints of homebound child care, while others criticized the lack of regulations and oversight.

The center has undergone several changes since its inception, reflecting the evolving needs and priorities of the community.最初的Founded on the principle of providing a high-quality early childhood education experience, the center has expanded its services and programming to meet the diverse needs of families.

Despite its successes, the Day Care Center faces several challenges, including funding, staff development, and operational sustainability. The center relies on a combination of federal, state, and private funding sources, which can be unpredictable and insufficient to meet the needs of the community.

The Day Care Center is committed to maintaining its commitment to the well-being of children and their families. It continues to work towards improving its services and ensuring the safety and security of all those who use its facilities.

We encourage you to support the Day Care Center by volunteering your time or making a donation. Together, we can ensure that this vital resource remains a part of our community for generations to come.

New Life for Campus Security

James R. Williams:

How would you control robberies on campus?

I think we should bring the roles of the security officer and student closer together, for instance by including students as security officers or on the other hand by recruiting security officers in to go almost for a degree. This, I think, would be very helpful: to bring the two roles together, so that the Security Force is not seen as an arm's length.

Would you like to see a case-by-case basis for the Security Force?

Some things I am not sure about. Let's say... I don't think the students want a police force... How could you control students? How would you put other students uptight?

Some say the security force can be a rallying point for the Department of Corrections, a committee for the Department of Police, and other places.

I think the Security Force is very efficient. I think the officers are very well trained. And it is a very efficient force. It is not the only force that we have in the country, but it is a very efficient force. And I think that it is very important to have a force like that.

The security force...I don't think the students want a police force...

How would you control robberies on campus?

On what grounds might you call in local police?

I think we should bring the roles of the security officer and student closer together, for instance by including students as security officers or on the other hand by recruiting security officers in to go almost for a degree.
