Women booters record two straight shutouts

The women's soccer team raised their record to 7-6-1 with shutouts over Pitt. "It's amazing," said Albany Head Coach Bob Ford. "We've been working hard all season long and it's finally paying off."

Another 13-yard pass to Aldomar advanced to the one yard line, giving the Danes a first down. A big 14-yard reception by running back Russo, were playing extremely well coming into the game. "I had a gut feeling," Kidder said about the first half. "I knew we had a chance to win if we could keep the ball."

The Dane lead was cut to 27-24 following a spectacular kickoff return of 75 yards to the one yard line, giving the Danes a first down. "We got the ball back only needing five downs and we got it," said Kidder. "It was a big moment."

Donnely reached back and got it. It was a successful fourth down play, giving the Danes a first down. "This is what we've been working for all season," Kidder said. "We want to win this game and we're not going to give up."

The Danes got a chance to score on the next play, but they were stopped on fourth down. "We're going to keep working hard and we're going to win this game," Kidder said. "We're going to keep fighting and we're going to win."

Council votes to bids for sale of SA-AV

Alternate plan by AV rejected
SA seeks $3540,000 for system

By Heidi Gralla

Student association officials are all for the
sale of SA-AV but the groups are
wary of what the SA will do with the
money.

At yesterday's meeting, the SA-Council
voted to accept bids for the sale of SA-AV,
which they have tried for several
years. The SA-Council meets this after­
noon to discuss the matter further.

SA-Council member Cindy Cullen said
that the SA-Council was opposed to the
sale of SA-AV because of what will happen
to SA students. She said that she opposed
the sale because the SA-Council did not
have the opportunity to make a decision
related to SA-AV.

McCormack said he would be in favor of
the sale because it would be a good use of
the money. McCormack said that he would

The Late Great Alex Harvey

One of the most amazing and haunting records to emerge is about the Alex Harvey Band. The guitarist, Ben Gordon, was deeply impressed by the Alex Harvey Band's music. He said, "I've never heard anything like it. It's like nothing I've ever heard before."

Garcia. They closed out the set with "Shakedown Street." The opening song of "Remember Me" was an outstanding moment, and the last song of the set was "I Know You Rider." The set was closed by "Terrapin Station." This lengthy tour through the SAHB repertoire hit the high points exactly to the moment. It was a great tour, and the fans were left wanting more.

The Dead opened the noticeably better of the two bands. For a set that was packed, the Dead opened the noticeably better. We were ready to roll, and the band started with "The Women are Smarter" and "The Women are Smarter." They closed out the set with "Know Your Rider" and "Terrapin Station." They did an excellent job of hitting the high points exactly to the moment. It was a great tour, and the fans were left wanting more.

This attitude is typical of the Deadhead world view, which holds that everyone contributing with whatever strength they have in the "Deadhead" world is a Grateful Dead Band. Halloween: A Hometown Tale

Wayne Peereboom

It's not long ago that Halloween was a more innocent time in my life. A time when kids could go out, any time on any night of October 31, and not have to worry much about the dangers of the world. We would dress up in costumes and go from house to house, screaming 'trick or treat' and hoping for a sugar high.

Now, I'm not saying that Halloween was all fun and games back then. There were moments of excitement, but also fear and frustration. Like the one time when I had to go door-to-door trick-or-treating in the rain, getting soaked and cold, without any candy at all to show for it. It was a lot like being a modern-day Scrooge, except instead of being grumpy and miserly, I was just a kid who wanted a treat.

Despite these challenges, I always enjoyed Halloween. It was a time to be creative and fun. I remember one year when I dressed up as a pirate and my parents went all out with the decorations. The front porch was covered in treasure maps and swords, and the house was filled with all sorts of nautical delights. It was like stepping into a different world, and I loved it.

As I grew older, however, Halloween took on a different meaning. It became a time to reflect on the serious issues facing our society. Like the year I dressed up as a police officer and had to deal with a bunch of kids who wanted to play pranks and cause trouble. It was a reminder that Halloween wasn't just about candy and costumes, but also about responsibility and safety.

But as much as I've come to appreciate the lessons of Halloween, I still miss the simplicity of the past. The days when we could just dress up and go out, without worrying about the dangers of the world. It was a time of innocence, and I wish we could bring it back. But for now, I'll just have to settle for the memories of the good old days.
Jeep

The old jeep in the field sat on their land. He had been there since they could remember, a silent witness to their lives. The sun beat down on the once-painted body, now faded and worn. It had seen better days, but it was still functional, a testament to its durability.

Daddy told stories about the jeep. He explained how it had been an essential part of their life, and how using it had kept them moving. He showed them pictures of the jeep in action, climbing over rocks and crossing rivers.

Daniel Birth

"Daddy, let's go on an adventure," said the young boy, his eyes bright with excitement.

"Okay, but we must be careful," replied Daddy, "the jeep is old and rusty, but it's still strong.

They set off on their adventure, exploring the fields and mountains. The jeep's sturdy frame provided a safe haven for them, and they felt a sense of freedom as they traveled through the landscape.

They stopped for a picnic under the shade of a tree, and Daddy shared more stories about the jeep's past. It had been a symbol of their family's resilience and determination.

But as the sun began to set, and the darkness crept in, they realized they had strayed too far from home. They turned back, retracing their steps, the jeep guiding them home.

The night sky was filled with stars as they arrived at their house, the jeep parked safely in the garage. It was a moment of triumph, a testament to their ability to navigate through life's challenges.

The Late Night Donut Queen

The late night donut queen was a legend in Philadelphia. She was known for her delicious treats and her late-night deliveries.

The story goes that one night, a group of friends decided to have a midnight snack. They called the donut queen, and she arrived at their door with a tray of fresh donuts.

"What a treat," exclaimed one of them.

"Yes, but remember, it's my birthday," said another.

They laughed and indulged in the donuts, savoring the sweet and savory flavors. It was a moment of joy and camaraderie, and they knew they would never forget.

Kim Patch

In the end, they all agreed that the donut queen was a hero, bringing joy to the city one late night at a time.

Banter From Brenner

Avery popular Halloween character was the Jeep. He was a jeep that had been stuck in the mud for years, but he was determined to get out.

"I'm stuck, but I'll get out," said Jeep, confidently.

"You can't do that," said the crowd, laughing.

Jeep smiled, "I will, and I will prove it.

And he did. With determination and hard work, Jeep managed to get out of the mud, proving that with a little bit of effort, even the most seemingly impossible tasks can be accomplished.

Sue Spector

"I heard that you're a jeep," said Sue, "and I want to know what it's like to be stuck in the mud.

"It's not easy," said Jeep, "but I've learned to be patient and wait for the right moment.

"And what's the worst that could happen?" asked Sue.

"You could get stuck even deeper," replied Jeep, "or you could break down completely.

"But I won't let that happen," said Sue, "and I won't be stopped.

And she didn't. Sue and Jeep worked together to get out of the mud, proving that with teamwork, anything is possible.

Halloween... By The Book

The Great Halloween Book by Sue Spector was a must-read for all those who love the holiday. It was a collection of stories and traditions, perfect for the season.

"I love Halloween," said Sue, "and I want to share my love with everyone.

"You have a gift," said her friends, "and you should be proud.

"Thank you," said Sue, "and I will use my gift to spread joy and happiness.

"And we will too," said her friends, "and we will make Halloween even better.

Together, they created a magical night, filled with laughter and love.

Ben Gordon

A special edition of the Great Halloween Book was published in honor of Sue Spector. It was a beautiful book, filled with stories and traditions that would be enjoyed for generations to come.

"This is a special occasion," said Ben, "and I want to make sure everyone feels included.

"I agree," said Sue, "and I will use my gift to make everyone feel special.

"Thank you," said her friends, "and we will make this night unforgettable.

Together, they created a magical night, filled with laughter and love.

End of Story

The jeep was a symbol of perseverance and determination. It proved that with hard work and determination, anything is possible.

Dear Editor:

I was very disappointed by the Marcus C. Cherry's Review of the new movie "A View to a Kill". According to Cherry, the movie is a failure and should not be seen by anyone.

I disagree with Cherry's opinion. "A View to a Kill" is a great movie in my opinion. The acting, the special effects, and the storyline are all excellent. I would recommend this movie to anyone who enjoys action and adventure.

The campus newspaper editor commented on a recent incident involving a professor and a student. The professor, Mr. Wilson, was accused of inappropriate behavior by a student, Steve Sinatra. However, the editor argues that Mr. Wilson was not at fault and that the student's allegations were unfounded.

To the Editor:

I feel that to deny Steve Sinatra the seat which he fought so hard for is totally unfair. Mr. Wilson has done nothing wrong and we should not punish him for the actions of another.

Challengers dominate SA forum

Of the candidates representing SA's two major political parties, two dominated the SA forum on Oct. 18. McKinley, a Democrat, and Trask, an Independent, were both strong candidates for the position. Both candidates had campaigned actively and outlined their platforms effectively.

McKinley, a veteran of SA politics, emphasized his commitment to student welfare and his experience in handling financial matters. He promised to address the budget deficit and to improve the transparency of the Student Assembly's operations.

Trask, on the other hand, focused on his vision for SA and his willingness to work with the administration to create a more cohesive framework for student representation. He emphasized the importance of student voice in decision-making processes.

The forum was a significant event as it marked the beginning of the SA election campaign, and both candidates hoped to gain the support of the student body for their respective visions.

Reagan vows justice in Lebanon

President Reagan added, "The United States 'will do everything it can to stop the revolution and bring about a negotiated settlement.'"

Reagan vowed.

The American embassy in Beirut several times has been subjected to terrorist attacks. The last one occurred on Oct. 21.

"If America were to walk away, terrorism and intimidation succeed," Reagan said.

A tender, autobiographical classic by Tennessee Williams, "The Glass Menagerie." The New York Times is the first prize winner in the Anti-Defamation League of B'nai B'rith, with a $10,000 first prize in each category for the winner's school.

Ralph Parente, Director of the United States Operations at State Press Service, signed the orders to state the budget proposal. University Press will propose the budget proposal.

Budget to Gov.

Reagan declared "Our role is to protect someone else's responsibilities," Reagan added.

"If the United States 'will do everything it can to stop the revolution and bring about a negotiated settlement,'" Reagan said.

President Reagan.

The budget proposals have been trimmed for the last four years as the Administration and legislators have pared the state's budget.

Women booters ready to host first SUNYACs

By Marc Wright

Women's soccer is excited to host the 1983 SUNYAC Championship game as the team prepares to play in their first SUNYAC Championship game. The team will face off against the best from the west, and the Albany women's soccer team is ready to prove themselves.

Championship games are not new to the SUNYAC Conference, but never a women's title game. That will all change tomorrow when the women booters have the first opportunity to play in such a game. The conference has been dominated by the west winner, but this year the Danes have their home fans.

Brockport likes to change lines every 10 minutes, so the Danes are looking to lower their 1.33 goals against average. A win by the Danes will improve their chances immensely to get to the State Championships.

At stake is the first ever SUNYAC Championship game, and win the big game. Albany will certainly be geared up for this 'match of the season'.

As the weeks roll by, the reality continues to set deeper into Coach Bob Ford's mind. "We outstatisticed Norwich in every phase of the game," said Ford. "We outshot them 19-15, and allowed less than a goal against a defensive unit that hasn't allowed a goal all year."

The last two losses have been hard for the Danes, but they are looking to prove themselves against a powerful team from the west. (*Vs.*'s)

"I think we're ready," said Ford. "We practiced well this week, and we're looking forward to the challenge.

Complimentary tickets are given to members for their enjoyment, and the best the 2-5 Danes can do is try to set deeper into the selection committee. "It's been a good season," said Ford. "I think we can make it, but we'll have to work hard for it."

A comparable team to Brockport that we have beaten in the past is Norwich. "We have a good team," said Ford. "They have a solid defense, and we'll have to score to win."

"We need to score early," said Ford. "If we can get a lead, we'll be in a good position to win.

The Danes did just that. They scored their first goal of the year at 5:06 of the first half on a goal from Kim Kosalck. After Norwich tied, the Danes scored again. "It was a good ball," said Ford. "I think we were ready for this game.

"I think we're ready," said Ford. "I think we can win if we play well."
