Party for Seniors

The sophomore class is going to give a party to their "sisters," the seniors, in the College gym, Friday evening, December 9. 24 refugees are present to be very communicative on the subject, but it seems that she has some new surprises in the line of entertainment to store. At least all the spots are set for going, and surely, the seniors will be there also. It is your last chance to attend a party of your sister class! Come and forget the worries of being a senior, and enjoy the treats the sophs have planned for you!

The committee in charge is Harriet Kizer, Muriel Dargie, Margaret Meyer, Norma Metz, Marion Miller, Ruth Ellis, Dorothy Jones. Ellen Shawan is acting as chairman.

Installation Friday

Student assembly on December 9 will be taken up with installation of the newly elected officers. Missants will preside over the ceremony.

College Calendar

Monday, December 5

Newman Club Meeting—Room 211

Thursday, December 8

8 p.m.

Varsity Game—Albany vs. Clarkson High Gym

Saturday, December 10

8 p.m.

Varsity Game—Union vs. Union—Schenectady

Ped Notice

All pictures for the Pedestrian must be in before December 15. There are about one hundred who have not had their pictures taken yet. Can't you take a few minutes from some free time and go pose at the Art Union? If you intend to use last year's picture, please inform Margaret Meyer, Rhoda Moore-Smith, or Augusta Knaap, immediately. Please hurry up and have your picture taken. Also return your proofs to the Art Union as soon as possible as no pictures will be finished after December 15.

Student Assembly

Election of officers for the new student association took place Friday morning in assembly. Voting was by secret ballot, and the results will not be announced until next Friday, when the new officers will be inaugurated.

Dr. Brubacher and Dr. Croasdale explained in detail the plan that has been proposed by which students may obtain temporary privileges in the Albany Hospital. The trend of adequate provision for the care of those students who become ill during the college year has been the same for some time. State College is but following the example of other colleges in supporting this custom, and it is surprising that none of them is in requiring that the patient pay nothing towards his expenses.状态 College pointed out the payment of one dollar per person, or certainly one and one-half dollars, would be sufficient to give each student—the average of illness remains the same—five days of hospital care free of charge. This would include a private room, a nurse's care, and the services of the house physician as well as Dr. Croasdale. It, Brubacher and Dr. Croasdale both urged the students to give this matter serious consideration, and be prepared to vote upon the measure no later than January.

Dorothy Dunmore, chairman of the Student Friendship Committee, outlined the work that is being done for the needy students of Europe with the money that has been contributed by the college people of this nation. She pointed out that a student in Europe can live for 15 days on the same amount of money that we spend in one. She appealed to the student body to work with our local committees on that State may reach its quota of $500. Coin practice and singing closed the program for the morning.

Annual Bazaar

The Y. W. C. A. Bazaar will be held in the State College Gymnasium on Friday, December 15. It will be similar to the bazaar held last year for the benefit of Y. W. C. A. There will be several booths where you may buy sweets for the evening or Christmas parties for your friends. The chairman of the Y. W. C. A. Bazaar committee are: Priscilla Mead, Betty Remer, H. L. Kiser, Helen Van Alen, Candy Smith, Margaret Moles, Dorothy Hold, Alice Brown, Marion Miller, Ruth Ellis, Dorothy Jones, Melissa Weis, Anna Beezley, L. I. Miller, Dr. Croasdale, Dr. Brubacher, and Harriet Kizer. The managers have not already been asked and who desires to contribute something may see the chairman of that committee. Watch for further notice of the bazaar in the News next week.

Two big games mark this week's attraction at State in basketball. The football contest to be played with the Clarkson University team in Potsdam, in the Albany High School Gymnasium, and the second game, probably the most important contest on State's schedule this season, will take place Saturday night in the Union College Gymnasium at Schenectady, when the Purple and Gold meets the Union College quintet in the latter's opening game of the season.

State Accepted

State College was accepted as an approved college by the Association of American Universities, at a meeting held in the University of Missouri, Columbia, Missouri, on November 3. The Association of American Universities, consisting of about twenty of the leading universities of the country, was established a list of approved colleges and universities for the purpose of admission to graduate schools.

This approved list has assumed large and far reaching importance in other respects. The Association of Collegiate Alumni accepts this list as a basis of admission to membership. Phi Beta Kappa looks to it as a standard, and the Pan-Hellenic and Interfraternity Conferences are guided by it.

The approval of State College by this organization is a great step forward in the effort to maintain a high scholastic standard, and will give State College graduates and undergraduates an unquestioned standing in all intercollegiate sports.

Faculty Notes

The graduate society of Phi Beta Kappa met in Troy, last Saturday. Its members from Union College presented the program. Dr. Brubacher gave the report of the committee on promotion of scholarship in the high schools of this state. The State College members of the society are: Dr. Brubacher, Dean Hornet, Dr. Richardson, Professor Decker, Dr. Hude, Miss Staley, Dr. Connell, Dr. Thompson, and Dr. Powers.

The Red Cross enrollment at State College was seventy-eight members.

The Christmas vacation begins at 5:40 Wednesday, December twenty-five, and lasts until 8:30 Thursday, January eighth.

Re-Vote This Week

Do not fail to cast your ballot at a table in the rotunda this week for re-election of the Student Association. The re-vote is to be taken on the following candidates: May Wood and Agnes Smith.

Union Game Saturday

Clarkson Tech Game Thursday

ALBANY, N. Y., DECEMBER 5, 1921

$3.00 PER YEAR
CHRISTMAS SPIRIT

As the holidays draw near, we should not forget that the true spirit of Christmas is not in receiving. There are many places where we can do good, but let us do it. The Alpha Epsilon Phi girls can tell you what this RIGHT PLACE is, for they have charged the Red Cross stamps for the tuberculosis fund. If there is any cause more worthy than this one which is always brought before our minds at this time of year? Give it a boost!

ON OVERWORKING A FEW

There is a tendency in every organization for the leaders or upon a few members, whose ability has been satisfactory, to do the work of the organization, both for the sake of the overworked few, and for the sake of more efficient and satisfactory results. The exact point of a man's maximum efficiency is not to be located, and the human organization action that any particular member be worked into that point. A fair adjustment will prevent trouble, but a fair adjustment of work is possible only when each one is willing to do his share.

ACHIEVEMENTS

Most of us, sooner or later, come to feel that the achievements of State College are our achievements; that what we do individually is for the sale of our college community and becomes a part of the whole. It is natural for us, then, filled with a strong sense of college spirit and community life, to be overenthusiastic about what is produced here in different lines of work; yet no cold-blooded outsider can accuse us of overestimated mortality.

Satisfactory results. The exact point in the life of the organization is necessarily the overworked few, and for the sake of the organization, the work of the organization, both for the sale of the college community and becomes a part of the whole. It is natural for us, then, filled with a strong sense of college spirit and community life, to be overenthusiastic about what is produced here in different lines of work; yet no cold-blooded outsider can accuse us of overestimated mortality.

To be sure, the “human animal” is not a machine, but that we get real humor most successfully portrayed. Cannot you see the humorous side of a soiled stocking descending on the slow-moving student? Is there any cause more worthy of notice. “The Ballade of the Ballade of the Catskills,” the book reports are not original, but its theme is made most vivid and clear by the humorous side of the incident.

The “Legend of the Catskills,” “The Legend of the Catskills,” is not only original, but its theme is made most vivid and clear by the humorous side of the incident. The “Legend of the Catskills,” “The Legend of the Catskills,” is not only original, but its theme is made most vivid and clear by the humorous side of the incident.

The “Legend of the Catskills,” “The Legend of the Catskills,” is not only original, but its theme is made most vivid and clear by the humorous side of the incident.

ROUND THE COLLEGE
Phil Anchumaphug, '20, who recently was made a major of 48th at Synnecor, is now taking work for his doctor's degree.

MUSIC ASSOCIATION
The Music Association on December 19th featured Negro spirituals. TheFollowing program was enjoyed by all:

Miss Margaret Hutchins, '22, led the movements and Miss Gladys Lynche, '23, will present the subject for discussion. Think about it and then come and tell us about it!

OTHERS
Music Association:
Mr. Frederick Scott presented a paper on Psychoanalytic series of lectures on Psychological subjects became delightful conversation.

Feathered Friends (Continued from last week)

On the same day a pair of seagulls was seen on the upper turnpike two miles beyond the country club. The great horned owl has also been seen and it is well for peace and harmony that the country people should not be rare. Last winter several snow owls were sighted near the end of Delaware Avenue. Some of these owls were shot by hunters and others who did not know that these birds are both rare and useful and should be protected. An Albatross who was down the river about 35 miles in a middle of June reported seeing a common tern. This bird is known in the vicinity of New York and around the Great Lakes, but to see it so near Albany was a surprise to the observer.

Long Flights
Observers tell many strange stories about birds. Ducks have been shot in western New York with undigested rice from Louisiana fields in their stomachs. It is known that ducks are capable of digesting a small piece of wood within 24 hours. Some observers who examined them tell us that the birds can fly for about eight hours. Those who study the habits of the migrants from the far North say that it is a matter of record for some of these birds to start from their homes to the Arctic circle and never set foot anywhere or take food or drink until they alight in the southern polar regions—a sustained flight of 13,000 miles, or half way around the world. Since July 4, Albany observers report, birds from the north with which they have been used to seeing in the far South to spend the short summer now rapidly approaching there.

ST. MICHAEL'S GAME
St. Michael's basketball team got revenge for their last year's defeat and won a score of 29-26 Thursday night in the Albany High School. This was the first time that the varsity players played together in a real game, as part of their defense can be excused on the ground of inexperience.

ST. MICHAEL'S GAME

Their defeat can be excused on the ground of inexperience. In the first half St. Michael's got away from one man and began to break through their defenses. In the second half they managed to score 15 points, 12 of which were scored by short shots from the field. The men from Vermont anticipated some weapons used by the good exhibition of skill which they gave. The overwork of the team seemed to have improved greatly since the last appearance here. The work of 'Paddy,' Johnson, featured. The Vermonters were presented with a new mallet. This was done to get the attention of the Vermonters. It is not known whether they were at all interested or not.

In the second half State began the third time that they had been defeated by Vermont. Since they had never done anything of the kind, here is a chance to get some valuable experience and try for the Quarterfinals for their senior year. The Quarterfinals may be said to be the position of advertising manager by getting ads for them now. It is not nearly as formidable as it sounds, and you will find it mighty interesting work. If you are interested in the subject, you can find help in it by investigating your local newspaper for the names of advertisers in a certain field.
THE NATIONAL COUNCIL FOR THE PROTECTION OF ARMAMENTS

Offers prices for the two best editorials on what will constitute success at the Washington Conference published in bona fide college newspapers prior to December 15th. Conditions of the contest:

Subject: "What Will Constitue Success at the Washington Conference?"

Prize: First price, $100; second price, $50.

Contestants: The contest is open to all students.

Publication: The editorial must have been published in bona fide college newspapers.

Competition Closes: December 21, 1921. Editorials received after this date will not be considered.

Form of Presentation: Two complete copies of the paper containing the editorial must be submitted.

Judges: The National Student Committee will appoint the judges and award the prizes.

Sign editorial copies to Mr. Charles Denby, Jr., 11 Little Hall, Princeton, New Jersey.

GARNET PREPARES FOR STATE COLLEGE

(Copied from "Concordiensis," Dec. 3.)

The basketball squad is now hard at work in preparation for the opening game with State College one week from today. Captain "Loch" Almquist is on the court again, and it is certain that he will be in the lineup when the whistle blows for the first game. His foot, which was hurt during the football season, is as sound as ever, and he has already been in scrimmage practice this week.

"Murph" Schwartz, a new man and guard of last year, who was forced out of the line due to an injury in the middle of the schedule by an injury to his foot, is playing a game center 15th in a regular issue of some bona fide college newspaper.

The lowest estimate of what two men the girls are trying out for each part, it is expected that it will be hard to reach a decision. As soon as the girls have an estimate of what two could live modestly on that amount, they may have to get an income of $1,000 a week and still not have enough to go into marriage.

"But there are exceptions, mark you," she adds. "Salary doesn't count nearly so much as team work, according to co-eds at the University of Chicago and at Northwestern University. "Money won't count at all when the ideal man comes along," said Miss Adelaid Scanlan, a senior, who has been in scrimmage practice this week. "I'll Hardman, coach, has the proposition of picking a winning combination from the many aspirants for the places.

Promising Players:

Among the men who have shown up well in practice are Nitchka, residence of last year's freshman team; Simmons, leader of the year's two seasons ago; La Pine, Fisher, Ed Waterman, Schott, Boyden, Kaeling, Holaday, Bisham, Ely and Andrews. Other promising players will undoubtedly be announced as playing combing or forward.

State College has been the opening game for the varsity for the past few years, and the locals have been successful in all the encounters. The basketball team has offered in and out opposition in the past, and it is hard to predict just what will be the outcomes of the first game.

Last year they made an excellent showing, but the Garnet tightened up when the score got too close, and went on 27-23.
