Convention Has
Public Hearing on Unicameralism

Doctors to Have Discussion on "Socialized Medicine" Before Open Forum

The Constitutional convention assembly conducted a hearing on the unicameral legislature on Tuesday, December 6, at 3:30 p.m. in room 308 of Draper hall. The report of the hearing was headed by Bibly Welham, '39, on unicameralism. As expected, there was much interest and debate, and that final disposition was postponed until the meeting of the assembly. Until that time, the public hearing will be pro and con, and devoted to the arguments.

A committee discussing "Socialized Medicine" is one of the topics to be undertaken by a hearing committee, headed by Edith Moynihan, '39, sometime next week. It intends to have a public hearing on which to base the permanent formation in the open forum of the creation of a national health organization. The division of labor organizations does not mean that they are irresolvable.
