Senate Battles Over Budget; Third Readings - Next Week

Tuesday evening, the Senate continued its discussion on the budget for the Student Union. After a long session of deliberation, the budget was passed unanimously.

All year, the Senate has been working on the budget, which will now be reviewed by the executive branch. The Senate has been discussing the budget for several weeks, and the final vote was taken with a vote of 20-0.

Students Hail IFC - ISC

The last meeting of the semester for the Interfraternity Council was held on Tuesday evening. The council unanimously approved the budget for the Student Union.

Preliminary plans for the budget were discussed at the meeting, and it was decided that the budget would be presented to the board of governors for approval.

The council is now working on the final budget for the Student Union, which will be presented to the board of governors for final approval.

Tareyton delivers the flavor...

Tareyton delivers the flavor of a smoky, rich, and satisfying experience. The blend of fine tobaccos ensures a smooth and consistent taste. The aromatic smoke is detectable for a long time, providing a pleasant and satisfying end to the smoking experience.

The aroma is a mix of sweet and nutty notes, with a slight hint of chocolate. The finish is smooth and rich, with a slight lingering smokiness. The blend of tobaccos ensures a consistent flavor throughout the entire smoke.

D&A to Present Tragedy; 'Oedipus Rex' Starts Tonight

A Look Around Reveals Seeds of Visual Decay

By EDWARD COLEY

Instructor Professor of Art

The students who are now busy working on their projects are truly exciting to watch. The work that they are doing is both creative and interesting. The projects range from traditional art forms to more modern techniques. It is evident that the students are learning to express themselves through art in a variety of ways. Their creativity is truly inspiring and is sure to be showcased in the upcoming gallery opening. The work that they are doing demonstrates their dedication to the field of art and their passion for expressing their ideas and emotions through their creations. The gallery opening is a great opportunity for the students to share their work with the broader community and for art enthusiasts to appreciate the diversity of approaches and styles on display. It is a testament to the power of art to inspire, provoke, and connect people. The students should be proud of their accomplishments and their contributions to the field of art.

Track

As it well knows the recent track meet was a great one. This meet was only one of many that the Frosh are involved in. The team is preparing for the future meets. The Frosh need to work hard in order to do well in the future.

From This Vantage Point

By Jim Dougherty

Four unbelievably short years ago an innovation with the new high school was in order. This period has been called the in-between period and it is a time when the students and faculty are still trying to figure out what is best for the school.

The Frosh White team is off to a fine start in the track season. The team is looking forward to the future meets.

sarily mean that the player must be a leader of his team, he might not be an outstanding individual performer. The winner, however, must be a varsity athlete, and this in itself implies some degree of skill. Check, by his membership and participation in varsity sports more than adequately filled this requirement.

Attitude

Under the heading of attitude, the requirements became more difficult to define. In general, the standards used under the heading of attitude, were as follows:

1. Did the player work hard at all times?
2. Was the player a leader of his teammates on the field, in the locker room, and all other times?
3. Was he able to take personal disappointment without showing dissatisfaction to his teammates, the fans, and his coaches?
4. Was the player more interested in a team effort than in personal rewards?
5. Was he a person to whom new men on the team looked for encouragement?

It should be mentioned that these standards set by the News Board were general ones which served to give a guide in making the final choice. The Board discussed many aspects of the players considered.

In the final analysis, the plaque was awarded to the varsity athlete who best portrayed the image of State College Athletics—Chuck Recresco.

Meg Lewis, Kiddleburgh, N.Y., wrote on the topic, "A Brief Re­ port on Trading Stamps," and Mr. Woodruff, Hinsdale, N.Y., wrote an essay on the topic, "Hidden Resources in Political and Econo­ mic Institutions."

A survey of the average State College student was recently taken by Dr. Knouse's BU class in the Distributive Education department. Many interesting items were discovered that need to be mentioned as they help classify us as State College students.

The average age of the State College male is 21.75 years. The mean for the women is surprisingly 19.42 which thus brings down the average age for a state stu­ dent to 21.5. Of the women at State, 40% are single, 7% go steady, 18% are married, 13% engaged and the lucky remaining 5% are married.

Women show a different ratio. Only 1% are married while another 8% are going steady, 16% are married, 12% free and still looking.

Beard statistics created a few facts that 86.6% of our men are clean shaven, 7.1% need a shave, 2.1% had a mustache, .8% a goatee and then there are those 1.6% with a beard. Ninety-eight percent of our men are married. Furthermore, 36% of her dresses are plain, 30% print, 20% solid, 10% striped and 16% check.

Stockings rated 75% as plain, 25% striped.
