TO TRAIN IN CLEVELAND

Hubbard Will Coach in Athletics at Western Reserve.

Western Reserve University has chosen Claude H. Hubbard, the veteran coach of gymnastics and indoor athletics from Amherst, Mass., to take charge of that kind of physical training at the Cleveland school. Hubbard is a 1916 graduate in physical education at Harvard, and next year he will be at the Missouri State Normal School at Warrensburg, where he was in command of the Students' Army Training Corps. Previously he was physical and physical director at the New York State College at Albany.

LECTURES BY REV. J. T. SLATTERY

Unusual Opportunity for State College.

The Rev. J. T. Slattery, Ph.D., of the University of Pennsylvania, will give five Friday morning lectures on the subject of "Dante." The first lecture, on Oct. 31, will be on "Dante and His Time." The second, on Nov. 7, will be on "Dante, Dante's "Inferno." The third, on Nov. 14, will be on "Dante's Paradise." State College is exceptionally fortunate in securing the services of so learned a man as the Rev. Slattery. Added to the general interest in the Rev. Slattery's subject is the fact that he received his M.A. degree from State College in 1910.

NEW FACULTY MEMBERS

Dr. Caroline Crosdale, graduate of Philadelphia Normal School and Medical College, formerly at the University of Pennsylvania, is to be the director of a course in hygiene, and Dr. Gertrude Dubois, who received her B.A. at Smith and Ph.D. at Cornell, is to be an instructor in the biology department. Dr. Douglas was formerly of Lake Erie College and Cornell University.

Miss Frances Martino of Syracuse is to be an instructor in Latin, and Miss Geraldine M. Murray, a graduate of State College with an M.A. degree from Columbia, will be an instructor in English and supervisor of the Press Club.

JUNIOR-FRESHMAN "GET-TOGETHER"

Held in College Gym.

The juniors and freshmen met in the gymnasium Saturday afternoon from three to five under the direction of Harriet Bool. The purpose of the get-together was to present each Freshman to her Junior sister, if they had not already become acquainted. Many of the Slate College songs, Nellie Parkhurst and Mary Grinnal had charge of the games. There was dancing from four until five.

JOINT VESPER SERVICE

Dean Horner Speaks.

On Sunday afternoon, September 20, was held the first Newman-Y. W. C. A. vesper service in the auditorium. Many members of both organizations attended. The service was opened with the singing of familiar hymns, Louis Weider and Ellen Donohue presiding. Following the hymn was a violin solo by Gertrude Southard, 21, accompanied by Esther Grant. 21, Dean Horner was then announced by Miss Donohue as the speaker for the afternoon. After expressing his pleasure in coming to the university of such a racial background as Newman and the Y. W. C. A., and telling of his personal experiences in college, he said in part:

"The Church and the State should be separate and every man should have the unrestrained right to worship God in his own way. This principle is observed in this College; this meeting is an example of the principle."

I am going to take for my text one that I should like to see inscribed above the portals of this institution; "History is the story of the world's history. Today's history is the biography of tomorrow; if tomorrow is to be a better day than today, we must work to make it so."

**OUR ADVERTISERS**

One of the biggest assets of a paper, whether it be a monthly, or weekly, or daily, is its advertisers. When we use the term "advertiser," we are speaking of assets. It is true that many of us skip the "ads," but they are there, paying their way. Furthermore, they took the trouble; we would find that our many business firms and publications we are sponsoring need this money in the form of advertisement, and realize that the money is coming to the State College.

And here is another important item: the editors need this money to help keep up the publication of the paper. The money that the "News" is to be apportioned by the Finance Board is by no means enough to cover the yearly expenses which, by the way, have greatly increased.

It stands to reason that these business men demand a return for their money, and it's up to us to see that this demand is met. The only way we are going to get this is by patronizing our advertisers. If we are in need, say of stationary, note books, or the like, it is only logical to buy them from those who advertise in the "News." These people are helping us out — and it's up to us to show our appreciation by purchasing their goods.

There are precious few of us who would be willing to buy a large volume of books in a college year, if we were advertising our wares, and then refuse to trade to re-encourages this investment. Wouldn't we be "prety" sure then when we found out in your college we could get money back from them? And furthermore, would we be inclined to stop that "ad?" Very logically isn't it?

College is noted for her class spirit and she is justly proud of the fact. She is never noted for her loyal and hearty support in all college activities; and one of the college activities is the "News." By patronizing the advertisers we are indirectly boosting the "News," and showing our support. Then let us continue this tradition by doing exactly what the "News" does to aid our college publication in every possible way.

**HOW ABOUT IT?**

What's happened to our custom of plaza dances, or has the seas escaped? Numerous inquiries for Alumni and Freshmen concerning them have been received, but it is understood that some students are responsible for the lack of these pleasant affairs? Students are, of course, too busy with their practice teaching; Juniors have to prepare themselves for graduation; and Sophomore have to endure; and 1923 — they are left alone.

If the weather has become too inclement for a dance on the plaza, why can't we have a "big" affair in the gym in which all students could participate, the Faculty being invited? One real thrill for the football team might be to catch a plane and come up for one winter with an injured knee. He is a member of Kappa Mu. He is in service doing war work in the S. A. T. C. or Army, and is returning to the College from the War in the S. A. T. C. at the time the Freshman are returning.

**SHORT HAND BOOK**

The Junior class certainly deserves a lot of credit for the successful Hand Book they have achieved for 1923. The Book is well arranged, and are a great help in enlightening the "novitiate" that much time will be spent in preparing them and we hope the Freshmen will appreciate the effort and will keep 22 lines enforcing all rules.

**THE BOOK EXCHANGE**

Want to sell your old books? Want to buy second-hand books? Go to the College Book Exchange in the lower hall.

**NOTICE — EVERY ONE!**

The "News" is issued every Thursday afternoon. In order to have the paper out at this time all material must be in the publication by 3 P.M. on Tuesday morning. All articles are to be written in typewriting on one side of the paper only. Unless these rules are followed the board will not be responsible for the non-appearance of any material. Every organization in the college has a special representative, or, if the organization be a class, a secretary to keep them out of the way and make a public display of their respective organizations.

**NEW ASSOCIATE EDITOR APPOINTED**

At a meeting of the Senior Editors of the "News," Reginald Bruce, '21, was elected to the position of Fifth Junior Associate Editor.

Mr. Bruce has done the work for the last several weeks, and is the only one who has had this position in the last several years. His work has been very good, and he has been very successful in getting the students to send in their work.

**KAPPA MU THETA**

Kappa Mu Theta extends a special welcome to the Class of 1923, and wishes them a successful and joyous year.

We are glad to welcome to our ranks a student at a young age, but one who will be able to handle the responsibilities of a student leader and will be able to inspire others to do their best.

**MILLINERY COURSE**

The Millinerry Department wishes to call the attention of all students to the Millinerry Department which is open to those who are interested in working with others in the College. The course will be adapted in the millinery department, and students will be given an opportunity to work with others who are interested in this field.

**OFFICIAL NOTICES**

PEDAGOGUE BOARD APPOINTED

State College had a fine Year Book last year. This year's board is anxious to beat even that record. To put out a Year Book on time; a book full of pep and fun, a book that will be a treasure in years to come. Mother-in-law — an ever present reminder that there is no rose without its thorn.

Matrimonial Knot — a coil tied so tight with the slip of the tongue that it takes the utmost strength of a beach and a try to get it open again.

Why should we never write upon an empty stomach? Paper is preferable...

Biobles: "There seems to be a strange affinity between a cored man and a chicken."

Shoes: "Naturally; one is descended from the Ham and the other from the Eggs."

Ragglcs: "I told that lady I had beat my way around the world."

Scraggles: "Were you interested?"

Ragglcs: "Yes; she got out a carpet and told me I could beat my way to the dinner table."

"Oh, tell me your favorite air," he cried,

To the maiden demure and fair,

"But, the maiden sighed as she replied,

"I guess it's a millionaire."

Big Enough Then

"What small feet your wife has!"

"Yes, but they're plenty big enough when she starts to walk all over me."

Heard Something Like This Before

Trains on our railroad hesitate at this village only on Mondays, Wednesdays and Fridays, the mail bag thereof thrown over precarious. Sometimes the mail bag hits our town and sometimes it hurls itself out in the country, all depending on the speed of the train. Our station agent, who was out filling the switch lights with red oil the other night picked up a Purdyville mail bag which had rolled clear down from that town in the wake of a train a week or two before and hadn't been missed.

Hecktorville Clarion.

SMILES

If Mississippi and Missouri gave Maryland their New Jersey, what would Delaware? Alaska? I'll ask her.

My brother repairs watches — he works overtime.

He calls his wife Crystal because she is always on the watch.

He gave a fellow his watch, just to pass the time away.

My brother offered to let ten to one that he could jump off the flat building without hurting himself; the elevator man took him up.

Women were made before looking glasses, and they have been there ever since.

Fugianist — a desperate creature who seeks to divide his trouble by doubling it.

Smudging — an agreeable practice before marriage; a filthy habit after it.

Matrimonial Knot — a coil tied so tight that the slip of the tongue that it takes the utmost strength of a beach and a try to get it open again.
