Hathaway Expresses Hope
For Varsity Net Season

Ralph Egelston will be the starting pitcher in today's home opener against RPI. His mother will be on hand to throw out the first ball.

The Balky State baseball squad will open its home schedule today at 3 p.m. against the RPI Engineers in Engineers Field. Coach Bob Grinell has given the starting nod to Ralph Egelston, who is expected to throw through the first inning tonight, and the engineer during Coach Grinell's tenure here at Balky, thus he and the Engineers will be looking for their second consecutive win over RPI.

Mrs. Egelston from the history department, Ralph's mother, will bat second and throw out the first ball. Ralph, Egelston's son, will be batting for the Danes, and we're sure she'll give him a little extra support. After all, he's not only a star on the baseball field but also a fine student at Balky. The Engineering team has been a big hit on campus, and Ralph's performance on the field has been a testament to his dedication and hard work.

The Balky State baseball team has been working hard throughout the winter, and the fans are eagerly waiting to see the team in action. The Danes have a strong lineup, and with Ralph Egelston leading the way, they are poised to have a successful season.

The fans are encouraged to come out and support the team as they take on RPI today. It's going to be a great game, and the Danes are looking forward to a win.
The results of the football poll conducted by the Albany Student Press indicate that 88% of the undergraduates, graduates, and faculty favor football here. We endorse this opinion under one condition. The condition is that money is not allotted from Athletic Advisory Board or from any other Student Senate finan
cial facilities to be used to attract athletes here. This proposal was apparently presented to A.A. Board which requested funds to be used to esti
mulate temporary interest in football.

This proposal has been referred to the President's Committee on Inter
collegiate Athletics. We were opposed to having football on campus until we discovered that football scholarships could not be given to students that we are being considered.

We are aware that some money is allotted to bring "off-campus" activities here, any chance for fame for aca
demic purposes, like Zal Yanovsky as a student here.
