Reconstruction Of Hawley Auditorium

Heart Of Whole Building Program

President Dr. Brumbaugh declared, "The library is a reflection upon New York state facilities are too small to accommodate the student body.

Because of insufficient space, volume, and number of buildings, it fails to meet the requirements from the standpoint of the College of Teachers' Colleges. The library has failed to attain the minimum standard drawn up by the New York State college, including the reading and periodical room, recreation room, and study space for 3,000 students. The library must be enlarged and enlarged.

The requirements of the association of the New York state universities in composition with the library have been met. A new library, has floor space of 3,000 square feet and a study space of 4,000 square feet. It also has work space for 24,000 volumes.

The present library is in a poor condition, as there is one room only, and there are 1,250 square feet. State funds have been allotted 1,000 dollars of the 100,000 dollars of the total budget, which has been turned over to the college's administration.

Because of inadequate facilities, the college administration has been furnished with a report on the library. A new library, which has been refused on several occasions, the college administration has been asked to submit the plans for the library.
STATE COLLEGE NEWS, JANUARY 31, 1930

NEW WORDS MEAN NEW LIBRARY

Whether the library will continue in its present form or will occupy the space provided in the new auditorium to be built is doubtful. The present building was designed to be a temporary one only and was only to be occupied for five years. The chief cause for doubt is the minimum amount of space that would be available in the auditorium. 

In the new building, the library would have a total of 2,500 square feet of floor space, which is only one-third of the present space. This is a great reduction in space and it is questionable whether the library could operate efficiently in such a space.

Bessie Levine, '32: The selection of the winners by the entire faculty would necessitate acquaintance with the work of all the men of the student body. I would recommend a committee composed of several representative deputations.

Andrew Fritz, '32: The entire faculty cannot do the work of selecting. Each faculty member will necessarily have a bias in his own work. I would recommend a committee composed of several representatives.

Ruth Miller, '31: I believe only the faculty can meet the majority of students. I would recommend a committee composed of several representatives.

Netta Miller, '31: I believe only the faculty can meet the majority of students. I would recommend a committee composed of several representatives.

The whole cavity defense crum­

Six big reasons why the juniors should have a good time tonight. From left to right these chairmen for prom are: Alice A. Bennett, general arrangements; Marion Gilbert, flowers; Louise de Givem, invitations; Winfred E. Heil, invitations for tea dance; Dorothy C. Huss, arrangements for faculty; and Beatrice Van Steenderen, distribution of bids.
He missed! and State college fans blamed the photographer's flash as Erwin Clarke, clumsy center of the varsity lost a ranger in the recent game which the Purple and Gold dropped to Cooper Union by the score of 40 to 31. From left to right are Clarke, Shangnessy, C-U; Don Shaughnessy, C-U; Lavigne, State; Binardi, C-U; Ryan, C-U.

And in this corner, we have June H. Seabury, 32, putting the new "Goliath" cap. She has not announced whether she will put on it at soon rallies.

Between scenes, Andrea M. Sullivan, 32, upper extreme left, tells Margaret J. Hilton, 32, that she doesn't really mean the harsh things she says during the play. Above, Ruth Breeze and Julia A. Fitch, sophomores, practice hard to get a villainous scowl during their sword action. They all had roles in "The Romancers," presented recently by the elementary dramatic classes.

They wouldn't tell the News' photographer where they were going, but they're not about to start. Left to right, are Ethel M. Grant below, 30; Ethel M. Smith, and Josephine J. Barrett, juniors.
A new gymnasium deserves new methods of instruction, or so it would appear from the antics of these five members of a gymnasium class. Believe it or not, they're practicing balancing. Left to right, they are: Edith Ketcham, '33, Jeannette Harrison, '30, Marion Feinberg, '21, Ruth M. Isherwood, '22, and Bertha Nathan, '30.

Brrrr! It's quite cold for such a costume, but one can't keep Esther A. Wheelwright, '30, out of it. She will teach swimming this summer at Camp Mevorah, National Girl Scout training camp, Briarcliff, N.Y. Watch out for the splash!

Dorothy Brimmer, '30, left, has until March 28 to prepare sets for the Girls Athletic association vaudeville show, which will be presented this year in the auditorium of Page hall instead of the annual musical comedy.

And they said they weren't sure they couldn't attend classes during a recent epidemic of influenza at College House when the cases were quarantined for four days! To the right are seven of the invalids: Anthony J. Kulczycki, '31, and Walter Driscoll, '32, with Dorothy Brimmer, '31, in the role of nurse. Below and to the extreme right are: Earl A. Bloomfield, '32, and Albert R. Blake, '31, looking picturesque among the sick invalids way against the disease.

In the following scene, from left to right: Earl A. Bloomfield, '32, Edward Stewart, '33, Edward McLaughlin, and E. A. Ellis, participants: Walter J. Hendrickson, '32, Virgil, she Rene Rich, '33, and Dorothy B. Sullivan, '30.

"Are you going to serve Lorna Doone's or animal crackers?" these two actresses were probably asking the chairman of the refreshments committee as they looked over her shoulder at the menu. Left to right are Edith A. Hunt, '31, Isabel J. Peard, and Audrey C. Sullivan, sophomores. Miss Hunt and Miss Sullivan played the fond fathers in "The Romancers," and Miss Peard served tea between acts.
The five girls found time to smile for the camera in the midst of their frolicking at the recent masquerade of the Young Women's Christian association. Among the guests were Margaret Prince, in the person of Margaret C. Service, '32, who took credit for the best costume. Next to her is Edythe E. Cairns, '31, who did her best to color up things at the party. Miss Cairns is a member of the Campus commission.

The two little Irish girls, or they may be Irish lassies, are Mary C. Haynes, '30, who edited the student directory, and Mary E. Cooksey, '32, one of the college's girls to State college. The southern belle at the extreme right, with the long tresses and pretty features, is Louise S. Dobson, '30, who is vice-president of the Dramatics and art council.

Up in the attic of the college, on the basketball court, the players and the members of the varsity pictured on the left. They are in the season that has seen two games and lost three, all hard fought. They beat New Jersey State teachers college by 48 to 34, and defeated Maxwell Training school by 31 to 23. The men went into a slump after the Christmas holidays and lost three games within eight days to Jamaica Teachers college. Captain Winston, and best of the rest of the group, are playing their last season for State, beside Leo Allan, who does not appear in the picture. Raymond Collins, on the lower left hand corner, will probably be out of the game for the rest of the year with a broken ankle, suffered in a practice session at the beginning of the season.
