Intelligent amount of study plus a healthy amount of pleasure produces the ideal combination. What the college girl should be is not easy, but to achieve the ideal "what" is the ideal "how" and will become effective.

The college girl should be a mixture of intellectual and practical affairs. She should be able to lecture in philosophy and still be able to perform the household duties. She should be able to do the things that the ideal "woman" will become effective.

Y. W. C. A. CHOOSES STATE COLLEGE NEWS, FRIDAY, MAY 8, 1931

Dear Mr. or Miss, Mrs. or Mrs.

Try a fresh CAMEL's!

THAT LITTLE STRING DOWNS in the throat when you inhale a cigarette is caused by parched dry tobacco. You never feel it when you smoke fresh, prime CAMELS. The Humidor Pack keeps CAMELS from drying out or going stale. That's why they are always so cool and mild, so throat-easy. Blended from choicest Turkish and mellower Domestic tobaccos and kept in tip-top prime condition by an airtight wrapping of moisture-proof CAMELS. CAMELS are mighty hard to leave once you have tried them. If you don't believe it, write to CAMELS for one whole day, then quit them, if you can.

A CATERING Pen is a treat to the eye, but the real satisfaction comes when you start to write. Gently the fingers guide the smooth, flexible point which responds distantly to your particular style of handwriting. An excellent all round long wearing antimissim prevents finger fatigue—assures easy, fatigue-free writing. Built into the cap of the Catering Pen is the Rocker Spring Clip released by a slight motion. The pen tips from the pocket without pulling, jamming, or wear and tear.

Men to Discuss Freshman Camp

Camp Improvement is Topic of Meeting in Lounge

There will be a general meeting of the men of the College in the Lounge tomorrow night at 7 o'clock, to discuss the freshman camp, according to Robert M. Renwick, director.

Freshmen will be served and moving pictures of last year's freshman camp conducted by Rochester university will be shown.

The subject of the meeting will be: "How freshman camp can be improved this year." The men of the upper classes will be expected to suggest ideas for the improvement of the camp, and freshmen will be asked to relax and discuss what they missed at freshman camp last year. Several members of the faculty will be asked to attend the meeting.

The camp may be moved to a new site, according to Dr. Edward F. Stebbins, director of campus activities. The camp is now too far away to permit many of the members of the faculty to visit it easily, he said. It was mainly through the suggestion of Dr. Stebbins that R. H. Buschhauer that the change in site was considered. The second day of the freshman camp will be built to allow those members of the faculty that find it possible to visit it conveniently, he said. It will be asked to relate and disclose what has been improved over last year. "What freshman camp can be: "How freshman camp can be changed to make it more attractive and entertaining," will be the subject of the meeting.

The object of the meeting will be to improve the freshman camp and its effectiveness. A well-organized plan of advertising will be announced to attract attention to the incoming freshmen. It will be announced that notices and letters will be sent out to freshmen.

Sophomores Give Tree As Part of Class Gift

The Sophomore class has presented the College in the form of a class gift, Betty Gordon, class president, announced today. The plan for the presentation was announced by the Sophomore class as the last meeting of the week in the corner of the front campus in front of Flag Hall.

There will be a short dedication ceremony following the presenation of the gift by the Sophomore class on Monday in Memorial Hall.

Sophomores in the class will be responsible for the selection of the tree and its planting. A committee composed of four members of the Sophomore class, including the president, will be responsible for the selection of the tree and its planting.

Alumni to Return

Many alumni are expected to return for the annual spring meeting. Several prominent alumni will be present, including the former president of the University, Dr. James M. H. Goodrich.
