Now, when it comes to a cigarette that will suit you... you want to think whether it's mild, you want to think about the taste...

That Chesterfields are milder and taste better is no accident...

The flavor who grows the tobaccos, the environment under which the highest holders, every man who knows about leaf tobaccos will tell you that it takes, mild like to make a good cigarette...

In making Chesterfields we use mild riper homegrown and Turkish tobaccos.

What Big Bill Tilden has to say about Camels is worth any smoker's attention. "Playing hard, competitive tennis day after day, I've got to keep in tiptop physical condition," says the 42-year-old "Iron Man of Tennis. "I smoke Camels, the mild cigarette. They don't get my wind or upset my nerves. I've smoked Camels for years, and I never tire of their smooth, rich taste! Camels must be made from choicer tobaccos to be so mild and taste so good!" And other tennis stars...Lester Stoefen, George Lott, and Bruce Barnes... agree with Big Bill about smoking Camels. So turn to Camels for steady smoking. You'll like their mildness too!

Camels are made from finer, MORE EXPENSIVE TOBACCOS than any other popular brand.

Caught in the Act

TWISTING, TURNING AND SMASHING through the Niagara University line, the SPEED GRAPH records Jimmy Downey's every motion in making a 6-yard gain which paced down field and set up a touchdown for the Manhattan College Jaspers in the first game of the season played at Ebbets Field, Brooklyn. The pictures in numerical order show Bob Moser, Manhattan center, breaking a hole through the Niagara line, and (2) leading the way for Downey until he is downed (3). Then (4) Kossa, Niagara end, plunged and missed the runner (5). Then came Keegan (6). A straight-arm thrust from Downey failed to stop Keegan, and he catapulted himself (7), catching Downey's right leg (8), and hung on (9) until Korach cut in ahead of the runner and brought him down (10).
The cheapness of Victuals" Brought Yale to New Haven

The expedience, frugality, and economy of energy in the early days of the college were the watchwords of the founders of Yale University. The first-class education was provided at minimal cost, and the students were required to work for their tuition. TheCollege Hall was the first building on the campus, and it was used for both educational and social purposes. The students were required to contribute to the cost of their education, and they were also required to contribute to the cost of the College Hall.

The college was founded in 1701 by the Connecticut Colony, and it was chartered by the Connecticut General Assembly.
