Flick to Pace Harriers

The 1965 season will find the Albany State cross-country team facing the greatest challenge in the brief three-year history of the sport at State. A most demanding schedule finds the Danes with only two returning members of last year’s undefeated team.

Senior Bob Flick and Ken Kirk are the two veterans around whom this year’s squad will be built. Flick alternated between the runners-up and number three spots on last year’s team, while Kirk was beset with injuries all season long with injuries after a fine 1963 season.

This year, in addition to the four dramatic productions and the non-auditorium plays which the department has staged, the University Theatre has expanded the program to include a musical, "The Third Wise Man," by the New York City Opera. The musical will be directed by Martin Slade, who worked with Childs' Theatre last year and directed the very successful "Underneath the Board" by Ann Stephen, who directed a chamber theatre production last year. This year's musical will be a successful expansion in programming which will necessitate student participation in all areas of production.
