State College has lost another long-time teacher through the resignation of Miss Van Denburgh, who has done such a splendid job of teaching English in this capacity for the past 27 years. Miss Van Denburgh has been a member of the educational staff of the college for 40 years, having taught at Franklin and Moore High Schools prior to her appointment at State College.

Miss Van Denburgh was a member of Phi Delta Kappa, the national honorary fraternity and an active member of the Phi Beta Kappa Society. She was also a member of the National Education Association and the Pennsylvania Education Association.

Those who knew Miss Van Denburgh will remember her as a kind and understanding teacher who always had time for her students. She will be missed by all who knew her.

Sandwiches, Prices, Over-Crowding, Scored By Students In College-Wide Dissatisfaction With Cafeteria Conditions

General dissatisfaction with the State College cafeteria has led many students to speak out about the problems they have encountered there. This dissatisfaction is widespread among students, and the following are a few examples:

"The portions are too small, and the prices are too high. I can't afford to eat there again!"

"The food is always cold and tasteless. It's not worth the price I pay!"

"The lines are too long, and the service is slow. I waste too much time waiting for my food!"

"The variety of food is too limited. I get tired of eating the same things all the time!"

One of the main gripes, however, is the lack of quality. Students feel that they are not being given enough change for their money. This lack of change is especially noticeable at lunchtime, when the cafeteria is crowded.

The students' main concerns are the high prices, the lack of variety, and the long lines. They feel that the cafeteria is not meeting their needs, and they are calling for changes to be made in order to improve the situation.
