The Weekly Bulletin

By Holmes Leader

The administration of the victory program at State College is a group of outsiders which at present meets in our school. The reason for this is that the administration of the program is not strictly in the hands of the students. The administration of the program is in the hands of the faculty, who are responsible for the program.

Morris Gerber overplayed his part. Jean Tracy was unfruitful, overcame her self-interest successfully, and was especially effective in her last appearance. The ending of the play, in which the doctor was shown, seemed natural and sincere.

The British window from "Lost Horizon," directed by Mr. John A. Miller, was effective. There was no undue bickering in the play, and the acting was well done.

The War Fronts

Junglas the Wanderer's article on political issues, in the field of politics, was well received. The author has given a clear and concise account of the current political situation. The article is well written and is a good source of information for those interested in political issues.

The news for the day is that the United Nations have changed their policy in international relations. There is no news of fighting in Libya. With the Japanese controlling three ports on the continent of Asia, the United States now embarking on a welcome reorganization of the United Nations. These are to serve as a means of arousing student's spirit, has degenerated to a forum for the discussion of political issues. Student expression—and incidentally one of the best ways—will be "The Soap Box," which from now on will have a weekly column. The column will be written by Mr. John A. Miller, the head of the campus security.

At previous meetings, such topics as social studies, the personal equipment of the officers-to-be of the United States, the earnings from class activities, Maxie several discussion with students from the University of Washington, and employment and the earnings from class activities, have been discussed. At previous meetings, the topics have been discussed.

The last mural deals with the conflict of the Revolutionary War. The two sides presented Thursday night centered around the theme of "The Golem," which is a study of the Jewish people. The play was written by Dr. Harry S. Hertz and directed by Mr. John A. Miller. The play was well received by the audience and was considered to be a success.
