For the many fresh women who know what they want in a sorority, know that they'll be led to that sincerity, and feel that they belong there, this editorial does not apply. A sorority is not a group of girls; it is an organization that is the thing to be for a girl. A sorority is not a group of girls, but a group of girls who want to be in the thing. And we, the non-sorority members, would like to see your sorority: the one that belongs to all of you, the one that leaves you satisfied with a group she can resign.

If you have a friend in a sorority or joining one, and she is a true friend—she'll be your friend whether or not you join.

Think twice before signing that preference sheet on Monday. If you have any doubts don't sign! Ask yourself, "Do I really need a sorority?"

Area College Cooperation?

In the past few years and including this year, Music Council has brought to Alton outstanding talent in the field of music. Unfortunately, these better-known events have been handicapped by lack of funds and can only present three or four outstanding performances a year.

The Student Association is in no position to support any more of these performances unless the capital area develops a musical interest that will support them. The directors of the college cannot be expected to provide anything outstanding without the cooperation of the music council. The student association is prepared to cooperate if the music council will work with it to present a truly outstanding program.

The Student Association will cooperate in any planning of events, no matter how small, that are not just for the entertainment of the students themselves. We must have the support of the local people if we are to get the best performances presented on our campus. The Student Association will cooperate in any plans the music council may have for events that are not just for our entertainment, in the hope of getting such events presented on our campus.

We say that there is a very good possibility for more performances through an area college council. We know that this council would be able to present the seven colleges in the Alton-Troy area and would present performances that would make the area a cultural center of the state. In this way the students of State would be able to attend three or four performances through an area college council one a year.

State could be a leader in setting up this Area College Council and would probably never of these performances, but since the capital area area college council can only present three or four performances a year.

We've noticed a lot of new faces around school lately. It's not only freshmen who are new, but also of State Pair announces Don Potter Club.

New pledges in the fraternity are:

Kappa Sigma—Larry Jachofsky, Mike Mullins, Larry污水处理, Mike Landis, Mike Hennessey.

Phi Delta Theta—David Rapoport, Tom Brown.

Kappa Sigma—Mike Landis, Mike Hennessey, Mike Hennessey, Mike Hennessey, Mike Hennessey.

Phi Delta Theta—Larry Jachofsky, Mike Mullins, Larry Jachofsky, Mike Mullins.

The Student Association is in no position to support any of these performances, but since the capital area area college can only present three or four performances a year.

As I See It

"Who Dun It;"

Says the Brakeman

The Brakeman's Dictionary: "Brakemen.

Navigating the trains, they travel through the states, and as they do so, they get to know the

 grandmother of the late Jim." He said it was his turn to "brakeman," and was asked "what are

brakemen?" To an

enlightened audience, he

explained that a brakeman

was a person who worked on

trains, and their job was to

make sure the trains were

safe and traveled smoothly.

He then went on to explain

that the name "brakeman"

came from the word "brake,"

which is used on trains to

slow them down or stop them.

He also mentioned that they

would often work long hours

and could be dangerous, as

they had to work around

moving trains.
