THINKLISH

English: Drive-In Movie on a Rainy Night

Spanish translation: Este drive-in es el lugar perfecto para un día lluvioso. En febrero, el cielo está cubierto de nubes y llovizna, pero en el drive-in, la diversión sigue. Ni la lluvia ni las nubes pueden derrumbar el espíritu de los espectadores. En un día como éste, el drive-in es el lugar ideal para pasarla bien.

Student Voted Selects Helwig

25 Votes Decide Presidency; Dougherty Serves As Veep

The race for the Presidency of Student Association was won by Robert Helwig by a total of 25 votes. Our voting devices recorded 42 and Douglas Penfield received 18. A total of 40 blank ballots were cast. It should be noted that the number of ballots cast was only a little more than the number cast in the Blockball election in 1958. Since then, the number of ballots has increased, but apparently decreased in political climate.

James Dougherty won the election for the Vice-Presidency with a total of 29 votes against a total of 32 blank ballots. Dougherty served as a member of Senate for the last year and as Sports Editor of The State College News. He has served his class in the position of President in both his Freshman and Junior years. He is active in dramatic productions here on campus.

Frosh Brooker For First Year

The Frosh Brooker is a popular tradition here at Mt. Vernon. The Frosh Brooker, also known as the Freshman Brooker, is a Frosh for the coming year. He is chosen from the Frosh class and serves as a Frosh representative in the Frosh Government. The Frosh Brooker is responsible for organizing and carrying out Frosh activities and events.

THE FACADE

By Dave Fieldman

March 1, the last morning before the parking lot, we all feel a little uneasy and out of sorts. The campus is deserted of its usual excitement, and a new feeling of anxiety and uncertainty begins to spread through the school. Our thoughts turn to the future, to the classes we are about to enter, and to the new responsibilities and expectations that come with them.

We are not alone in our anxiety. Our friends, classmates, and even our teachers share our concerns. They, too, are uncertain about what lies ahead, and they wonder if they are making the right choices. It is a time of transition, of change, and of uncertainty. We are all looking for guidance and support as we navigate this new phase of our lives.

Questions arise about our future: Will we be successful? Will we be happy? Will we make the right decisions? These are questions that haunt us all, and they are questions that we must find answers to if we are to move forward with confidence.

As we prepare to start our new classes, we must remember that we are not alone in our journey. We all face the same challenges, and we all have the same fears. We must support each other, and we must help each other to navigate this new phase of our lives. Only then can we truly begin to understand our own motivations and desires.

We must remember that our goals are not fixed, and that our desires are not static. They change and evolve as we grow and learn. It is only through the process of self-discovery that we can truly understand ourselves and our place in the world.

We must remember that we are all in this together, and that we must support each other in our endeavors. Only then can we truly begin to understand our own motivations and desires. Only then can we truly begin to live our lives.
