Helwig Addresses Student Assembly
In Presidential Farewell Speech

As we are about to close out one year, I would like to express my gratitude to all of you, our students, for your cooperation and understanding during this past year. I believe we have done a good job of maintaining the high standards of our school. I also want to thank all of the faculty and staff who have helped me during my tenure as president. I have enjoyed working with each of you and believe that our school is better because of it. I wish each of you the best in the future.
We Believe

As members of State University, College of Education at Albany, we are proud of our academic traditions, and moral standards. It is the privilege and duty of each of us to uphold and further these ideals.

We realize that at all times we are representatives of our college and our friends and community, and that our every action is a reflection of ourselves and our school. We are always conscious of this sentiment. This is what we mean when we speak of spirit and ideals.

Spoken and written word in all dealings with the college. . .

Honesty—Honor—Friendship—Faith—Service

Incarnations of Honor—To the Editor

We wish to submit a criticism of the present inaction on the part of the college officials concerning the problem of Greek Life on the campus.

First of all, students are not bound by the rules until they are initiated, and so aren't really talking. It is possible that some students have been found guilty of the offenses cited, but if so, no action has been taken to prevent future occurrence. In addition, any member of the college faculty or official should be able to attend any meeting of the organization and be able to voice his opinion. Such inaction is not to the benefit of the students, and thus far, but suggests that it would be wise to be more active in the future.

Respectfully submitted

The time of the year has arrived when the ever popular summer pastime of ball takes on its annual significance to our Alma Mater, State College. The Pedal Pals are all ready in mid-season, which is to say, both on and off the field. They departed on that long journey to far Beaver University basketball tournament. This way the road to glory. The Pedal Pals have been doing a steady job in between, which is to say being part of the best team in the state, as far as the Babe Ruth League is concerned.
