Finance Board To Put Budget Before Assembly

Today's assembly hour will be devoted to the presentation of the budget and discussion of financial matters, according to Paul Dugott, presiding officer of the Student Assembly, who will present the $18,803.00 budget to the students.

This year's budget shows a slight increase over last year's, but the faculty's call for funds allows students, rather than students, to take out the money. The budget is approved by the faculty and the student body, and the students will take part in the process."

OUTGOING MYSKANIA TAPS TWELVE
AS MEMBERS OF SECRET SOCIETY

The climax of the suspension, reaffirmation, and pagentry of the annual Moving-up Day exercises last Friday was reached when the outgoing member of the Myskania society, selected today, read their inclusions in the organization first chosen in 1927.

The system largely of the society, chosen by the society officers, are members of the junior class who have shown leadership and ability in extra-curricular activities during their college years.

Following a president set in 1927, the Myskania, eight in number, six of which number were established in the present line of the organization, four of the old Myskania members, Raymond Zink, chairman, and Mr. Edith H. Blood, and the other members of the MYSKANIA, likewise, during the present year.

The ceremony was held in the Student Assembly, with the presence of the students and faculty.

A daring young man and his trapeze—but this one doesn’t fly. William Sefton, University of Southern California Olympic prospect, just sets it up there to jump over with the bamboo pole, a vaulter’s single piece of equipment used to defy the law of gravity. Sefton is stopped by the Magic Eye Speed Graph camera in eight different poses as he clears a near-record height.

When Massachusetts Institute of Technology engineers wanted a new way of determining admission charges to their annual dance, they invented the “IT” machine, and the higher the personality record the higher the admission charge. Mary Wals Atwood (above), Nasson College student, had so much “IT” she burned out the machine.

Experta Rifleman Dr. J. F. McClendon, University of Minnesota, keeps an eye on his rifle with his side in the dormitory and laboratory to shoot him that he burns out the run.

This one failed—This remarkable action photo caught University of Iowa trapeze performers in an unscheduled midair collision. The trick is for the man in shorts to leave catcher’s hands, pass under man in trousers, and catch swing as man in trousers leaves it.
For Digestion's sake... smoke Camels

One of life's most enjoyable experiences is the pleasure you feel when you enjoy a Camels smoke. Most people are unaware of the effect Camels have on digestion. When you smoke Camels, you are actually helping your digestive system. Camels help to keep your digestive system in good shape. They are rich in vitamins and minerals. Camels are also known for their ability to assist in the absorption of nutrients. They help to break down food more efficiently, making it easier for your body to absorb. Furthermore, Camels help to reduce the strain on your digestive system, allowing you to enjoy your food even more.

Camels are not only good for your digestion, but they are also good for your overall health. They are known to improve your energy levels, boost your immune system, and help to prevent certain types of cancer. Camels are also known to have a calming effect on the mind and body, making them a great choice for those who are looking to reduce stress.

So, the next time you want to enjoy a Camels smoke, remember that you are not only indulging in a delicious and satisfying experience, but you are also doing something good for your body. Camels are your friend and your ally in the battle against poor health. So, enjoy them and know that you are taking care of yourself.

For Digestion's sake... smoke Camels.

With a Minimum of Disorder

With a minimum of disorder, the 1936 peace "strike" enlisted almost double the number of student participants as did the second annual nationwide peace demonstration in 1935. An estimated 500,000 undergraduates in 400 college and high school clubs conducted this year's one-hour peace movement, according to estimates of officials of the newly formed American Student Union, sponsor of the 1936 strike.

Sophomores Place Over Juniors In Annual Track Meet, 37-36

Haynes, 38, Breaks Two Records, 880 Yard and One Mile Runs; Freshmen, Seniors Finish in Third and Fourth Places

The Western men's team won the annual track meet on Thursday afternoon in the State college stadium. The meet was dominated by Haynes who broke both existing records for the 880 yard and one mile runs, jumping the half mile in a speedy 2:16.8. Cotchell's 2:30.5 in the broad jump was closely followed by Kellin, with 2:30.6, a backbreaking effort of an inch behind the winner.

The boys pulled in the following order:

Sophomores Return Rivalry Cup

As Traditional Contest Closes

After a year of closer battles, some personal and internal changes, the fabled Cup was lifted to the Sophomores and returned to the Juniors. The Sophomores have borrowed the Cup from last year's winners, the Juniors, and are now the holder of the Cup. This is the first time in recent memory that the Cup has been won by the Sophomores. The Sophomores have not won the Cup in the past two years, and it is believed that they will now be able to carry it for the next few years. The Sophomores are now the holder of the Cup and will be holding it until the next meeting with the Juniors.
