**Issues To Face Next Assembly**

**Amendments To Constitution, By-Laws and Statutes**

An important problem that the Student Association Constitution and statutes will have to consider is the amendment of the by-laws. There are two important changes that will be made. First, the total of the by-laws will be revised to eliminate the amendment process. All changes to the by-laws will be posted for two weeks, following the vote. Second, the student council will have the authority to make any changes to the by-laws without a formal vote. The student council will be allowed to make changes to the by-laws as soon as they are posted, without a formal vote.

**Transfer of Powers**

Transfer of powers from student council to Myskania's senior body, the Student Association, will be considered. The student council will be required to transfer all powers to the Student Association, and the Student Association will be required to accept all powers from the student council. The transfer of powers will be made effective immediately, following the vote.

**Branch of Alumni To Be Formed**

The Student Association will consider the formation of a branch of the Alumni Association. The branch will be formed to provide a forum for alumni to participate in the affairs of the college. The branch will be composed of alumni who are interested in the affairs of the college. The branch will be governed by a board of directors, which will be elected by the alumni. The board of directors will be responsible for the administration of the branch.

**Shower of Resolutions Assails Student Body in Friday Assembly**

Two of the four motions passed during the assembly were concerned with the constitutional changes during the assembly period. One of the resolutions passed was concerned with the Student Association's move to revise the by-laws. The resolution was passed unanimously, and it was carried without a formal vote. Another resolution was passed to amend the by-laws. The resolution was passed by a vote of 20-0.

**Says to Speak To Student Body: Quartet to Sing**

Professor John M. Sayles will address the student body on Thursday at 9 a.m. The quartet will perform at the assembly.

Without examining the situation in and around the annex or the cafeteria, the number of new students may be reduced. Why should students desiring "merry company" be out in merry company.

With your student point of view, I suggest, if better facilities are not made available, the administration will have to face an effort to require students to do more than simply attend the games.

...and today Chesterfield imports thousands of bales of tobacco from Turkey and Greece to add flavor and fragrance to Chesterfield Cigarettes.

Turkish tobacco is expensive. The import duty alone is 35 cents a pound. But no other place except Turkey and Greece can raise tobacco of this particular aroma and flavor.

This Turkish tobacco, blended with our own American tobaccos in the correct proportions to bring out the finer qualities of each tobacco, helps to make Chesterfields outstanding for mildness and for better taste.
