Sienna Knocks Off Batmen, 15-4

By Andy Finazzo

Sienna's 15-4 victory yesterday afternoon in the first round of the state Class A -10 tournament was the latest in a series of first-round upsets by the conference's non-factor teams. The state Class A -10 conference has seen many upsets in recent years, and this was just another in a long line of unexpected results.

The three-point victory was a necessary result for the state Class A-10 conference, which has struggled in recent years to compete with the state Class A-10 conference. State Assembly

ALBANY, N.Y. (AP) — The State Police went to extraordinary and sometimes violent lengths to keep hundreds of protesters out of the Capitol area, and the dots and lines of the state's political map are now more evident than ever.

The methods used to build a barrier around the Capitol complex included police officers and state troopers, as well as equipment such as fences and barriers. The police officers were deployed in large numbers to prevent protesters from entering the Capitol area.

The state police have been criticized for their use of excessive force during the protest, with some protesters reporting being pushed, shoved, and even injured by police officers.

The officers were responding to a demonstration that originated in solidarity with the Black Lives Matter movement.

Police said they were trying to protect public safety and ensure that the protest remained peaceful.

House Working on Minimum Wage Increases

ALBANY, N.Y. (AP) — In a bid to increase the state's minimum wage to $12.15 by 2021, the state Legislature is set to pass a bill that would raise the wage over the next three years. The bill, which is expected to pass, would raise the minimum wage to $11.00 in 2019, $11.50 in 2020, and $12.15 in 2021.

Lance Says "Confidence is Clear"

The University Police Department has received a letter from the Board of Regents expressing confidence in the department's ability to handle any situation that may arise.

The letter states that the Board of Regents is pleased with the department's efforts to improve communication and coordination between all levels of law enforcement.

Police Protest Schedule Shift

The Police Department has announced a new schedule for its officers, which will affect some members of the department.

The new schedule will go into effect on January 1, 2021.

Potter Club Conduct Review

The Potter Club has been placed on probation by the university, following allegations of inappropriate behavior.

The club was founded in 1992 and has been a popular social and cultural organization on campus.

The investigation was conducted by the university's Office of Student Conduct and was led by Joanne M. Mintz, senior investigator.

The investigation found that the club had violated several university policies, including those related to alcohol, hazing, and discrimination.

The club was given 30 days to appeal the decision.

Student Health Service Fee Rises

The Student Health Service has announced a new fee for services, effective immediately.

The fee increase is expected to generate an additional $2 million in revenue for the service.

The fee increase is the first in several years, and it is expected to provide additional funding for the service's programs.

sunnY health budgET preposal reflects three-year plan

The SUNY board of trustees has approved a new three-year budget proposal that includes significant increases in funding for several programs.

The proposal includes a $50 million increase in funding for mental health services, as well as increased funding for academic programs and student services.

The proposal also includes a $10 million increase in funding for research and development.

The budget proposal is expected to be presented to the SUNY board of trustees for final approval in the coming weeks.
Academic Calendar To Be Revised

by David Kain

The Educational Policies Committee will meet next month to review the 1978-79 academic calendar after a SUNY Board of Trustees ruling that the committee must prepare a change appropriate for the 1978-79 academic year, according to the chairmen of the Senate Faculty Union, Frank Kibler, and the Senate Faculty Union, John Kibler.

The Board of Trustees ruled in June that the Senate Faculty Union must prepare a change on the SUNY Board of Trustees calendar for the 1978-79 academic year, which would schedule classes to begin on Labor Day.

"This year's calendar will be adjusted to begin on Labor Day," said Professor Frank Kibler, who will prepare a change for the Senate Faculty Union, John Kibler.

The Senate Faculty Union, which represents the students, is the only group to have made a change in the calendar, according to the chairmen of the Senate Faculty Union, Frank Kibler, and the Senate Faculty Union, John Kibler.

The proposal for permanent student representation on the University Senate was first drafted and submitted to the Senate by the Senate Faculty Union, which then presented its proposal to SUNY President Vincent O'Leary.

The proposal, which was approved by the Senate Faculty Union, is designed to provide the students with a voice in the decision-making process of the University Senate. It would allow students to participate in the selection of the Senate Faculty Union representatives, and would enable the students to have a say in the decisions that affect them.

The Senate Faculty Union representatives would be elected by the students, and would serve a term of two years. They would have the power to vote on all matters that come before the Senate Faculty Union, and would be responsible for representing the students' interests.

The proposal was approved by the Senate Faculty Union, and was presented to the SUNY Board of Trustees for consideration. The Board of Trustees approved the proposal, and the new representatives were elected in the fall of 1978.

Volunteers registered voters yesterday in the Campus Center as part of a campus voter registration drive.

O'Leary Pushes Draper Repairs

by Matthew Cox

O'Leary says he has been approached by both the Draper School and the SUNY Board of Trustees about the need for repairs to the Draper School buildings. He says the repairs are necessary to keep the buildings in good condition.

How Evelyn Wood Reading Dynamics gives you a
competitive edge in school.

School at any level means reading... lots of it. Keeping up with
thousands of pages can take a heavy toll in time and energy.
and grades. If you're typical, you read 150 to 350 words a minute.
and how do you get ahead of the rest?

Evelyn Wood can triple your reading rate and improve your comprehension and study skills.

Hundreds of thousands of students use the Reading Dynamics Method. They find reading less of a chore. Concentration and retention improve, which can lead to better grades. A competitive edge is important... too important for you to delay.

Prove it to yourself today!

Whether you're thinking of grad school or the job market, or if you want to keep up with course reading today, let Evelyn Wood Reading Dynamics give you a competitive edge.

In fact Evelyn Wood guarantees that you will triple your reading rate if you follow the course correctly, or your full tuition will be refunded. That's our competitive edge.

SUNYA Loses Chemistry PhD

SUNYA's Dissertation Committee has decided to withdraw the Ph.D. candidacy of a SUNYA graduate student, Dr. Jane Doe, from the Department of Chemistry for failing to meet the requirements for the degree.

Dr. Doe was enrolled in the Ph.D. program in Chemistry at SUNYA. However, after a year of study, it was determined that she was not making sufficient progress towards her degree.

The Dissertation Committee, which consists of Dr. Jane Doe's advisor and two other faculty members, reviewed her progress and concluded that she had not met the necessary criteria for advancement in the program.

The decision was made in consultation with the SUNYA Dean of Graduate Studies and the SUNYA Graduate School.

Faculty Retrenchment SUNY-Wide

The SUNY system is facing significant budget cuts, and the SUNY Chancellor has announced plans to implement faculty layoffs to address these cuts.

According to the Chancellor, the cuts are necessary to ensure the financial health of the SUNY system in the face of declining state funding.

The Chancellor has announced that faculty layoffs will be implemented across the SUNY system, with the goal of reducing the number of faculty positions by 10%.

Students must be aware that this may affect their programs of study and access to the faculty they need to succeed.

Student Fundraising Efforts

In an effort to raise funds for student programs and initiatives, SUNYA is launching a new student fundraising campaign.

The campaign aims to raise funds to support student scholarships, research funding, and other initiatives that benefit SUNYA students.

Students are encouraged to participate in the campaign by donating to the student fundraising campaign, attending fundraising events, and spreading the word to their friends and family.

By supporting SUNYA students, you are helping to ensure a strong and vibrant SUNYA community for future generations.

If you have any questions about the student fundraising campaign or would like to learn more, please contact the SUNYA Student Affairs Office.
