SEASON ENDS TO-MORROW

Basketball Practice To Begin on Monday

The 1924-25 football season closes to-morrow. Before what is expected to be the largest grid crowd of the year, State College's football men will go into battle with Springfield Y. M. C. A. college at Ridgewood park. Today cheer and squad were scheduled for chapel and this afternoon the elevens will have a light Signal workout with Coach Baker in charge.

Every day this week strenuous scrimmages have been going on at Beverwyck park. First work was begun Monday afternoon. It followed a week's layoff due to the cancellation of the Manhattan game. Tuesday and Wednesday afternoon workouts with the squad and other men took place. Yesterday the final scrimmage of the week came.

Coach Baker said last night the men are ready for the game. Reports from the Springfield camp indicate the physical directors are as strong as usual this year and nearing the peak of a good season.

Varsity basketball practice will be begun Monday, it was announced yesterday by Coach Baker. The men, it is expected, will be able to start strenuous practice scheduled for the court men before the opening titl with Union College varsity in Albany, Saturday evening.

On account of football, there was no practice this week. Workouts last week resulted in the selection of no line-up. Captain Galster has about fifteen or twenty men signed up for the sport. The varsity, it is expected, will practice against the freshman five.

Interclass Basketball Schedule Announced

The Interclass Basketball schedule as planned by G. A., allows for the occupancy of the spring sport season by volley and baseball contests as all games will be played off by Christmas recess. Beginning this week, the matches will be played on Monday.

November 17, Junior—Sophomore
November 18, Junior—Freshman
November 24, Junior—Senior
November 25, Senior—Freshman
December 1, Sophomore—Junior
December 2, Sophomore—Freshman
December 8, Sophomore—Senior
December 9, Freshman—Junior
December 15, Freshman—Sophomore
December 16, Freshman—Senior

Dramatics Class To Give Three Plays; Cast To Be Chosen

"Overtones," "The Boy Comes Home" and "Aria da Capo" are the three one-act plays to be presented in January at the Vincentine Institute as the annual public work of the elementary dramatics class under the direction of Miss Agnes E. Putzer, it has been virtually decided.

"Aria da Capo" has been successfully given before by the advanced dramatics class. It is a tragedy played by an all-woman cast and is in fantasy form. Author, Miss Milly;. Here this season under Dramatic and Art Association auspices. The production of this piece has been definitely decided upon. Rehearsals will be ordered and tryouts will begin next week.

"Overtones" is by S. S. Chapin, author of "Trifles" and "Second Stage." It is a comedy and was produced by a cast of eight women. "The Boy Comes Home" is an English comedy, touching on after-war conditions. It is by J. A. Davis, and "Aria da Capo," given by the class last year. There are men and women characters. Rehearsals will be ordered and tryouts will begin next week.

For the three plays, the Dramatics class will be able to choose from a cast of twenty men signed up for the sport. The varsity, it is expected, will practice against the freshman five.

Y. W. Holds Memorial For Miss Martinez

Music, flowers, and simple, quiet words honored the memory of Miss Maria Martinez, at the Y. W. Vesper service last Sunday.

The program, entitled "J'arage," was played by Miss Beatrice Edelson, Miss Nettie Gilbert, and Miss Thyria DeVier, sung "Lead Kindly Light." From "Revelations," Dr. Richardson chose readings, and followed them by a majestie old Evangeline prayer. A more intimate personal reminiscence, written by Miss Faure, was beautifully interpreted by Miss Putzer:

"That their name may never be forgotten. The memory of the love she showed. It was sometimes the color of flower or star. And sometimes the spirit of a soldier in her hair. Her heart was as young as a frail new mist. And her was as sensitive as a child in a moment."

This was followed by the singing of the favorite hymn of Mrs. Martinez. The former was sung by the Spanish Club, French Club, and the Y. W. V. C. C.

The service closed with the benediction of Dr. Richardson, and a choral response.

ART DEPARTMENT

TO SELL PICTURES

The Dramatic and Art Association has a surprise in store. In about a week, the walls of the main hall will be hidden under some of the finest exhibits in the country. The American Federation of Art is putting forth these etchings to promote the sale of much-needed pictures and, at the same time, the arts of the decade. Several artists will be represented. Miss Olga Hampel has been in a private collection and has been presented to several of these celeste which is given to Washington last year as representative of the Dramatics and Art Association at State College.

These works of art will be on sale at reasonable prices. However, the vital function of this exhibit is to inspire some appreciation of the fascinating style of possibilities for varied treatment of subject displayed in these sketches.

Miss Perine will have a reproduction of the etchings in Room 308. The artist's name is Munden. BASKETBALL LINE-UP

College Spirit And What It Can Do

An agreement was signed last week which several students pledged themselves not to shave until State won a game. If an outsider were to attend one of State's home games there would be many cautions for doubt in his mind as to why State does not win. The reason is this: We as a college are not behind our teams. We are not boosting our teams on to victory. We take a lauded interest in all athletic affairs, which expresses itself in this sentence. "I hope we will win."

Last week the freshman organized a basketball team on Monday afternoon, which played its first game on Friday night. They were defeated it is true, by a score of 20-18, but in my estimation it was a moral victory. If the freshmen can organize a team, and make the showing they did at their first game, not only to playing ability, but also to the support which they received from their own class, why cannot our varsity basketball team win more games, when the season opens, than it did last? The answer to this is spirit—school spirit. It is the big factor in winning every basketball game. It is the support given to the team by the student body. If we buck the varsity basketball team, as the freshmen class supported its team last Friday night those young men, who signed the agreement, will not go unseasoned long. Wake up State! Ask 28 how it gets that way.

WHAT STATE HAS

Before I came to college, I had delightful visions of hundreds of girls waiting to be friends and admirers; I had secret thrills at the thought of companionship, and at the thoughts of all other delightful things, of which I had read concerning college life. Oddly, the last but one thing that came to me, was the realization that the life of a college is something that is experienced. It is the big thing, the realization that the life of a college is experienced. The American student chooses his companions not to playing ability, but to the support which he received from his own class, why cannot our varsity basketball team win more games, when the season opens, than it did last? The answer to this is spirit—school spirit. It is the big factor in winning every basketball game. It is the support given to the team by the student body. If we buck the varsity basketball team, as the freshmen class supported its team last Friday night those young men, who signed the agreement, will not go unseasoned long. Wake up State! Quinn vs. Roberts

Lyle Roberts, football captain, and well-known senior, was charged with breach of promise by Miss Bertha Quinn, 26, in a civil action begun this week before Judge Hutchinson in government court. Miss Quinn has been retained by Miss Quinn as her attorney and Roberts is defended by Harry S. Godfrey. Roberts was charged in the court and brought into court Monday. Sensation-seeking crowds have been following the starting developments of the case this week. The prosecution has produced very interesting letters purporting to have been written by Roberts to Miss Quinn. The case is rivaling in interest the famous criminal action against Miles Pollock, senior charged with chicken stealing which held front page attention last year.

TAG RESULTS LARGE

Nineteen State College girls sold tags for the Salvation Army Saturday, November 1. They collected $154.10, which, with $5.10, raised in college the day before, makes a total of $204.20 secured for the Salvation Army, through the efforts of the State. The tag sellers Saturday were: Dorothy Dietz, 25, Gorgiana Maass, 27, Ruth Maynard, 27, Carolyn Coleman, 26, Millard Webster, 26, Margaret Hutchins, 25, Agnes Webster, 26, Hazel Benjamin, 26, Ethel Vitulski, 26, Ella Chase, 25, Florence McDonald, 26, Louise Ward, 26, Mary Kent, 28, Gertrude Swettman, 25, Eva Himmon, 25, Margaret Benjamin, 26, Josephine Kent, 25, Marietta Haun, 25, and Frances Johnson, 25.

SILVER BAY CLUB MEETS

The Silver Bay Club held its first meeting last week at the Delta Omega house. Miss Gertrude Ochs gave an informal dissertation on the Art of Teaching. The club was not large, but the audience was appreciative, among whom were Miss Edith O. Wallace and Miss Minnie B. Scotland. Before dinner, and after a short business meeting, there was the election of a president, Marjorie Livingston, 25, a secretary, Hazel Benjamin, 26, and a reporter, Margaret Benjamin, 26. Snippets were passed around, followed by refreshments, Silver Bay memories, and college "talk." With the singing of the "Pledge "Honorably Mentioned," Silver Bay song, and "Follow the Glimm," the members exchanged goodnights and went their individual or collective ways: all except the dwellers of the Pine Hills who "hesitated" at Jig Maar's request.

Hike Successful; Newman Club Active

The regular meeting of the Newman Club, held Wednesday, November 5, at four o'clock, in Room 211, was well attended. Mr. Driscoll, 25, the president of the club, gave a report of the Cornell Conference, and presented matters of special interest with regard to organization and activities among the Newman clubs of the state. The conference included representatives from the Ithaca Conservatory of Music, Cornell University, Columbia University, and the City Club of New York. After the business part of the regular meeting, Rev. Fr. Joseph E. Dunne, spiritual director of Newman, gave the first of the series of lectures on religion, which are to be included in this year's program of activities. Father Dunne also spoke very earnestly, on that topic which is now of supreme interest to Christianity, "The Great Challenge of Auschwitz." Note: The other Newman clubs of the state will hold full programs in the nick of time, and immediate starlings were arrested by bringing on the "hits." "Black and tan" refreshments, all hot dogs a la dougan, and super coffee with a general flavoring of soda, and one beer brought the unanimous approval of the hunger stricken crowd. After a jolly time spent around the camp fire, the Newman club started for home, singing college hymns, and "telling the truth," the Newman Club hike is the best thing on the market.

PAY YOUR STUDENT TAX

It is the earnest request of the Finance Board that every student pay his student tax as soon as possible. There are still a number of students who have failed to do so. It is to everyone's advantage if this matter is cleared up immediately, otherwise, the amounts which have been appropriated for carrying on the activities of certain departments in college must necessarily be curtailed. It is by means of the student tax that these departments are supported. Up to date, 86 seniors, 102 juniors, 191 sophomores, 281 freshmen, have paid. There has also been one faculty ticket and two special tickets sold.

HILDEY TO ADDRESS CLUB

What do you know of the history of your native state? We are all to be teachers in the Empire State, and no matter whether we be Spanish, Irish, or History teachers we should be informed of the part New York State has in History. Professor Hildley will talk on the history of the Niagara Frontier, on Tuesday, November 15, during the regular meeting of the Political Science Club, held Wednesday, November 15, under the auspices of the Political Science Club. This most interesting subject relates to the history of New York State.

ATTENDANCE COMMITTEE

A student who is absent, for any cause whatever, from more than 25 per cent of any course in one semester, shall be debarred from the final examination or semester examination in the course. In exceptional cases, however, the students may be again made eligible to take the examination by favorable action of the Attendance Committee upon recommendation of the department in which the course is given.

SENIOR-SOPH GAME

The basketball season opened with a battle royal between sister classes in the senior-sophomore game. Monday, November 7, from start to finish it was a fast, hard-bought game, in spite of the handicap to which each team had to.

Hike Successful; Newman Club Active

Kappa Delta Rho Initiates

The first of two weeks initiation period for Kappa Delta Rho freshmen pledges closed this week, with the college looking forward to a few more days of free entertainment by the dancing men.

Ortho Chinchar's upper crop, announcing the time of day, ceremonies began of freshmen who announced the beginning and departure of the fraternity's members and strangely dressed creatures were all served up this week for the amusement of the college, and their own discipline.

As is usual, the pledges were forbidden to talk to each other or to women. They addressed the Upper Crop as "members," doffed their fresh faces politely on the streets and saluted within doors. They were punctual in the observance of every rule.

They remembered the motto impressed on them "every violation means a blister."

LOCALS CLUBS SUGGESTED

Everyone is aware of the tremendous benefit and enjoyment derived from the activities of the various college clubs. Has anyone ever thought about the formation of District Clubs, Country Clubs, or City Clubs; the handling together of students from the different districts, counties, or cities? There are a great many students from Long Island, and many from Greater New York. City Clubs afford you some consideration as Schenectady, Troy, Rensselaer, Kingston, Waterford, Poughkeepsie, Utica, Cohoes, Johnstown, Saratoga, all have a dozen or more students at State College.

Home papers could be looked over at meetings of these clubs, and a worker from one's home town could be welcome. Here is a connection, the "missing link" between home and college.

Risley Interviews Monsieur Lausanne

Professor Risley spoke of a remarkable coincidence which he had had on November 11, 1918. Professor Risley was on the entertainment committee of the University Club, which had procured Monsieur Stephan Lausanne, then head of the Committee on Information, as a speaker. The date set was November 11. Monsieur Lausanne, editor of one of the most influential French newspapers, the "Paris Matin," arrived at the club, dressed in his beautiful blue uniform. He seemed to try his French, as he stood up to speak. A murmur began to be heard around the room until it finally burst into a roar—every man was on his feet sitting at the top of his voice. It was a spectacular performance! It was November 11, 1918.

Professor Risley had the opportunity to have two interviews with Monsieur Lausanne since he was in Paris.

Last November 11, while in Paris, Professor Risley watched the colonial troops march through the Arc de Triomphe and lift the Eternal Fire at the grave of the Unknown Soldier. The French Ambassador, embodying in his dignity American feeling placed a wreath upon the grave. The most spectacular part was the shrill, nervous, peculiar music of the flutes of the Moroccan troops.

NEWS URGES CO-OPERATION

It is only through the cooperation of an entire student body that a college paper can be representative of the ideas and aims of that body. What the paper really is, depends almost as much on the students themselves, as on the board of editors. Here at State, the college paper is run by a board of editors, reporters and clubs. Each week is given over to the reporters and editors. If they are alive and wide awake, without doubt, they will bring back something in shape of news, but often even the best of them fail. Often they have done their part, and then where does the fault lie? It most often lies with the student cooperation to whom they are sent for news.

The editors are trying to make the "News" as representative of the student body as possible, and the way in which the students and organizations respond to the cooperation will decide, to a large extent, the success or failure of the "News" as such.

"The News" wishes to make an appeal to all the students and organizations to give their help in making State's "News" a big, alive, paper. A paper of which State can be justly proud.

Y. W. C. A. Enjoy Lecture

Rachel L. Benfer, instructor in a Kentucky mountain mission, addressed the Y. W. C. A. at its regular meeting, Tuesday, November 11. Miss Benfer, with her low Southern drawl, immediately won the interest of all. Her speech opened with a few personal references, treating of her experiences when she was a young college graduate from Washington, became an instructor of the "poor white trash." The novelty, she stated, was what first attracted me, but soon, I learned to love my work because of the beautiful hill I was giving others.

The girls whom Miss Benfer teaches she divided into two classes; those who come from the poorest country sections and those from the mining towns. The former are of the lowest of the white trash, unkempt and utterly illiterate; the latter, although better clothed are far from ordinarily well-versed. "It is our task," Miss Benfer stated, "to teach them the first rudiments of education, for few can either read or write—nor do they know anything of the fundamental laws of life. Our range of instruction includes religion, morals, manners, and the laws of health."

In closing, Miss Benfer congratulated State students for their participation of the most worthwhile of vocations. "And I know where-of I speak, for I have had experience," she added with convincing emphasis.

SENIOR-JUNIOR DEBATE

The senior-junior debate is to be fought out in student assembly in the near future. Representatives from both classes have been chosen and they are now gathering together their material. Muriel Weber, Jerome Leishman, Niles Haight, and Isabel M. Walker and Edwin Juckett will speak for the red and white, while Margaret Leist, Robert Leister, and Isabel M. Walker, and Edwin Juckett will address the blue and white. The debate will be given in the Physical Education room at 3:00 P. M. Wednesday, November 19, has been postponed until Tuesday evening, November 25.

Attention is called to the fact that all pictures of classes, organizations, clubs, and individuals must be in the hands of the pedagogue board members before Thanksgiving vacation.

CARDS DUE TODAY

Cards for second semester subjects are to be returned today at the latest. Sections are to remain the same as the first semester.
