Efficiency or Ignorance?

Do our Student Association members realize that they have a responsibility to their Student Body or do they think that they are just another group of little symbols that will readily get lost on their records? We are beginning to wonder.

The year is coming to a close and we are due to start the next on the first of July. That is why we are beginning to wonder. And, if they do not realize it, it is probably because they do not care what happens to them, or maybe it was lack of knowledge about what was happening around them.

They passed bills, appointments, and the first budgets proposed for the sake of the questions. Let us assume that they are doing a great deal for the student body; but we would say that it was a lack of knowledge about what was happening around them.

We are not saying that they are not working hard to do their duty; but we would say that they were just doing it without any idea of what was happening around them.

We would like to speak on the importance of the Potter Club, for practically the only organization that has done so far is the Potter Club. It has done so not only for itself, but also for the state, and we feel that it is necessary to do so.

What is the Potter Club? It is a group of men and women who are interested in the state, and who are trying to do something for it. It is a group of men and women who are interested in the state, and who are trying to do something for it. Unprepared Senate Approves Two Constitutions, Rival Ball Accepted

The state Senate approved two constitutional proposals on Wednesday, one sponsored by Governor Rockefeller and the other by Senator W. A. Smith. The proposals would go to the voters in the November election if approved by the legislature.

The Rockefeller proposal would allow the state to issue bonds for public works projects, while the Smith proposal would increase the state's debt ceiling. The House had already approved the Rockefeller proposal, but the Senate had to take up the Smith proposal.

The governor's proposal would allow the state to issue $1 billion in bonds for public works projects, such as roads and bridges. The proposal would also allow the state to issue $500 million in bonds for education purposes.

The Smith proposal would increase the state's debt ceiling from $5 billion to $10 billion. The proposal would also allow the state to issue $3 billion in bonds for public works projects.

The proposals were expected to pass easily, with both major parties supporting them. The governor's proposal was supported by both major parties, while the Smith proposal was supported by the Democrats.

Brubacher Tournament Enters Final; Four Left From Forty

The Brubacher Tournament, entering its vital completion, is being played for the final match for the championship: Betty Austin and Brubacher's sports director, Ken Matt, did not engage in the one of the arm properly, and this was forced to return to the hospital for further treatment. She has thus been unable to attend any of the games since re-entering the hospital. Fortunately, we have now received word that she plans to resume teaching her classes next Monday. This could mean that she will be able to attend the games over the weekend. It seems as if our AMIA players got involved in an AMIA-type game lacked the fine执行, but no other New Paltz player had a good game.

Can They Be Serious?

Games. 32-9, 21-11, 18-5

If you're out of shape, you've: don't know how free from inhibitions. The routine effort. We'll all agree that the players had a lot of fun, and if we were all playing for bigger money, we might have a lot of fun, too.

First League Final

The Brubacher women's' final place was strengthened via a nor- enement of a substitute teacher for Mrs. Egglöston who has thus been unable to attend any of the games since re-entering the hospital. Fortunately, we have now received word that she plans to resume teaching her classes next Monday. This could mean that she will be able to attend the games over the weekend. It seems as if our AMIA players got involved in an AMIA-type game lacked the fine, with the exception of Sturtevant, the number two man, who went far enough for pipe dreams. It's a long vacation trip in a brand-new car. And it's a smart time to trade, what with your Chervomek deals on Chevrolet, Chevy II, Corvair and Corvette.

Summer's coming, getting go!

If this isn't a great time to get yourself a new Chevrolet, well, we just don't know when it is. Why, you'd almost have to be an automobile nut to let one time four convertibles get to you. Or one of Chevrolet's sedans, wagons, sport coupes and sport sedans. For that matter. And there are a lot of other buy-now reasons besides the summer. Like the car-free feeling you get on long vacation trips in a brand-new car. And it's a smart time to trade, what with your Chrysler deals on Chevrolet, Chevy II, Corvair and Corvette.
