Danes just hold on against Cortland

By Mike Hammond

April Gray

Both Pratt and Canfield injured

The Danes were dealt a double blow Saturday afternoon when they fell 27-20 to the University of Connecticut. Senior quarterback Sam Pratt and junior fullback Jim Canfield were both hurt in the game.

Pratt, who had 236 yards passing and two touchdowns the week before, went down with a hamstring pull on the first play of the game. Canfield, who had rushed for 77 yards and a touchdown, was injured on the third play of the game. Both players were taken off the field and did not return.

Starter quarterback Mike Morgan was named to replace Pratt and took over the team on its one chance. Morgan had two interceptions and was sacked four times. He also fumbled and was picked off by the UConn defense.

The Danes had their chances in the game, but were unable to capitalize on them. They were held to 170 yards of offense and had 12 first downs.

The game started well for the Danes, who led 10-0 after one quarter. Pratt threw a 17-yard touchdown pass to Mike King late in the first quarter to give the Danes a 7-0 lead. In the second quarter, Pratt added a 32-yard touchdown pass to Wayne Zdrojewski to extend the lead to 10-0.

However, the UConn defense held the Danes scoreless in the third quarter and began to take control. The Huskies scored on a 33-yard touchdown pass from Morgan to Alex Zastrow in the third quarter to cut the lead to 10-7.

In the fourth quarter, the Huskies scored two more touchdowns to put the game out of reach. Zastrow added a 20-yard touchdown pass to Kevin Fuss, and Morgan threw a 10-yard touchdown pass to Zastrow to make the final score 27-10.

Student Union Council over Union funding

By John Levasseur

Students win polling place next year

The Student Union was founded eight years ago and has been active ever since.

The Student Action Committee (SA) is a student activist group that has been fighting against student tax increases. The committee was founded in 1980 and has been working to reduce the student tax burden.

The SA's latest goal is to secure on-campus polling places for students to vote in the 1986 Student Union election. This will be the first time in years that students will have the opportunity to vote on campus.

The SA has been working hard to secure on-campus polling places and has made significant progress. The committee has been able to secure polling places at the University at Albany and at SUNY Albany.

The SA is hoping to secure polling places at the University at Buffalo and at SUNY Binghamton. This will be an important step in the SA's efforts to increase student participation in the election.

The SA's goal is to have on-campus polling places in place for the 1986 Student Union election. This will be an important step in the SA's efforts to increase student participation in the election.

Listen in

Columbus State will stream its first world music event, SUNYA III, with a meeting of its world music, Central American, and Latin American students on Saturday, Oct. 22. SUNYA student and international activist Benjamin Rabinovich will be the featured speaker. The event will be held in the SUNYA Student Center from 8 p.m. until midnight.

Campus briefs

Paris in the Spring

Travels abound in France. The Office of International Affairs offers great opportunities for students to spend a semester abroad. In the upcoming semester, students have the chance to study in Paris under the guidance of Professor Marie-Claude Meunier. The program offers students the opportunity to immerse themselves in the French culture and language, and to study at the renowned Sorbonne University.

Concerned conservatives

Concerned about the environment? The New York State Environmental Conservation Corps offers a great opportunity for nature lovers to get involved in conservation efforts. The corps consists of a group of volunteers who work on various environmental projects throughout the state. Participants can learn about environmental issues and make a positive impact on the environment.

Dow Jones hits new heights

The Dow Jones Industrial Average managed a slight gain that lifted the overall market. The index reached a new high of 2,582.71, marking the fourth consecutive day of gains. Industrial, transportation, and mining stocks posted a sharp gain, while several steel and photography stocks fell.

World capsules

Witness intimidation

Michel Rabinovich, a member of the liberal Jewish group Bay Area PeaceNOW, was shot while on a peace walk in Israel. The incident occurred near the West Bank city of Hebron, where Jewish settlers have set up a settlement called Gush Katif.

Gamelai seeks support

Ahmed Gamel, the leader of the Muslim Brotherhood, has been reaching out to political parties and influential figures to gain support for his candidacy in the upcoming presidential election. Gamalei has been at odds with the Egyptian government over political freedoms and human rights issues.

Campaign proves costly

The presidential campaign has been expensive for all candidates. According to the Federal Elections Commission, the candidates have spent over $1 billion, with much of the money going to advertising and campaign staff. The candidates are expected to spend another billion dollars before the election.

Reagan favors sanctions

President Reagan is in favor of economic sanctions against Soviet-occupied Afghanistan. He believes that sanctions are necessary to show a united front against the Soviet Union's aggression.

Reagan administration

The Reagan administration has been conducting a series of economic measures against the Soviet Union, including trade sanctions and diplomatic measures. The administration has been trying to isolate the Soviet Union from the international community.

U.A.W. to vote on strike

The United Auto Workers (UAW) are preparing to vote on a potential strike against General Motors. The union is in conflict with the company over wages, benefits, and working conditions.

JSC-Hillel splits over controversial rabbi

The JSC-Hillel student group has divided over the appointment of a new rabbi. The group is split between those who support the appointment and those who oppose it.

Greek Night

Greek Night, a popular event on campus, has been canceled due to budget constraints. The event was a major source of funding for Greek organizations and student groups.

European steel restricted

The European steel industry has been facing restrictions due to the steel crisis. Countries are imposing tariffs and quotas on imports to protect their domestic steel industry. The crisis has been exacerbated by the steel glut and the loss of markets in Europe.

JSC-Hillel board resigning against Sudam's acceptance

The JSC-Hillel board is resigning en masse against the appointment of Senda Sudam as their new rabbi. The board has expressed concerns over Sudam's views on Judaism and Israel.

Biased SATs no basis for minority admission

The SAT test is considered to be biased against minority students. A recent study by the College Board showed that minority students scored lower on the SAT than white students, even when controlling for socioeconomic status.

By Ken Karp

JSC-Hillel's vote on the issue was 6 to 1 in favor of Sudam's appointment. The board has expressed concerns over Sudam's views on Judaism and Israel. The board has called for a new selection process that is fair to all students.

The University has narrowed the pool of applica­
tions for a student search-committee member of the Vice President for Student Affairs Louis P. Welch. Volkwcin said the new student search-committee member will be notified this week. In addition, he said the search will be completed by November 1.

Last year a pool of 120 applicants was narrowed to 16 but since the funds did not come through for the position, the University had to make the announcement in order to find a worthy candidate.

Because the director of the Vice-President for Student Affairs is the President's chief assistant, counseling, health services, admissions, and management are carried out in the office.

In the past and because "Welch is really pick­ing," said Falconer, the search was abandoned when the funds did not come through.

Although there are not any interns using the equipment at the ASRC, said Falconer, there is a small number of courses, which require and will require internships. The search is to facilitate the types of weather conditions, in the past, in the last 10 years of the 1950s, and in the 1960s.

Search resumes for new Student Affairs V.P.

A real American

Robert Martiniano

"We are Americans, and we have the right to possess guns. Practically everyone has possessed guns at one time or another. Americans are not monolithic, but have the right to possess guns. We have the right to possess guns for self-defense, for hunting, for sport, and for other purposes."

We are Americans, and we have the right to possess guns. Practically everyone has possessed guns at one time or another. Americans are not monolithic, but have the right to possess guns. We have the right to possess guns for self-defense, for hunting, for sport, and for other purposes."

If these liberals are right, then we should not be allowed to possess guns. If they are correct, then we should not be allowed to possess guns. We should have the right to possess guns for self-defense, for hunting, for sport, and for other purposes."
Editor’s Aspect

Yesterday we woke up and there was no coffee and no eggs. No breakfast and no coffee and no eggs. So we went to get up pulling down our covers and look into the snow and went back to our nests onto the ground beside her.

Life is an incredibly frightening void, she is aware of its protean images, terrifying noises, phrasings, tightnesses. Children are her constant companions. She lives in a concrete utopia, shaking, forcing herself to understand, pretending pretending, thinking, being something. There is no way out. She is force in her existence. She doesn’t want to leave. Pain acknowledges her. 'Being', suffering allow her to live without feeling guilty for staying alive.

Running down the street so fast down the slopes so fast feeling the wind under her feet as she flies, it is beautiful, it is joyous, it is living. The world has been transformed into a beautiful, pink day. She giggles to herself in glee, she is in love, in love and is loved in sheer delight. Poetry fills her soul, art is captured everywhere she sees, she finds, she owns, breathing in the fresh purple day, all pain is forgotten and filled with pleasure. There is nothing less. She is one person, and her world, like so many others, seems to be a constant battle between pleasure and pain. We internalize ourselves to feel happy, and punish ourselves when we don’t. And so it is, and so it will be.

Word On A Wing

There are always hidden silences waiting behind the chair. They come out when the coast is clear. They eat everything they move. I get shaky at the knees. Lights go out, stars come down like a swarm of bees.

WHO KNOWS WHAT LACKS IN THE MINDS OF MEN...
The Throes: New York Before The War

New York, as a center of trade and finance, has always been a city of contrasts. The streets were vibrant with activity, yet the atmosphere was often tense and aggressive. In the early 20th century, the city was on the brink of change, with the threat of war looming on the horizon.

Bob O'Brien

With hands on heart, we pledge our allegiance and then sit down in one of the most sterile environments conceivable, never to hear about Einstein and magic or Lewis Carroll as he should have been taught.

Sugar And Stress

The world is a fragile place, the rights of all people are at stake. Millennium Journal is the place to be for those who want to make a difference. Sugar and Stress.

Hubert-Kenneth Dickey

You are in a public library, but I must rush to the kitchen and sit down. I need to make sugar and stress.

An Outside View

The world is a fragile place, the rights of all people are at stake. Millennium Journal is the place to be for those who want to make a difference.

Jonathan Miles

This is a public library, but the world is a fragile place. The rights of all people are at stake. Millennium Journal is the place to be for those who want to make a difference.
Unorganized Klein

To the Editor

I would like to address the issue of opening our minds to all forms of creative expression and to consider the idea of an open mind as being the key to unlocking the true potential of our society. By examining the various forms of artistic expression, we can better understand the diverse perspectives that shape our world.

Legal inequalities

To the Editor

Legal inequalities are a persistent issue in our society, with discrimination and prejudice affecting individuals of all walks of life. It is important to acknowledge the struggles faced by marginalized communities and work towards creating a more equitable society.

Unorganized Klein

To the Editor

I would like to bring attention to the issue of unorganized Klein and its impact on our community. By promoting organized activities, we can better foster a sense of community and encourage participation in meaningful events.

Kudos to Five-Quadrant

To the Editor

I would like to recognize the hard work and dedication of the Five-Quadrant volunteers, who have consistently gone above and beyond to support our community. Their selflessness and commitment to making a positive difference is truly inspiring.

Sales struggles

To the Editor

I am concerned about the current state of sales, and I believe that it is crucial to address the underlying issues that are causing these struggles. By working together to find solutions, we can overcome these challenges and achieve greater success.

Kahane speaks out

To the Editor

I am glad to see that the new newspaper captures the essence of the community. It is a strong reflection of what makes our community unique and allows for a rich variety of voices to be heard.

Unorganized Klein

To the Editor

I would like to reiterate the importance of organizing our events and activities. By doing so, we can better engage our community and ensure that everyone has a voice in shaping our future.

Kudos to Five-Quadrant

To the Editor

I would like to express my gratitude to the Five-Quadrant volunteers, who have made such a significant impact on our community. Their tireless efforts are truly commendable.

Sales struggles

To the Editor

I am committed to finding solutions to the current sales struggles. By working together and leveraging our collective strengths, we can overcome these challenges and achieve greater success.

Kahane speaks out

To the Editor

I am grateful to the new newspaper for capturing the essence of our community. It is a testament to the richness and diversity of our society, and I am confident that it will continue to grow and evolve over time.

Unorganized Klein

To the Editor

I would like to emphasize the importance of organizing our events and activities. By doing so, we can better engage our community and ensure that everyone's voice is heard.

Kudos to Five-Quadrant

To the Editor

I would like to extend my gratitude to the Five-Quadrant volunteers, who have made such a significant contribution to our community. Their dedication and commitment are truly inspiring.

Sales struggles

Settlement closer in NFL strike

By Jim Bruce

By Ira Rosenfeld

By Timothy Harper

Norwich, Conn.

There is progress in negotiations and the end of the National Football League strike is in sight, a source close to the talks told The Associated Press Monday.

"We are working toward a settlement," said the source, who asked not to be identified. "We have been making progress in the last few days."

The source said that the NFL and the players' union have been meeting daily and that they are working on a new contract that would last through the 1983 season.

Meanwhile, the NFL announced that it will resume talks with the union on Tuesday, a day after the union rejected an offer from the NFL that included a five-year contract.

The NFL also announced that it will continue to pay players on the sidelines who are not active during the strike.

"We are committed to settling this dispute," said NFL commissioner Paul Tagliabue. "We believe that a settlement is in the best interests of all parties."

Porter MVP as Cards win Series

By Marc Schwartz

The 1973 St. Louis Cardinals were the first National League team to be crowned champions since the creation of the World Series in 1903. The Cards were led by two outstanding players in Ozzie Smith and Steve Braun. Smith was the team's star shortstop and Braun was the team's starting pitcher.

The Cardinals won the National League Division Series in 1973 by defeating the Chicago Cubs in four games. In Game 7, it boiled down to Andujar versus Peez. Andujar left the game, having given up only three hits, my teammates that tonight, nothing was going to beat me. I told Thomas to end the game. That gave Sutter two saves in the Series history.

In the American League playoffs, the Baltimore Orioles won the Series in seven games. The Orioles were led by two outstanding players in Mike Naimo and John Isselhard. The Orioles won the Series in Game 7, 3-2, on a sacrifice fly to deep, straightaway center field, scoring Willie McGee from third and Ozzie Smith from second.

The St. Louis Cardinals are champions, and that's the end of the AL. The Cardinals are a team that has never lost a World Series. They are the best team in baseball, and they have earned their place in the history books.
Danes need new formula for Norwich battle

Eighth renewal of rivalry

By Marc Haspel

When the alarm rings at 5:20 a.m. Saturday for 140 Albany State football players, they hear Head Coach Bob Ford soars to the top of the hill and yells, "Go out there and beat Norwich!"

The Cadets face their third opponent in three weeks when they take on Norwich College in a Division III football game Saturday at 1 p.m. at the Danes' home field at Washington Avenue and Academia Street.

"It has been one of the greatest rivalries we've ever had. Every time we've played it's been a dog-fight from start to finish," said Head Coach Ford.

The Danes, who are 0-3 but have shown improvement in recent games, face a daunting opponent in Norwich College, who are 3-0 and ranked fourth in the nation.

"It's going to be tough," said Ford. "We're looking forward to the challenge."

The Danes have lost two of their three games this season, but Ford is confident the team can pull off the upset.

"We have a lot of confidence in our team," said Ford. "They're playing better each week."
